

# Mascot Care Instructions

## Fiberglass Head

After each use, clean the inside of the head using a mild detergent and water solution or a disinfectant wipe. For the outside, spot clean with mild detergent and gently dry with a clean cloth. Allow the head to air out completely before storing.

## BodySuits & Gloves

Wash in cold water on a gentle cycle or spot clean any dirty areas using a mild detergent and water. Allow to air dry.

## Clothing

Machine wash in cold water; air dry.

## Hats

Spot clean the outside with a mild detergent. Dry with a clean white cloth.

## Fur Feet

Take off the slippers and machine wash them in cold water; let them air dry. Wash the outer covering separately in cold water and allow it to air dry as well. Use disinfectant spray inside the feet as needed.

## Tennis Shoes

Take off the slippers and machine wash them in cold water, then air dry. Use a mild detergent and water to spot clean the exterior, and let it air dry. Wipe vinyl areas with the same mild detergent and a clean cloth. Disinfect the interior with spray as needed.

## Repair Services

If the job feels overwhelming, take a look at our refurbishment services — we're always happy to help!
