Independent Auditor's Report

Board of Directors Belvedere Municipal Utility District Austin, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Belvedere Municipal Utility District (the District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of the District as of September 30, 2023, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management

and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Commission on Environmental Quality required supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Texas Commission on Environmental Quality required supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the property tax assessed value information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

West, Auris o Company Austin, Texas

December 31, 2023

Management Discussion and Analysis For the Year Ended September 30, 2023

In accordance with Governmental Accounting Standards Board Statement 34 ("GASB 34"), the management of Belvedere Municipal Utility District (the "District") offers the following discussion and analysis to provide an overview of the District's financial activities for the year ended September 30, 2023. Since this information is designed to focus on current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the District's financial statements that follow.

FINANCIAL HIGHLIGHTS

- **General Fund:** The unassigned fund balance at the end of the year was \$380 thousand, which was a decrease of \$82 thousand from the end of the previous year end. Revenue increased from \$224 thousand in the previous fiscal year to \$268 thousand in the current fiscal year primarily due to higher property tax valuation rates.
- **Debt Service Fund:** The fund balance restricted for debt service increased from \$236 thousand at the end of the previous fiscal year to \$237 thousand at the end of the current fiscal year which was consistent with designated debt service property tax collections necessary to cover principal and interest payments due on bonds payable. Tax revenue decreased from \$458 thousand to \$455 thousand over the previous fiscal year and debt service payments increased from the prior year. The District made bond principal payments of \$305 thousand and bond interest payments of \$161 thousand during the fiscal year.
- Governmental Activities: On a Government-wide basis for governmental activities, the District had revenues in excess of expenses of approximately \$126 thousand. Net position increased from \$500 thousand to \$626 thousand. This increase is primarily due to bond principal payments not being expensed on the full accrual basis of accounting used in the statement of activities presentation.

OVERVIEW OF THE DISTRICT

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District was created and organized for the purpose of constructing water and drainage facilities and providing water services to residential and commercial establishments within the District and solid waste collection services. The District is also authorized to provide recreational facilities. The District is located entirely within Travis County.

Management Discussion and Analysis For the Year Ended September 30, 2023

USING THIS ANNUAL REPORT

The District's reporting is comprised of five parts:

- Management's Discussion and Analysis (this section)
- Basic Financial Statements
 - Statement of Net Position and Reconciliation to Governmental Funds Balance Sheet
 - Statement of Activities and Reconciliation to Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds
- Notes to the Financial Statements
- Required Supplementary Information
- Texas Supplementary Information (required by the Texas Commission on Environmental Quality)

The Government-wide statements are reported using the flow of economic resources measurement focus and the full accrual basis of accounting. The Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

For purposes of GASB 34, the District is considered a special purpose government. This allows the District to present the newly required fund and government-wide statements in a single schedule. The requirement for fund financial statements that are prepared on the modified accrual basis of accounting is met with the "Governmental Funds Total" column. An adjustment column includes those entries needed to convert to the full accrual basis government-wide statements. Government-wide statements are comprised of the Statement of Net Position and the Statement of Activities.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Statement of Net Position and Governmental Funds Balance Sheet includes a column (titled "Governmental Funds Total") that represents a balance sheet prepared using the modified accrual basis of accounting. The adjustments column converts those balances to a balance sheet that more closely reflects a private-sector business. Over time, increases or decreases in the District's net assets will indicate financial health.

The Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances includes a column (titled "Governmental Funds Total") that derives the change in fund balances resulting from current year revenues, expenditures, and other financing sources or uses. These amounts are prepared using the modified accrual basis of accounting. The adjustments column converts those activities to full accrual, a basis that more closely represents the income statement of a private-sector business.

Management Discussion and Analysis For the Year Ended September 30, 2023

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the information presented in the *Statement of Net Position and Governmental Funds Balance Sheet* and the *Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances*.

