MINUTES OF SPECIAL MEETING
OF
BOARD OF DIRECTORS

THE STATE OF TEXAS	§
	§
COUNTY OF TRAVIS	§
	§
BELVEDERE MUNICIPAL UTILITY DISTRICT	§

On January 7, 2024, the Board of Directors (“Board”) of Belvedere Municipal Utility District (the “District”) held a special meeting within the boundaries of the District at the Belvedere Amenity Center, 17400 Flagler Drive, Austin, Texas. A copy of the notice of meeting along with associated certificates of posting are attached hereto as **Exhibit “A”**.

The roll was called of the members of the Board, to-wit:

James Koerner	President
Ronald Ubertini	Vice President
Kim Clifford	Secretary
Keri Parker	Assistant Secretary
Vito Sciaraffia	Assistant Secretary

All of the Directors were present except for Director Sciaraffia, thus constituting a quorum of the Board. All Directors who attended voted on all Items that came before the Board. Other attendees included Breck Harrison of Jackson Walker, L.L.P. (on the phone) and Lynn Shermans as well as a members of the public who signed in as Randy Adams, Nieves Alfaro, Ed Lueckenhoff, Kris Simson and Rowan Scrawage (sp?) as was one other attendee whose signature was completely illegible.

1. Call meeting to order and establish a quorum. Director Koerner called the meeting to order at 6:00 p.m. He announced that all Directors were present except for Director Sciaraffia, and therefore a quorum of the Board was in attendance.
2. Discuss, consider, and take action to approve minutes for the December 7, 2023 special meeting. Director Koerner introduced this item, and a copy of the draft meting minutes are attached hereto as **Exhibit “B”**. Ron Ubertini moved to accept the December 7, 2023 special meeting minutes, as presented. Jim Koerner seconded the Motion and it was passed unanimously, 4-0. The Board then moved to Item 3 on the Agenda.
3. Discuss, consider, and take action as necessary regarding Preservation Ranch Development, including, but not limited to, construction activities within the District and pending litigation. Director Koerner introduced this item. He advised that at an appropriate time a community meeting would be held to answer any questions regarding the construction activity and the attendant litigation. He then called upon the members of the public in attendance for questions or comments.
 - Mr. Lueckenhoff inquired whether the installation of the 16” line alternative identified

by the Preservation Ranch Developer would involve digging up the street or drainage ditches along Flager Drive. Director Koerner advised that the Public Utility Easement is in the street. Director Clifford added that the Public Utility Easement could be slightly wider than the paved portion of the street.

- Mr. Adams expressed his opinion that the Preservation Ranch Developer should be responsible for the costs of repairing the streets and should make Belvedere whole.
- Mr. Alfaro expressed a concern about pressure losses from a connection into the Belvedere water system. He inquired whether the study used to approve the project originally had been updated due to the passage of time. He also commented that the 16" water line connection alternative would be more costly than what was originally proposed.
- Mr. Simpson inquired whether an engineering report was available. Director Koerner advised that the MUD and the HOA had engaged an engineering firm to assess the impacts of the Preservation Ranch connection and that any documents that can be shared will be shared at an appropriate time.
- Mr. Scrawage (sp?) called for recourse against the Preservation Ranch Developer and/or the West Travis County Public Utility Authority if water was not available.

Director Koerner thanked everyone for their attendance and then the Board moved to Item 4 on the Agenda.

4. The Board will meet in executive session to receive advice from its attorneys regarding Preservation Ranch Development, including but not limited to, construction activities within the District and pending, in accordance with Texas Government Code § 551.071. Director Koerner introduced this Item, along with Item 3, and recommended that the Board go into executive session to discuss Item 3 under the consultation with attorney exception in Texas Government Code § 551.071. Director Clifford moved that the Board go into executive session at 6:08 P.M. to discuss Item 3. Director Ubertini seconded the Motion and the Motion passed unanimously, 4-0. At 7:25 P.M. Director Clifford moved to come out of executive session. Director Koerner seconded the Motion and the Motion passed unanimously, 4-0. Director Koerner announced that no action was taken in executive session. The Board then discussed the settlement terms that the Litigation Committee and the HOA President (with the assistance of outside counsel and the engineering consultant) had negotiated with the Preservation Ranch Developer and the West Travis County Public Utility Authority. Director Clifford moved that the Board authorize (i) settlement of the pending litigation styled Belvedere Homeowners Association, Inc. and Belvedere Municipal Utility District v. PRLT Partners, LLC and West Travis County Public Utility Agency, No. D-1-GN-23-008500 filed in the District Bountly of Travis County, Texas, 95th Judicial District, on the terms set forth on **Exhibit "C"**, which terms include (a) authorizing connection of the Preservation Ranch 12' waterline to the District's 8" water line under Flagler Road adjacent to Belvedere Lot 61 and (b) the conveyance of the District's interest in the 16" water line located in Belvedere for a nominal amount (i.e. \$10); (ii) the Litigation Subcommittee to take any and all actions necessary to finalize the settlement; and (iii) President and /or the Secretary to execute any and all documents necessary to affect such settlement. Director Parker seconded the Motion and it was passed unanimously 4-0.

