

## Notes

While we know Bro. Troy is celebrating in heaven and we'll join him one day, it's still a time of grieving for those of us who are left. Continue to remember our Church family in prayer as we strive to continue the ministries and activities that Bro. Troy had planned for our Church and community. Remember the Deacons as they minister to the Church and begin the process of finding a pastor to help us during the interim. And remember most of all, his precious family.

Bro. Troy had a heart for the winning of the lost to Christ, was a good friend to those that knew him, and was a true man of God who loved the Lord and loved his family.

He is missed.

*"Jesus, I pray that you remind us that in all of life's changes, we can depend on You. Help us to trust in Your unchanging nature and to find peace in Your presence. Use me to embody steadiness and faithfulness, offering a source of stability & reassurance to those around me. Let my life be a reflection of Your faithfulness, inspiring others to place their trust in You. May my words and deeds be a testament to the unchanging nature of Your love, guiding others to find security and hope in a relationship with You."*
