Non-Partisan Information on the Election

The Pros & Cons Guide has been prepared by volunteers with the League of Women Voters of San Francisco, a non-partisan political organization. We offer education to help citizens participate in the democratic process and we engage in advocacy to influence public policy that benefits the community. Through their League involvement, our members become more informed and active participants in local, state, and national government.

LWVSF volunteers helped to put together the November 2018 Pros & Cons Guide.
