

# Tomorrow's America

Today is the first day of the rest of your life. What you do today impacts and shapes your tomorrow. Are you a silent observer? Or are you a participant? In life there are people who watch things happen and vice versa, there are people who make things happen. What are you doing to help “Make America Great Again”? Know this; “the harvest is plentiful, but the laborers are few”. Today is the day that you are being called upon to take an active role in defending, protecting and preserving our constitutional freedoms.

President John F. Kennedy said, “ask not what your country can do for you, ask what you can do for your country”. I say to you today that there is much that you can do starting right now. President Donald J. Trump’s goal is to “Make America Great Again”. You can help. This is how:

- Be an informed citizen by arming yourself with truth and facts.
- Get involved by connecting and participating with like-minded American Patriots.

Over the course of the first year of his term President Trump has met and/or exceeded his objectives. No President before him has accomplished so much in such a short time. Here is a list of a few of his accomplishments:

1. In his first week: protected the unborn
2. Started re-negotiations on Fair Trade
3. Reversed job-stifling regulations
4. Promoted/expanded U.S. Energy dominance
5. Supported veterans by implementing new programs and demanding more accountability
6. Protected communities by cracking down on criminals
7. Increased funding for law enforcement across the country
8. Promoted peace through strength around the globe
9. Provided unprecedented increases in Homeland and boarder security
10. Defeated ISIS and reduced the threat of terrorism home and abroad
11. Initiated efforts to combat the opioid crisis
12. Renewed confidence in the U.S. economy by successfully passing Tax Reform

I invite you today to join us in our efforts to keep our country strong and free.

**TOMORROW’S AMERICA NEEDS YOU TODAY!!!!**
