

BRIDGE BUILDER

"Bridging the gap between Kirksville Housing Authority and Community Landlords."

LET'S TALK ADVOCACY

The National Association of Housing and Redevelopment Officials (NAHRO) is a national membership organization, and Kirksville Housing Authority is a proud member of all chapters on national, regional, and state-levels. NAHRO membership provides many resources, including a network of fellow "housers," training opportunities, legislative updates, and advocacy efforts in relation to the affordable housing industry. Though the organization is membership-based, many resources on NAHRO's website are available to the public.

One such resource is NAHRO's Advocacy "Action Alert Center." Here you'll find current advocacy efforts needing support from not only Public Housing Agencies (PHAs), but also the general public. We ask that each of our community partners, landlords and otherwise, join us in advocating for the PHAs, communities, and residents that NAHRO helps represent on a legislative-level.

As we are all aware, the United States federal government has been shut down since October 1, 2025, resulting in many federal employees and programs not being funded. The NAHRO Action Alert Center has a current campaign to urge Senators and Members of Congress to reopen the government.

According to Kirksville Housing Authority's 2024 Annual Report, our Housing Choice Voucher (HCV) program directly injected \$598,571.00 into the local economy in 2024 and served, on average, 163 low-income families (representing 290 family members) each month. These figures are in relation to the HCV program only and do not include public housing, property management, employee salaries, vendor contracts, etc. We serve members of our community and assist those in need. And, we need your help to fulfill our mission. Advocate today.