The Required Supplementary Information presents a comparison statement between the District's adopted budget and its actual results.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Summary Statement of Net Position

Governmental Activities (in thousands) September September Increase 2023 2022 (Decrease) \$ \$ Current and Other Assets 657 760 \$ (103)Capital and Non-Current Assets 4,440 4,547 (107)5,097 **Total Assets** 5,307 (210)**Current Liabilities** 376 392 (16)Long-Term Liabilities 4,095 4,415 (320)**Total Liabilities** 4,471 4,807 (336)Net Investment in Capital Assets (200)200 Restricted 242 236 6 Unrestricted 384 464 (80)\$ **Total Net Position** \$ 626 **500** 126

The District's total assets were approximately \$5.1 million as of September 30, 2023. Of this amount, approximately \$647 thousand is accounted for by cash and short-term investments. The District had outstanding liabilities of approximately \$4.5 million. The District's unrestricted net assets, which can be used to finance day to day operations, totaled \$384 thousand.

Management Discussion and Analysis For the Year Ended September 30, 2023

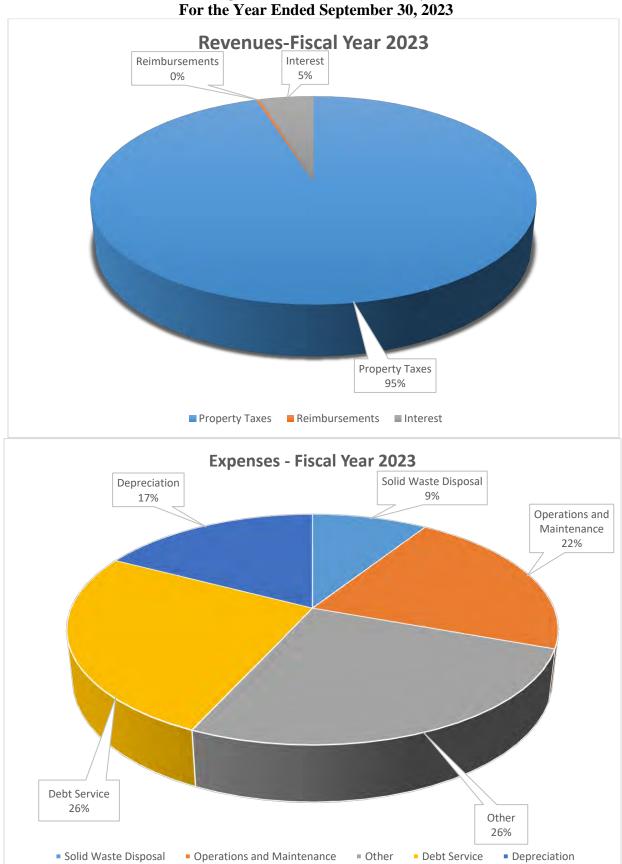

Summary Statement of Activities

Governmental Activities

	(in thousands)

Ending Net Assets	\$	626	\$	500	\$	126

Revenue was approximately \$744 thousand for the year ended September 30, 2023. Expenses and Other Financing Uses were approximately \$618 thousand for the year ended September 30, 2023. Net position increased about \$126 thousand primarily due to bond principal payments not being expensed on the full accrual basis of accounting used in the statement of activities presentation. The following charts summarize the sources of revenue and areas of expenses.

Management Discussion and Analysis For the Year Ended September 30, 2023

Management Discussion and Analysis For the Year Ended September 30, 2023

FINANCIAL ANALYSIS OF THE DISTRICT'S FUND LEVEL STATEMENTS

In comparison to the Government-wide statements, the Fund-level statements focus on the key funds of the District. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The District reports the following types of Governmental funds: General Fund, Debt Service Fund and Capital Projects Fund. The focus of the District's Governmental funds is to provide information on near-term inflows, outflows, and available resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year.

Summary Balance Sheet

Total Liabilities and Fund Balances	\$	657	\$	760	\$	(103)

Management Discussion and Analysis For the Year Ended September 30, 2023

The General Operating Fund, which pays for daily operating expenses, has an unassigned balance of \$380 thousand at the end of the current fiscal year. This is a decrease of \$82 thousand from the prior fiscal year.

