

Justin Forsett – Technical & AV Rider

Stage / Platform

- Open platform or stage with front stairs, if possible
 - No lectern or podium required
 - Two standard chairs positioned within reach of the stage or just offstage
-

Audio

- One wireless lavalier mic for Justin's use plus one wireless handheld mic (to be on hand for audience participation)
 - Backup microphone available
 - Connected to house sound system or professional PA appropriate for room size
-

Video / Projection

Justin does NOT use a slide presentation.

Justin uses a video to intro his presentation.

- Large screen or LED display (minimum 10 ft wide)
- Professional projection system (venue-standard high-lumen projector or LED wall acceptable)
- HDMI connection from venue playback device

Intro video (must be downloaded in advance — no streaming):

AV Technician

- AV technician required onsite
 - 1 hour prior for mic check and sequencing review
 - 10 minutes prior to presentation
 - During presentation for audiences of 150+
-

Recording / Video

Justin may travel with his own videographer.

- Videographer will operate discreetly and non-obtrusively
- Guest badge may be requested (person may vary by city)
- Please advise in advance of any restrictions or concerns