The Board then took up item 5.

5. Adjournment. Director Clifford moved to adjourn the meeting. Director Ubertini seconded the Motion and the Motion passed unanimously, 4-0. The meeting was adjourned at 7:12 P.M.

PASSED, APPROVED, AND ADOPTED this _____.

[DISTRICT SEAL]

Kim Clifford, Secretary

Agenda Item No. 5

Dear Michele,

This is the updated list due to hoa and attached invoices/receipts.

I have Stephen's invoice 423-B, which is for the mail kiosk repair. There was an error on the calculation. I emailed him and asked for a corrected one. In the meantime, I attached the current one with the corrections made by hand for you. I will forward the corrected one once I receive it.

Thank you in advance.

Subject: Belvedere - Q3 & Q4 Mud expenses due to HOA

Dear Michele,

Merry Christmas to you and your family...

Kindly see attached expense spreadsheet and invoices for reimbursement to the Belvedere HOA from August to December 2023.

Stephens Enterprises will be sending the invoice for the Mail Kiosk repairs directly to you for payment. It is around \$500. If he sends it to me instead, I will forward it to you.

Thank you in advance.

Regards,

Agenda Item No. 6

Discuss, consider, and take action to approve the audit for the period ending September 30, 2023.

WEST, DAVIS & COMPANY

A LIMITED LIABILITY PARTNERSHIP

December 31, 2023

To the Board of Directors of the
Belvedere Municipal Utility District

We have audited the September 30, 2023, financial statements of the Belvedere Municipal Utility District (the "District") and have issued our report thereon dated December 31, 2023. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We will be pleased to discuss the contents of this letter or any related questions of the District Board members at your convenience.

RESPONSIBILITY OF INDEPENDENT ACCOUNTANTS

Our responsibility under auditing standards generally accepted in the United States of America is to express an opinion on the financial statements of the District based on our audit. In carrying out this responsibility, we assessed the risk that the financial statements may contain a material misstatement, either intentional or unintentional, and designed and conducted an audit to provide reasonable, but not absolute, assurance of detecting misstatements that are material to the financial statements. We have completed the audit of the District's financial statements in accordance with government auditing standards generally accepted in the United States of America.

REPORT ISSUED ON 2023 AUDIT

We have issued our report, dated December 31, 2023, on the September 30, 2023, financial statements of the District. Our report is unqualified as to scope and accounting.

INTERNAL ACCOUNTING CONTROL

We considered the internal control structure in order to gain a basic understanding of the internal control policies and procedures in order to design an effective and efficient audit approach, not for the purpose of providing assurance on the internal control structure.

ACCOUNTING PRINCIPLES

Management employed appropriate accounting principles as described in Note A to the financial statements and made all required disclosures in the financial statements. We noted no transactions entered into by the District during the year that were both significant and unusual, and of which, under professional standards, we are required to inform you, or transactions for which there is a lack of authoritative guidance or consensus.

MANAGEMENT COOPERATION

We were given full access to accounting records, supporting documents and other information that we requested.

MANAGEMENT JUDGMENTS AND ACCOUNTING ESTIMATES

Significant judgments or estimates included in the financial statements are estimates of asset useful lives, depreciation expense, and certain liabilities including accrued expenses.

SIGNIFICANT AUDIT ADJUSTMENTS

We made no significant adjustments. No significant unadjusted differences existed at the end of the year.

MAJOR ISSUES DISCUSSED WITH MANAGEMENT PRIOR TO RETENTION

There were no major issues discussed with management prior to our retention regarding the application of accounting principles and auditing standards.

DISAGREEMENTS WITH MANAGEMENT

We had no disagreements with management of the District regarding the application of accounting principles, the scope of our audit, disclosures to be included in the financial statements or the wording of our report on the financial statements.

