

ViuTracker G3

Product Features

- Real-time and high accuracy auto-tracking
- Compatibility with a wide variation of flight controllers
- Reliable and stable control performance

Product Parameters

Parameter	Indicator
Yaw stability enhancement accuracy	$\pm 0.2^{\circ}$
Pitch stability enhancement accuracy	$\pm 0.2^{\circ}$
Yaw rotation range	Unlimited
Pitch rotation range	$-5^{\circ}\sim 90^{\circ}$
Maximum horizontal turning rate	$\leq 60^{\circ}/s$
Maximum vertical turning rate	$\leq 18^{\circ}/s$
Weight	15kg
Maximum torque	3500N · cm
Input voltage	DC 24V $\pm$ 10%/10A
Average power consumption	$\leq 50W$
Working temperature	$-25^{\circ}C\sim 60^{\circ}C$
Protection rating	IP66
Working humidity	20%~70%
Interface	ETH, Serial, S.BUS
Supported protocol	MavLink