The Debt Service Fund increased by \$1 thousand during the current fiscal year. This fund collected \$455 thousand in property taxes and remitted bond principal of \$305 thousand and bond interest of \$161 thousand during the year.

BUDGETARY HIGHLIGHTS

The Board of Directors adopted the fiscal year 2023 annual budget for the General Fund on September 20, 2022. The budget included revenues of \$250 thousand and expenditures of \$268 thousand. Actual revenue amounted to \$268 thousand and actual expenditures amounted to \$351 thousand. More detailed information about the District's budgetary comparison is presented in the Required Supplementary Information section.

CAPITAL ASSETS

The District has invested \$5.3 million in infrastructure. A summary of these assets is listed below:

Summary of Capital Assets

	Go	overnmenta (in thou				
	September September			Inc	rease	
	2()23	20	022	(Dec	rease)

Accumulated Depreciation		(898)		(791)		(107)
Total Capital Assets (Net)	\$	4,440	\$	4,547	\$	(107)

Management Discussion and Analysis For the Year Ended September 30, 2023

LONG TERM DEBT

The District has issued \$6.490 million in unlimited tax bonds and used the proceeds to acquire water, drainage and amenity facilities. Bonded indebtedness of the District at year end was \$4.42 million. More detailed information about the District's long-term debt is presented in the Notes to the Basic Financial Statements.

ECONOMIC FACTORS

The taxable assessed value of property within the District as of January 1, 2023 has been fixed by the Travis County Appraisal District at \$382 million. The tax rates adopted by the District on September 27, 2023 for the coming fiscal year are \$0.0775 for maintenance and operations and \$0.1275 for debt service. The District expects this to produce \$756 thousand in total property tax revenue for next year. The adopted budget for fiscal year 2024 projects a decrease of approximately \$11 thousand to the operating fund balance.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District in care of Lloyd Gosselink Rochelle and Townsend, PC, 816 Congress Avenue, Suite 1900, Austin, Texas 78701.

1. Summary of Significant Accounting Policies

The basic financial statements of Belvedere Municipal Utility District (the District) have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District is subject to the continuing supervisory jurisdiction of the TCEQ.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste collection and disposal services. The District is also empowered to establish, operate and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts, after approval by the TCEQ and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities.

The District is located approximately 23 miles west of downtown Austin on Hamilton Pool Road, just west of State Highway 71. The District lies wholly outside the extraterritorial jurisdiction of any city, town, or village of the State of Texas. Development of land within the District began in October 2005. The District has been developed for single family residential use. Hamilton Bee Cave, L.P. (Developer) has financed the design and construction of water and drainage facilities on land within the District. The District and Developer entered into an agreement whereby the District agreed to reimburse the Developer for its costs for the construction of facilities to the extent allowed by TCEQ. As of March 15, 2016, the District has reimbursed the Developer for all facilities constructed by the Developer and the Developer has transferred and conveyed the facilities to the District. On May 13, 2006, the District held a bond election whereby voters authorized the Board of Directors of the District to issue up to \$6,700,000 in unlimited tax bonds for water and drainage facilities and up to \$1,220,000 in unlimited tax bonds for recreational facilities.

1. Summary of Significant Accounting Policies (continued)

These financial statements report the financial activity of Belvedere Municipal Utility District. The reporting entity of the District encompasses those activities and functions over which the District's elected officials exercise significant oversight or control. The District is governed by a five member Board of Directors (the Board) that has been elected by District residents. The funds and account groups presented in this report are within the oversight responsibility of the Board, in accordance with Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting. There are no component units of the District, nor is the District a component unit of any other entity.

A. Basis of Presentation, Basis of Accounting

In accordance with GASB Statement No. 34, the District has elected to combine their Government-wide and Governmental Fund Financial Statements into one set of financial statements with a reconciliation of the individual line items in a separate column on the financial statements.

Government-wide Financial Statements:

The **Statement of Net Position** and the **Statement of Activities** include the financial activities of the overall government. Governmental activities are generally financed through property taxes.

