President's Message, Kim Kinnear

Dear Members,

This year has flown by. I would like to thank some members who made huge contributions to the club this year. First of all, Al Schabel who has spent hours working on HVAC and Kitchen repairs. Without his time and energy we would be shelling out some huge amounts of money for these repairs. Denny Brudzinski who not only painted a ton of areas this past winter, but also with all the mowing, cutting trees and overall cleanup of the course. Peggi Miller who donated paint for the Women's locker room. Mark Gottron and Kurt Timmons for all their help with roof repairs. Scott & Jody Hanes, John & Cindy Connell and Andy & Emily Peterson for the pool repairs. Dan Polter for spraying Thistle in our waste areas. Bill Martinic, Mike Hartley and James Siedenbug for their hard work repairing maintenance equipment. Bill Baker and Gary LeMaitre for dump trucks and backhoes. I would also like to thank anyone who took care of any flower beds or landscape areas on the course or around the club. I appreciate everything everyone does!! THANKS!

The new members of the Board for 2018 are Dan Polter and Scott Hanes. I would like to thank those who ran as well, John Connell, Brad Kinnear and Al Schabel. We as a board will continue the hard work of making the club a success.

There are a lot of parties scheduled for the month of December and we are working hard to make sure we end the season strong. I ask that you be patient with us this month due to closing the club for these events.

With that said, if you still want to contribute to the FCC Staff Christmas Bonus Fund, please do so by December 10th. Monies can be given in cash, check or you can have it billed to your FCC account. Our Staff work very hard and deserve a lot of the praise for the success this year.

As I mentioned at the Annual Meeting, we will be working very hard next year to increase revenues by increasing the number of weddings, wedding receptions, banquets, business parties, business luncheons, reunions, ect...that the club host. We know that this has to be done for the future success of our club. It may mean some inconvenience for our members from time to time, but it will mean success for our club.

As I mentioned before, there will be new furniture in the Grille area next season. This is all being done with donations. Speaking of donations, The board will only spend donated money for whatever it is being donated for. For example, if you donate for an improvement in the Clubhouse, the money will only be spent on that area. If you donate with a specific idea, it will be discussed and approved by the Board. With that being said no more donated money will go to operating expenses unless that's what its donated for.

One last thing. I wish all FCC members a very Merry Christmas and a Happy New Year! Hopefully it will be another mild Winter and an early Spring!

UPCOMING EVENTS

DECEMBER

Sunday, 3rd
FCC Craft Show
9:00 AM - 2:00 PM

Thursday, 7th
Ladies Christmas
Coffee
10:00 AM

Sunday, 10th

Please Make Reservations by Thursday, December 7th

We thought for a long time this fall that the leaves were never going to fall. We have been trying our best to keep up with blowing and mulching. The oak trees are hanging on to their leaves as long as they can. As soon as we get the leaves cleaned up the wind thinks otherwise and knocks even more leaves onto the ground, making it look like we didn't do a thing. The irrigation system both on the course and around the clubhouse have been blown out. Half the cart fleet has been taken to the shop for winter storage prep. The remainder of the fleet will temporarily remain up at Golf Shop for those warmer days we may experience here and there. Greens will remain open for the winter. A preventative chemical application was placed on the greens. There have been some warm days that have shown some growth but we cannot mow anymore for two reasons. First reason is the chemical application would be wasted if we mowed it off and we do not have any more chemicals to make another application. The second reason is to help with winter stress it's good to let the grass grow a little longer than normal greens height. All in all it was a great year. We hope you were able to get out and enjoy every bit of it.

Happy Holidays,
Matthew R. Young, GCSAA

The Club will close for our annual winter shut down after Sunday, December 31st, 2017 Brunch and will reopen for one day on Wednesday, February 14, 2018 for Valentines Day Dinner and the be closed until March 2018 The office will be open on a limited basis, please call before you stop in. Merry Christmas and Happy New Year!!
