

RECONNECTING YOU WITH NATURE

SHERA TWO TONE SERIES

Our innate bond with nature goes beyond mere aesthetics; it entails a symphony of natural colors, textures, and shapes that blend interiors with exteriors. Rooted in the philosophy of biophilic design, our mission is to infuse the very essence of nature into our creations, reigniting the passion for life within each individual.

SHERA TWO TONE SERIES

A GROUNDBREAKING TRIBUTE TO NATURE'S SPLENDOR

Inspired by biophilic design principles, the remarkable **SHERA Two-Tone Series** is more than a synthetic wood. It represents a bold endeavor to encapsulate the essence of life and earth in a sustainable material that emulates the beauty of natural wood. Prioritizing hues that mirror the warmth of authentic timber and patterns that echo its allure, each panel showcases intricate textures and distinctive patterns, ensuring enduring quality.

Beyond its function as a building material, the Two-Tone Series embodies sustainability at its core, aligning with **SHERA's** unwavering commitment to its '**Green Soul**' principles. Crafted from low-carbon fiber composite wood, this collection encompasses a range of home design elements, from wall planks to floor planks and fences, enabling individuals to seamlessly integrate their lives with the natural world. The Two-Tone Series lets you furnish your home sustainably, down to the smallest detail, all under one eco-conscious collection.

SHERA GREEN SOUL

SHERA is an organization that develops products with a true green spirit. It aims to protect and preserve the environment for sustainable existence, emphasizing minimal harm to nature. **SHERA** adheres to green operating principles as follows:

GREEN POLICY

To keep the world clean, **SHERA** focuses on preserving nature and the environment by implementing strategies and real actions, aiming to pass on a thriving environment to the future.

GREEN TECHNOLOGY

All processes are designed to maximize nature preservation, ensuring that **SHERA**'s products are environmentally friendly from start to finish. **SHERA** incorporates various technologies to optimize resource use, maintain environmental health, and minimize pollution, such as using solar energy in production.

GREEN PRODUCT

SHERA is dedicated to developing products that improve residents' lives while causing the least harm to nature. The products are designed for longevity and are made using alternative energy, making them a genuine choice for those concerned about the environment. Moreover, **SHERA** was the first to eliminate asbestos in its fiber cement board products, also offering alternative wood materials.

GREEN LIVING

To enhance human life while coexisting non-invasively with nature, **SHERA** expands its product range to improve residents' quality of life, fostering environmentally friendly living and emphasizing the inherent green spirit in everyone for a balanced, happy, and sustainable existence.