The **Statement of Activities** presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements:

The governmental fund financial statement columns are labeled **Government Funds Balance Sheet** and **Governmental Funds Revenue**, **Expenditures and Changes in Fund Balance**. In the fund financial statements, the accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

1. Summary of Significant Accounting Policies (continued)

Debt Service Fund: The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, general long term debt principal and interest.

Capital Projects Fund: The Capital Projects Fund is used to account for the acquisition or construction of major capital facilities. Principal sources of revenue are municipal long-term debt proceeds and interest income.

B. Measurement Focus, Basis of Accounting

The Government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources management focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District does not consider revenues collected after its year end to be available in the current period. Revenues from local sources consist primarily of property taxes. Miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long term debt, which is recognized as an expenditure to the extent that it has matured. General capital asset acquisitions are reported as expenditures in major governmental funds. Proceeds of general long term debt are reported as other financing sources.

C. Fund Balances

The District has adopted GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

Those fund balance classifications are described below.

<u>Nonspendable</u> – Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

1. Summary of Significant Accounting Policies (continued)

<u>Restricted</u> – Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts that can only be used for specific purposes pursuant to approval by formal action by the Board.

<u>Assigned</u> – For the General Fund, amounts that are appropriated by the Board or Board designee, if any, that are to be used for specific purposes. For all other governmental funds, any remaining positive amounts not previously classified as nonspendable, restricted or committed.

<u>Unassigned</u> – Amounts that are available for any purpose; these amounts can be reported only in the District's General Fund.

Fund balance of the District may be committed for a specific purpose by formal action of the Board, the District's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through a resolution approved by the Board. The Board has not delegated the authority to assign fund balance.

D. Budget

The Board adopted an annual budget for the General Fund on the basis consistent with generally accepted accounting principles. The District's Board of Directors utilizes the budget as a management tool for planning and cost control purposes. All annual appropriations lapse at fiscal year end.

E. Pensions

The District has not established a pension plan.

F. Cash and Cash Equivalents

These include cash on deposit as well as investments with maturities of three months or less at the time of purchase.

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future periods and are recorded as prepaid assets in both the government-wide and fund financial statements. Prepaid assets are charged to expenditures when consumed.

1. Summary of Significant Accounting Policies (continued)

H. Capital Assets

Capital assets, which include Easements, Water Distribution System, Water Quality Ponds and Organizational Costs are reported in the Government-wide column in the Statement of Net Assets. Capital assets are defined by the District as assets with an initial, individual cost of at least \$1,000. Public domain ("infrastructure") capital assets including water, and drainage systems, are capitalized as acquired. Items purchased or acquired are reported at historical cost or estimated historical cost. Contributed fixed assets are recorded as capital assets at estimated fair value at the time received. Capital assets are depreciated using the straight line method over their estimated useful lives of 50 years.

I. Interfund Transactions

Transfers from one fund to another fund are reported as interfund receivable and payables if there is intent to repay that amount and if the debtor fund has the ability to repay the advance on a timely basis. Operating transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

J. Long-Term Debt

Unlimited tax bonds, which have been issued to acquire capital assets, are to be repaid from tax revenues of the District. In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statement, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

K. Deferred Outflows and Inflows of Resources

GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent the consumption of the District's net position that is applicable to a future reporting period, and deferred inflows of resources, which represent the District's acquisition of net position applicable to a future reporting period. GASB Statement No. 63 became effective for fiscal

1. Summary of Significant Accounting Policies (continued)

years beginning after December 15, 2011 and has been implemented in the financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. GASB Statement No. 65 is effective for fiscal years beginning after December 15, 2012 and has been implemented in these financial statements.

2. Cash and Investments

The investment policies of the District are governed by State statute and an adopted District Investment Policy that includes depository contract provisions and custodial contract provisions. Major provisions of the District's Investment Policy include: depositories must be FDIC-insured Texas banking institutions; depositories must fully insure or collateralize all demand and time deposits; securities collateralizing time deposits are held by independent third party trustees.

Cash – At year end, deposits were held by the District's depository bank in accounts that were secured at the balance sheet date by Federal Deposit Insurance Corporation (FDIC) coverage or by pledged collateral held by the District's agent bank in the District's name.

