

## **DEMS POLITICAL HYPOCRISY**

The Democrats and their progressive/socialist cohorts in the media i.e., MSNBC, CNN, NEW YORK TIMES, WASHINGTON POST, and other media outlets, who are enemies of President Trump, are using this crisis to push their political agenda.

Every hour of every day they execute their preplanned negative reporting on the Trump administration/federal government efforts to combat COVID-19. I am certain, beyond any doubt, that if there was a Democrat president in the White House they would be bending over backwards to support that administration and would be accentuating and applauding every decision and approach taken despite whether good, bad, or totally ineffective.

**"You never want a serious crisis to go to waste."**

I find it totally disgraceful that the Democrats and their attack dogs in the media cannot lay down their arms and cease the political assaults against President Trump and Republicans while Americans and people around the world are dying in record numbers. Rahm Emanuel said to his fellow Democrats that they should never let a serious crisis go to waste. More recently, James Clyburn said, "This is our opportunity to push our vision." These comments are despicable but not one media outlet called them out on it.

### **Pelosi stalled the relief bill**

In an effort to push the Democrats' agenda, "THE GREEN NEW DEAL," along with other Democrat political minutia, Nancy Pelosi tried to pack the Relief Bill with requests for appropriations that have absolutely NOTHING to do with COVID-19!! The Speaker of the House is behaving like a "looter" while the cities across this nation are in a state of unrest. Her explanation: "We are helping workers." SHAMEFUL! Come Phase IV of a relief bill she is poised like a vulture to devour our tax dollars to spend wildly like an addicted casino gambler.

Lastly, as you know, the Democrats voted against the relief bill twice because they wanted to fight for the political high ground so they could get the credit for the bill. What the Democrats did symbolically was this: set fire to a building full of people and then (in the presence of their media) returned to put the fire out so they can appear to be the heroes.

Let's be clear, the Democrats and the left-wing media want this president to fail. They have fought the president before he was even sworn in. Not that it will happen, but if Biden were to be elected president (hopefully not as Biden is cognitively challenged and mentally unfit to be President and keeper of the NUCLEAR CODES), the media in this country will do a complete 180 and will find no fault with Biden or his policies. They would become his personal cheerleading squad, adorned in their outfits with donkey emblems on their backs and the letters "DNC" on their chests. Democrats (like the Chinese Communists) left us vulnerable to this virus because the Democrats were too busy promoting their "IMPEACHMENT SHOW" rather than focusing on this threat, which we all knew existed in China...it was widely known.

Nancy Pelosi and the Dems want to blame President Trump for the spread of the virus. Well, Trump immediately banned travelers from China to protect America and what did the Democrats do? They called him a "RACIST".

### **Keep America Great**

**My fellow Patriots, it's time to put a stop to this madness.** We have to elect Republicans/conservatives. We must take back the U.S. House and hold the U.S. Senate. Most importantly, WE MUST RE-ELECT PRESIDENT DONALD J. TRUMP if we want any hope at all of keeping America great, strong, prosperous, and any hope of defending, protecting and maintaining this Constitutional Republic: THE UNITED STATES OF AMERICA!

GOD BLESS OUR PRESIDENT AND THE U.S.A.!!
