

Insurance and Payment Options

Before proceeding with treatment, we will provide a written estimate of fees and submit a preauthorization to your insurance provider on your behalf.

Remember that many procedures are not fully covered or eligible for coverage.

Please provide your insurance card on your first visit and we will facilitate your reimbursement from your insurance provider.

Peak Prosthodontics prefers payment in full at the time of delivery of services.

We'll be happy to work with you to arrange payment for your patient portion.

Payment options include:

Visa/Mastercard/Amex

Debit card

Personal cheque

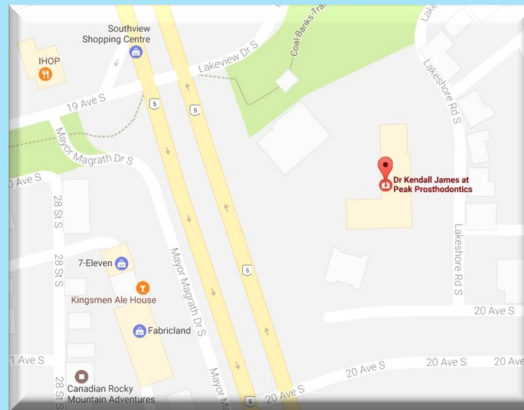

In office payment plan / Financing

We want you to feel comfortable and confident in all aspects of our practice. If you have questions about procedures, fees, insurance, payments or financing, please don't hesitate to ask

We Value Your Referrals

If you're joining us as the result of a referral, we'd like to thank you for putting your trust in us. We look forward to caring for you and your dental needs. After you have a chance to get to know us, we hope you will tell your friends and family about our office.

We are on the east side of Mayor Magrath Drive South on the second floor of the Magrath Centre.

You can exit east at 19th Ave S and enter our parking lot at your first right, or take the first right after crossing 20th Ave S going north.

The building entrance is through the red lamp posts in front of the building.

YOU ARE PART OF OUR FAMILY

Thank you for giving us the opportunity to provide you with complete, comfortable and professional specialized care.

We are committed to offering you:

- A comfortable, low-stress environment
- Friendly, knowledgeable office staff
- The most up-to-date equipment and procedures
- On-time appointments
- Open, honest communication

Your Health Depends on a Healthy Mouth

Ongoing research proves there are many connections between a healthy mouth and your overall health. In fact, it's proven that people who keep all of their teeth live an average of 10 years longer!

Prosthodontists and periodontists are dental specialists. Their advanced training allows them to provide services such as:

- Tooth/teeth replacement with dental implants
- Denture stabilization
- All-on-4 full arch replacements
- Complex full mouth rehabilitations
- Root scaling and gingival grafting

You have been encouraged to meet with a specialist and we are looking forward to your visit!

Advanced Treatment for Comfortable Care

We are proud to offer the most current innovations in dental technology. Today's diagnostic procedures are more thorough and accurate than ever before, while treatments are often faster, less invasive and much more comfortable than what you may be used to. There's no longer any reason for treatment to be painful, or for the results to be anything less than what you imagine.

We also have **IV sedation available** for all procedures. Relax and unwind while your treatment is being completed.