Investments - The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirement of the Act. Additionally, investment practices of the District were in accordance with local policies.

2. Cash and Investments (continued)

Investment

TexPool

The Act determines the types of investments which are allowable for the District. These include, with certain restriction, (1) obligations of the US Treasury, certain US Agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) banker's acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) commercial paper.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District's investments at year end are shown below.

N/A

Fair Value			
Level	Rating	Maturity	Fair Value

1 day average

\$566,457

Analysis of Specific Cash and Investment Risks – GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and, if so, the reporting of certain related disclosures.

AAAm

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

Custodial Credit Risk – Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterpart or the counterparty's trust department or agent but not in the District's name. At year end, the District was not exposed to custodial credit risk.

Concentration of Credit Risk – This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

2. Cash and Investments (continued)

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

Foreign Currency Risk – This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

Investment Accounting Policy – The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools – Public funds investment pools in Texas ("Pools") are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the "Act"), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the Pool and other person who do not have a business relationship with the Pool and are qualified to advise the Pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least on nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio with one half of one percent of the value of its shares.

The District's investments in Pools are reported at an amount determined by the fair value per share of the Pool's underling portfolio, unless the Pool is 2a7-like, in which case they are reported at share value. A 2a7-like Pool is one which is not registered with the Securities and Exchange Commission ("SEC") as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940.

2. Cash and Investments (continued)

TexPool – The District invests in the Texas Local Government Investment Pool (TexPool), which is a local government investment pool that was established in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and operates under the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. The State Comptroller of Public Accounts oversees TexPool. Federated Investors, Inc. is the administrator and investment manager of TexPool under a contract with the State Comptroller. In accordance with the Public Funds Investment Act, the State Comptroller has appointed the TexPool Investment Advisory Board to advise with respect to TexPool. The board is composed equally of participants in TexPool Portfolios and other persons who do not have a business relationship with TexPool Portfolios and are qualified to advise in respect to TexPool Portfolios. The Advisory Board members review the investment policy and management fee structure. TexPool is rated AAAm by Standard & Poor's and operates in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. All investments are stated at amortized cost, which usually approximates the market value of the securities. The stated objective of TexPool is to maintain a stable average \$1.00 per unit net asset value; however, the \$1.00 net asset value is not guaranteed or insured. The financial statements can be obtained from the Texas Trust Safekeeping Trust Company website at www.ttstc.org.

3. Property Taxes

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll on January 1, 2022, upon which the levy for the 2022-23 fiscal year was based, was \$321,371,942. Taxes are delinquent if not paid by June 30. Delinquent taxes are subject to both penalty and interest charges plus delinquent collection fees for attorney costs.

The tax rates assessed for the year ended September 30, 2023, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$0.0775 and \$0.1450 per \$100 valuation, respectively, for a total of \$0.2225 per \$100 valuation.

Current tax collections for the year ended September 30, 2023 were 98.93% of the year end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of September 30, 2023, property taxes receivable, totaled \$2,618 and \$4,899 for the General and Debt Service Funds, respectively.

4. Capital Assets

In February, 2010, October, 2011, and March, 2016, the District acquired \$4,009,347 of Water Distribution Facilities and Drainage Facilities serving the District's residents. Under an Amended and Restated Water Facilities Lease and Services Agreement between the District and the West Travis County Public Utility Agency (the PUA), all of the District's internal Water Distribution Facilities are leased to the PUA in exchange for the PUA's agreement to provide retail water service to the District's residents. The PUA is responsible for their operation and maintenance.

During previous years, the District acquired an amenity center that serves the District's residents. During the current fiscal year, the District had no capitalized additions.

