The Battle for Fayette Starts Today

Fayette County is no longer safely conservative.

It is a battleground county — in a swing state — where elections are decided by razor-thin margins and where the future of Georgia — and the nation — can be determined.

If we lose ground here, we don't just lose local races. We risk losing our voice in Congress, our courts, our schools, and our community.

2026 is not just another election.

It is a defining moment.

What's at Stake in 2026

Your support fuels the fight to:

- Flip a U.S. Senate seat and defeat Jon Ossoff
- Protect our Republican majority in Congress
- Win key congressional races in GA-3 and GA-6
- Defend Fayette County leadership in critical local races

Every one of these races will be competitive.

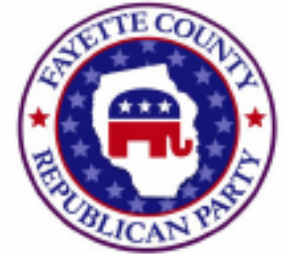

Every one will require organization, turnout, and resources.

Every one needs your support.

And the results will be determined by what we do right now.

Why We Exist Why It Matters, Why We Fight

The Fayette County Republican Party exists to protect and advance the conservative principles that have made our community a wonderful place to live, work, raise a family, and retire. We believe that strong families, safe neighborhoods, responsible government, economic opportunity, and individual freedom are worth preserving and defending.

Today, those values face growing challenges. Fayette County sits at the center of one of the nation's most competitive political battlegrounds. The outcome of elections here affects not only our local government but also the future direction of Georgia and our nation. The stakes have never been higher.

Fortunately, Fayette County is blessed with a strong Republican organization uniquely positioned to meet this challenge. We are a year-round, volunteer-powered grassroots force with an established headquarters, experienced leadership, dedicated volunteers, and deep roots throughout our community.

We do not wait until election season to act. We work every day to recruit candidates, train volunteers, engage voters, protect election integrity, and build the foundation for Republican victories.

The Fayette County Republican Party is one of the few county organizations with a **dedicated office & event center** — a hub for:
