Conduct and Financial Responsibility of Members

1. Payment of Dues. The annual dues of all members shall be due and payable according to such a schedule as may be determined by the Board of Governors. The payment of dues by new members shall begin with the date of acceptance of their application by the Board of Governors and their admission as a member. During the first year of membership, the dues shall be prorated according to a schedule determined by the Board of Governors.

2. Indebtedness and Billing System.

(a) The dues of the members are established on an annual basis. However, for their convenience, the members shall be billed on a monthly basis for their indebtedness to the club. The monthly billing shall include the dues for the month of the billing and all charges incurred since the date of the last billing.

(b) Any portion of a monthly billing to a member which remains unpaid as of the next monthly billing date shall therefore incur until paid, and interest rate of 1.5% per month, for an 18% annual percentage rate (18% A.P.R.)

(c) The amount payable with respect to each monthly billing shall be the amount so designated on the next monthly statement. The payment each month from each member shall be due and payable the next monthly billing date. A payment that is unpaid as of the next monthly billing date shall be considered delinquent and a late charge of \$25.00 shall be imposed and added to the member's next statement. The late charge is in addition to the interest charge referred to in Subparagraph (b).

(d) If a payment is not paid when due and remains unpaid after a period of sixty (60) days from the date of the billing for which it is due, the name of the member and the amount due will be posted in the Clubhouse and the member will be immediately suspended from all club privileges. The member will also be notified by the Club by mail of that fact. If payment is not received within ten (10) days of the date of suspension, the matter will be reported to the Board of Governors for appropriate action, which action may include expulsion.

(e) In the event a member is expelled pursuant to Subparagraph (d) above, the member will be notified by the Club in writing of his or her expulsion. The notification will be sent by certified mail to the member's last known address. A decision by the Board of Governors to expel a member will not require a hearing before the Grievance Committee.

(f) The credit of each member with the Club shall be limited to a total balance at any time of One Thousand Dollars (\$1,000.00). The foregoing notwithstanding, this limit may be increased (i) for the purposes of charging initiation fees or other similar non-recurring charges; or (ii) upon the request of the member and the approval of the Board of Governors. The Board of Governors may, at any time and for good cause, suspend, limit, or otherwise restrict the credit of any member or its use.

Termination of membership

If you terminate your membership, you are liable for the dues and any other items that have been charged to your account up to the date of termination, regardless of when the termination occurs. There is an early termination fee if you are still in your initial contract. (A 30-day notice of termination is recommended). If you terminate prior to fulfilling your contract or the end of the calendar year, there will be a withdrawal fee.