These facilities are being depreciated over 50 years using the straight-line method. Depreciation and amortization in the amount of \$106,764 has been charged to system operations for the year for these assets. A summary of changes in capital assets follows:

	Balance			Balance
Capital Assets:	9/30/2022	Additions	Deletions	9/30/2023
Drainage System	\$ 2,274,396	\$ -	\$ -	\$ 2,274,396

Total	(791,143)	(106,764)		(897,907)
Total Capital Assets (Net)	\$ 4,547,028	\$(106,764)	<u> </u>	\$ 4,440,264

5. Bonds

At an election held within the District on May 13, 2006, voters authorized a total of \$7,920,000 unlimited tax bonds for the purpose of purchasing, constructing, acquiring, owning, improving, extending, maintaining, repairing, or operating a waterworks system, a drainage and storm water system and recreational facilities for the District. The District's bonds are collateralized by the levy of an annual ad valorem tax against all taxable property within the District. The District has no direct borrowings or direct placement debt.

5. Bonds (continued)

In February 2010, the District issued \$2,350,000 of these bonds dated January 15, 2010. The bonds mature serially on August 1, in each year 2013 through 2030, in principal amounts set forth on the following page. Bonds maturing on or after August 1, 2021, are subject to redemption, in whole or in part, on August 1, 2019, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Bonds maturing in the years 2023, 2024, 2026 and 2030 are also subject to mandatory sinking fund redemption.

In October 2011, the District issued \$1,920,000 of these bonds dated October 1, 2011. The bonds mature serially on August 1, in each year 2014 through 2036, in principal amounts set forth on the following page. Bonds maturing on or after August 1, 2021, are subject to redemption, in whole or in part, on August 1, 2021, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Bonds maturing in the years 2021, 2023, 2024, 2026, 2028, 2031 and 2036 are also subject to mandatory sinking fund redemption.

In March 2016, the District issued \$1,000,000 of these bonds dated February 15, 2016. The bonds mature serially on August 1, in each year 2019 through 2039, in principal amounts set forth on the following page. Bonds maturing on or after August 1, 2024, are subject to redemption, in whole or in part, on August 1, 2023, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Bonds maturing in the years 2026, 2029, 2033, 2035, 2037, and 2039 are also subject to mandatory sinking fund redemption.

In August 2016, the District issued \$3,570,000 of Unlimited Tax Refunding Bonds dated August 15, 2016. The bonds mature serially on August 1, in each year 2017 through 2036, in principal amounts set forth on the following page. Bonds maturing on or after August 1, 2027, are subject to redemption, in whole or in part, on August 1, 2026, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Bonds maturing in the years 2033, and 2036 are also subject to mandatory sinking fund redemption.

In February 2019, the District issued \$1,220,000 of these bonds dated February 27, 2019. The bonds mature serially on August 1, in each year 2019 through 2039, in principal amounts set forth on the following page. Bonds maturing on or after August 1, 2026, are subject to redemption, in whole or in part, on August 1, 2025, or on any date thereafter, at a price equal to the principal amount thereof plus accrued interest thereon to the date fixed for redemption. Bonds maturing in the years 2028, 2030, 2032, 2034, 2036, and 2038 are also subject to mandatory sinking fund redemption.

5. Bonds (continued)

These bonds are described as follows:

Original	Installments			
Issue Amount	(In Thousands)	Final Maturity	Interest Rates	Outstanding
\$2,350,000	\$65 to 225	2030	4.00-5.70%	\$ -0-
\$1,920,000	\$40 to 145	2036	4.25-5.00%	\$ -0-
\$1,000,000	\$25 to 145	2039	2.00-3.50%	\$ 825,000
R\$3,570,000	\$45 to 360	2036	2.00-4.00%	\$2,645,000
\$1,220,000	\$40 to 160	2038	2.00-3.25%	\$ 945,000
	Issue Amount	Issue Amount (In Thousands) \$2,350,000 \$65 to 225 \$1,920,000 \$40 to 145 \$1,000,000 \$25 to 145 R\$3,570,000 \$45 to 360	Issue Amount (In Thousands) Final Maturity \$2,350,000 \$65 to 225 2030 \$1,920,000 \$40 to 145 2036 \$1,000,000 \$25 to 145 2039 R\$3,570,000 \$45 to 360 2036	Issue Amount (In Thousands) Final Maturity Interest Rates \$2,350,000 \$65 to 225 2030 4.00-5.70% \$1,920,000 \$40 to 145 2036 4.25-5.00% \$1,000,000 \$25 to 145 2039 2.00-3.50% R\$3,570,000 \$45 to 360 2036 2.00-4.00%

