WHAT IS RUG CURATION?

Rug curation focuses on crafting original designs that align with design direction, budget, and quality standards. The Rug Curator streamlines rug sourcing for Designers, while increasing profit and establishing a distinctive luxury brand. The rug curation process includes:

- Understanding the project's functional needs
- Defining aesthetic goals
- Selecting the appropriate construction and materials
- Customizing color, pattern, and texture
- Managing production and installation

FOCUSED PROJECT MANAGEMENT

The Rug Curator provides full-service curation and custom options—guiding interior designers from concept to installation with proprietary tools, premium samples, global workrooms, and a deeply tailored approach.
