ABOUT THE HILLTOP HOWLERS

The Howlers are a charitable organization working towards helping the Hilltop and the Homeless. Their mission is the promotion of art, music, and small business in Montgomery Alabama, primarily the Hilltop and surrounding areas. It aspires to bringing a punk style DIY aesthetic to it's community building and promotion.

It embraces diversity, and recognizes that we are only as strong as the least of us. To that end it's secondary mission is to work to help the homeless in Montgomery. In support of their mission, they release a monthly one sheet zine, called The Monthly Howler, to promote local events and spotlight various businesses, artists, and bands. They also release various one sheet 'guidebooks' to Montgomery. They also work to gather items needed by the area's homeless population.