The change in bonds is as follows:

	Balance				Balance
Bonds:	9/30/2022	Additi	ons	Deletions	9/30/2023
Unlimited Tax Bonds, Series 2016	\$ 860,000	\$	-	\$ (35,000)	\$ 825,000
Unlimited Tax Bonds, Series 2016R	2,870,000		-	(225,000)	2,645,000
Unlimited Tax Bonds, Series 2018	990,000		_	(45,000)	945,000
Total Bond Indebtedness	\$ 4,720,000	\$		\$(305,000)	\$ 4,415,000

Redemption

Series 2010 Bonds maturing on or after August 1, 2021, are subject to redemption, in whole or in part, on August 1, 2019, or on any date thereafter at a price equal to the principal amount thereof plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption. Additionally, term bonds maturing on in the years 2023, 2024, 2026 and 2030 are subject to mandatory sinking fund redemption.

Series 2011 Bonds maturing on or after August 1, 2021, are subject to redemption, in whole or in part, on August 1, 2021, or on any date thereafter at a price equal to the principal amount thereof plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption. Additionally, term bonds maturing on in the years 2021, 2023, 2024, 2026, 2028, 2031 and 2036 are subject to mandatory sinking fund redemption.

5. Bonds (continued)

Series 2016

Bonds maturing on or after August 1, 2024, are subject to redemption, in whole or in part, on August 1, 2023, or on any date thereafter, at a price equal to the principal amount thereof plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption. Additionally, term bonds maturing in the years 2026, 2029, 2033, 2035, 2037 and 2039 are also subject to mandatory sinking fund redemption.

Series 2016R Bonds maturing on or after August 1, 2027, are subject to redemption, in whole or in part, on August 1, 2026, or on any date thereafter, at a price equal to the principal amount thereof plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption. Additionally, term bonds maturing in the years 2033 and 2036 are also subject to mandatory sinking fund redemption.

Series 2019

Bonds maturing on or after August 1, 2026, are subject to redemption, in whole or in part, on August 1, 2025, or on any date thereafter, at a price equal to the principal amount thereof plus unpaid accrued interest from the most recent interest payment date to the date fixed for redemption. Additionally, term bonds maturing in the years 2028, 2030, 2032, 2034, 2036 and 2038 are also subject to mandatory sinking fund redemption.

Debt Service Requirements

Debt service requirements on long-term debt as of the end of the year are as follows:

Ending September 30,	<u>]</u>	Principal	<u>Interest</u>	<u>Totals</u>
2024	\$	320,000	\$ 151,819	\$ 471,819
2025		340,000	140,175	480,175
2026		355,000	127,731	482,731
2027		370,000	114,781	484,781
2028		385,000	101,131	486,131
2029-2033		1,520,000	303,764	1,823,764
2034-2038		1,050,000	103,081	1,153,081
2039-2043		75,000	 2,625	 77,625
Totals	\$	4,415,000	\$ 1,045,107	\$ 5,460,107

5. Bonds (continued)

Advance Refunding of Debt

GASB Statement No. 7, Advance Refundings Resulting in Defeasance of Debt, provides that refunded Debt and assets placed in escrow for the payment of related debt service be excluded from the financial statements. As of September 30, 2023, outstanding balances of bond issues that have been refunded and defeased in-substance by placing existing assets and the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments are as follows:

Bond Issue	<u>Amount</u>				
Series 2010	\$1,285,000				
Series 2011	\$1,375,000				

6. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, and natural disasters. During the year, the District obtained liability coverage.

7. Contingencies

In the opinion of the District, no significant contingencies or reportable litigation exist as of the end of the current fiscal year.

8. Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

9. Subsequent Events

The District has evaluated subsequent events as of December 31, 2023, the date the financial statements were available to be issued.