CONSULTATION WITH OTHER ACCOUNTANTS

Management informed us that there were no consultations with other independent accountants regarding the application of accounting or auditing matters during the year.

DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

None.

This information is intended solely for the use of the District Board and should not be used for any other purpose. This restriction is not intended to limit the distribution of this report, which is a matter of public record.

Very truly yours,

West, Davis & Company

Independent Auditor's Report

Board of Directors
Belvedere Municipal Utility District
Austin, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Belvedere Municipal Utility District (the District) as of and for the year ended September 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Opinions

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of the District as of September 30, 2023, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information be presented to supplement the basic financial statements. Such information is the responsibility of management

and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Texas Commission on Environmental Quality required supplemental schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Texas Commission on Environmental Quality required supplemental schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the property tax assessed value information but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

BELVEDERE MUNICIPAL UTILITY DISTRICT

Management Discussion and Analysis For the Year Ended September 30, 2023

In accordance with Governmental Accounting Standards Board Statement 34 (“GASB 34”), the management of Belvedere Municipal Utility District (the “District”) offers the following discussion and analysis to provide an overview of the District’s financial activities for the year ended September 30, 2023. Since this information is designed to focus on current year’s activities, resulting changes, and currently known facts, it should be read in conjunction with the District’s financial statements that follow.

FINANCIAL HIGHLIGHTS

- **General Fund:** The unassigned fund balance at the end of the year was \$380 thousand, which was a decrease of \$82 thousand from the end of the previous year end. Revenue increased from \$224 thousand in the previous fiscal year to \$268 thousand in the current fiscal year primarily due to higher property tax valuation rates.
- **Debt Service Fund:** The fund balance restricted for debt service increased from \$236 thousand at the end of the previous fiscal year to \$237 thousand at the end of the current fiscal year which was consistent with designated debt service property tax collections necessary to cover principal and interest payments due on bonds payable. Tax revenue decreased from \$458 thousand to \$455 thousand over the previous fiscal year and debt service payments increased from the prior year. The District made bond principal payments of \$305 thousand and bond interest payments of \$161 thousand during the fiscal year.
- **Governmental Activities:** On a Government-wide basis for governmental activities, the District had revenues in excess of expenses of approximately \$126 thousand. Net position increased from \$500 thousand to \$626 thousand. This increase is primarily due to bond principal payments not being expensed on the full accrual basis of accounting used in the statement of activities presentation.

OVERVIEW OF THE DISTRICT

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District was created and organized for the purpose of constructing water and drainage facilities and providing water services to residential and commercial establishments within the District and solid waste collection services. The District is also authorized to provide recreational facilities. The District is located entirely within Travis County.

BELVEDERE MUNICIPAL UTILITY DISTRICT

Management Discussion and Analysis For the Year Ended September 30, 2023

USING THIS ANNUAL REPORT

The District's reporting is comprised of five parts:

- Management's Discussion and Analysis (this section)
- Basic Financial Statements
 - Statement of Net Position and Reconciliation to Governmental Funds Balance Sheet
 - Statement of Activities and Reconciliation to Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds
- Notes to the Financial Statements
- Required Supplementary Information
- Texas Supplementary Information (required by the Texas Commission on Environmental Quality)

The Government-wide statements are reported using the flow of economic resources measurement focus and the full accrual basis of accounting. The Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

For purposes of GASB 34, the District is considered a special purpose government. This allows the District to present the newly required fund and government-wide statements in a single schedule. The requirement for fund financial statements that are prepared on the modified accrual basis of accounting is met with the "Governmental Funds Total" column. An adjustment column includes those entries needed to convert to the full accrual basis government-wide statements. Government-wide statements are comprised of the Statement of Net Position and the Statement of Activities.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Statement of Net Position and Governmental Funds Balance Sheet includes a column (titled "Governmental Funds Total") that represents a balance sheet prepared using the modified accrual basis of accounting. The adjustments column converts those balances to a balance sheet that more closely reflects a private-sector business. Over time, increases or decreases in the District's net assets will indicate financial health.

The Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances includes a column (titled "Governmental Funds Total") that derives the change in fund balances resulting from current year revenues, expenditures, and other financing sources or uses. These amounts are prepared using the modified accrual basis of accounting. The adjustments column converts those activities to full accrual, a basis that more closely represents the income statement of a private-sector business.

