

Scott Tillema – AV/Tech Requirements

- Projector & Screen (or similar LED boards)
- No audio needed
- No video
- No internet
- I can bring a laptop or thumb drive, and my own clicker
- HDMI connection for laptop preferred over a wireless connection (allows for presenter mode)
- Lapel mic preferred over handheld.
- No simulcast to a virtual audience from my machine.
 - In cases where it's a blended in-person and virtual, they must use separate tech to send it out to the world, and only when approved in advance.
