WHAT TO EXPECT

During your session, expect to have fun, hopefully laugh and be in love with your pictures. The studio has a very large dressing room so you can throw your clothes all over and make it your own space for the day.

There are two shooting area's at the studio, including a natural light studio and a couple great alleyways within walking distance. Your session can be all outside or just a little, whatever you prefer.

After the portraits are taken you will get a slideshow posted to our youtube channel, a couple bragging images for social media then we will meet at the studio and narrow it down to your favorite portraits. Don't worry, I've done this plenty of times and will make the selection + ordering process easy.

After we decorate your walls and get prints for the office, grandparents and family, seniors love to add on an album, a great way to display all of your favorite images. Our new snapshots are a unique way to hand out something different to your friends.