10. Reconciliation of Government-wide and Fund Financial Statements

Adjustments to convert the Governmental Funds Balance Sheet to the Statement of Net Assets are as follows:

Governmental Funds Total Fund Balances	\$ 618,628
Capital assets used in governmental activities are not financial	
resources and, therefore, are not reported in the funds	4,440,264
Long-term liabilities (bonds payable) are not due and payable in	
the current period and, therefore, are not reported in the funds	(4,415,000)
Interest is accrued on outstanding debt in the government-wide	
statements, whereas in the governmental funds, an interest	
expenditure is reported when made and not accrued in the funds	(25,303)
Deferred tax revenue is not available to pay for current period	
expenditures and, therefore, is deferred in the funds	7,517
Total Net Assets	\$ 626,106

10. Reconciliation of Government-wide and Fund Financial Statements (continued)

Amounts reported for governmental activities in the Statement of Activities are different from the Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balance as follows:

Governmental Funds Excess of Revenues over Expenditures	\$ (81,469)
Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds Change in Deferred Tax Revenue Governmental funds report capital outlays as expenditures	7,517
however, in the Statement of Activities, the cost of those assets is	
allocated over their estimated useful lives as depreciation expense	
Capital Outlay	-
Depreciation Expense	(106,764)
Governmental funds report principal payments as expenditures	
however, in the Statement of Activities, these payments are not	
reported as operating expenses	
Bond Principal	305,000
Governmental funds do not report the change in accrued interest	
as an expenditure, however, in the Statement of Activities, this	
change in the amount accrued is reported as an expense	
Accrued Interest	1,467
Bond Proceeds are reported as other financing sources in the	
governmental funds and thus contribute to the change in	
fund balance. In the Statement of Net Position, however,	
issuing debt increases long-term liabilities and does not	
affect the Statement of Net Position	
Bond Proceeds	_
Change in Net Assets	\$ 125,751

TEXAS COMMISSION ON ENVIRONMENTAL QUALITY SUPPLEMENTARY INFORMATION

BELVEDERE MUNICIPAL UTILITY DISTRICT INDEX OF SUPPLEMENTAL SCHEDULES REQUIRED BY THE TEXAS WATER COMMISSION FOR THE YEAR ENDED SEPTEMBER 30, 2023

(Schedules included are checked; explanatory notes are provided for omitted schedules).

[√] Schedule of Services and Rates
 [√] Schedule of General Fund Expenditures
 [√] Temporary Investments
 [√] Analysis of Taxes Levied and Receivable
 [√] General Long Term Debt Service Requirements by Years
 [√] Analysis of Changes in General Long Term Debt
 [√] Comparative Schedule of Revenues and Expenditures - General Fund
 [√] Comparative Schedule of Revenues and Expenditures - Debt Service Fund
 [√] Board Members, Key Personnel, and Consultants

BELVEDERE MUNICIPAL UTILITY DISTRICT SERVICES AND RATES SEPTEMBER 30, 2023

1. Services Provided by the District:

Drainage Solid Waste Disposal

2. Retail Rates Based on 5/8" Meter

			Flat	Rate per first	Rate per add'l
	Minimum	Minimum	Rate	1000 Gallons	1000 Gallons
	Charge	Usage	Y/N	Over Minimum	Over Minimum
Water:	\$ N/A	N/A	N/A	\$ N/A	\$ N/A
Wastewater:	\$ N/A	N/A	N/A	\$ N/A	\$ N/A
Surcharge:	-0-				

Total water and wastewater charges per 10,000 gallons usage: \$ N/A

3. Retail Service Provided: Number of retail water and/or wastewater connections.

			Inactive
	Active	Active	Connections
	Connections	EFSC	(EFSC)
Single Family & Total	N/A	N/A	N/A

4. Total Water Consumption During the Fiscal Year:

Gallons pumped into system: N/A Gallons billed to customers: N/A

5. Standby Fees: The District does not assess standby fees.

6. Anticipated sources of funds to be used for debt service payments: Ad Valorem taxes

7. Location of District:

The District is located entirely within Travis County.

The District is not located within any city.

The District is not located within any city ETJ.

The general membership of the Board is not appointed by an office outside the District.
