

We believe that everyone impacted by cancer deserves a community space that values their narratives and experiences.

**Community**

We believe all students, regardless of their background or circumstances, should have access to equitable educational opportunities.

**Education**

ALLIANCE**

#DegrassOfSupport

We believe all individuals affected by cancer are able to overcome obstacles and achieve their academic dreams.

**Empowerment**

We believe through diversity, inclusivity, and community, we can provide a safe and supportive community for students to navigate their cancer AND college journeys.

**Support**

We believe all individuals affected by cancer should have resources that promote quality healthcare and treatment.

**Healthcare**

CancerCollegeAlliance is dedicated to supporting young adults in pursuing their higher education degrees while overcoming the challenges of cancer treatment by raising awareness and providing community, resources, and support.

Cancer is not a barrier to your Education
