

Democrats in the US House and Senate along with their cohorts in the mainstream media have been obstructing President Trump's "America First" agenda for over three years. They have relentlessly been trying to remove him from office since the day he was sworn in. Despite their endless attacks and false accusations, President Trump has been delivering on every promise and has countless accomplishments to his credit.

Let us take a brief look at what the Democrats have accomplished for the American people over the last three years. The following is a comprehensive list of their accomplishments:

NOTHING

Here is a short list of what you, the American people will be subjected to if the Democrats win the White House and both Houses of Congress in November 2020:

- A socialist style of governance
- Massive tax increases (on personal and corporate earnings)
- Confiscation of guns
- Infanticide and late term abortions
- Open Borders
- Significant increase in crime
- Reduction in our National Defense capabilities
- Confiscation of personal property (real estate)
- Closing of farms and coal mines
- Government take-over of banking / financial institutions
- "The Green New Deal" aka a draconian redistribution of wealth

This is even more reason that every American citizen (regardless of political ideology) must reject and defeat the far-left zealots' unrelenting quest to destroy our Constitutional Republic. To do so, you must join the fight NOW!

We, the Fayette County Republican Party are working overtime to protect the rights and freedoms of all Americans. Help us in this fight by becoming a member of the FCRP.
