Company Overview

Biron Robertson, a certified Service-Disabled Veteran-Owned Small Business (SDVOSB) exists to provide medical equipment and staffing so that medical organizations can focus on outstanding patient care. Our unique differentiator is our ability to solve complex challenges spanning multiple domain areas. Our backgrounds span equipment procurement and lab and medical staffing services, allowing us to handle challenging problems that are typically beyond a Small Business of our size.

Biron Robertson was founded by two Service-Disabled Veterans who have had successful careers in the private sector and who want to enable others to receive the outstanding medical care that they have received.

Manager Profiles

Michael Biron / Managing Partner