FINANCIAL ANALYSIS OF THE DISTRICT'S FUND LEVEL STATEMENTS

In comparison to the Government-wide statements, the Fund-level statements focus on the key funds of the District. The District uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

The District reports the following types of Governmental funds: General Fund, Debt Service Fund and Capital Projects Fund. The focus of the District's Governmental funds is to provide information on near-term inflows, outflows, and available resources. Such information is useful in assessing the District's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available at the end of the fiscal year.

Management Discussion and Analysis For the Year Ended September 30, 2023

The General Operating Fund, which pays for daily operating expenses, has an unassigned balance of \$380 thousand at the end of the current fiscal year. This is a decrease of \$82 thousand from the prior fiscal year.

The Debt Service Fund increased by \$1 thousand during the current fiscal year. This fund collected \$455 thousand in property taxes and remitted bond principal of \$305 thousand and bond interest of \$161 thousand during the year.

BUDGETARY HIGHLIGHTS

The Board of Directors adopted the fiscal year 2023 annual budget for the General Fund on September 20, 2022. The budget included revenues of \$250 thousand and expenditures of \$268 thousand. Actual revenue amounted to \$268 thousand and actual expenditures amounted to \$351 thousand. More detailed information about the District's budgetary comparison is presented in the Required Supplementary Information section.

CAPITAL ASSETS

The District has invested \$5.3 million in infrastructure. A summary of these assets is listed below:

LONG TERM DEBT

The District has issued \$6.490 million in unlimited tax bonds and used the proceeds to acquire water, drainage and amenity facilities. Bonded indebtedness of the District at year end was \$4.42 million. More detailed information about the District's long-term debt is presented in the Notes to the Basic Financial Statements.

ECONOMIC FACTORS

The taxable assessed value of property within the District as of January 1, 2023 has been fixed by the Travis County Appraisal District at \$382 million. The tax rates adopted by the District on September 27, 2023 for the coming fiscal year are \$0.0775 for maintenance and operations and \$0.1275 for debt service. The District expects this to produce \$756 thousand in total property tax revenue for next year. The adopted budget for fiscal year 2024 projects a decrease of approximately \$11 thousand to the operating fund balance.

REQUESTS FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the District in care of Lloyd Gosselink Rochelle and Townsend, PC, 816 Congress Avenue, Suite 1900, Austin, Texas 78701.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. Summary of Significant Accounting Policies

The basic financial statements of Belvedere Municipal Utility District (the District) have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board (“GASB”) is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District is subject to the continuing supervisory jurisdiction of the TCEQ.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste collection and disposal services. The District is also empowered to establish, operate and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts, after approval by the TCEQ and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities.

The District is located approximately 23 miles west of downtown Austin on Hamilton Pool Road, just west of State Highway 71. The District lies wholly outside the extraterritorial jurisdiction of any city, town, or village of the State of Texas. Development of land within the District began in October 2005. The District has been developed for single family residential use. Hamilton Bee Cave, L.P. (Developer) has financed the design and construction of water and drainage facilities on land within the District. The District and Developer entered into an agreement whereby the District agreed to reimburse the Developer for its costs for the construction of facilities to the extent allowed by TCEQ. As of March 15, 2016, the District has reimbursed the Developer for all facilities constructed by the Developer and the Developer has transferred and conveyed the facilities to the District. On May 13, 2006, the District held a bond election whereby voters authorized the Board of Directors of the District to issue up to \$6,700,000 in unlimited tax bonds for water and drainage facilities and up to \$1,220,000 in unlimited tax bonds for recreational facilities.

FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. Summary of Significant Accounting Policies (continued)

These financial statements report the financial activity of Belvedere Municipal Utility District. The reporting entity of the District encompasses those activities and functions over which the District's elected officials exercise significant oversight or control. The District is governed by a five member Board of Directors (the Board) that has been elected by District residents. The funds and account groups presented in this report are within the oversight responsibility of the Board, in accordance with Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting. There are no component units of the District, nor is the District a component unit of any other entity.

A. Basis of Presentation, Basis of Accounting

In accordance with GASB Statement No. 34, the District has elected to combine their Government-wide and Governmental Fund Financial Statements into one set of financial statements with a reconciliation of the individual line items in a separate column on the financial statements.

Government-wide Financial Statements:

The **Statement of Net Position** and the **Statement of Activities** include the financial activities of the overall government. Governmental activities are generally financed through property taxes.

The **Statement of Activities** presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements:

The governmental fund financial statement columns are labeled **Government Funds Balance Sheet** and **Governmental Funds Revenue, Expenditures and Changes in Fund Balance**. In the fund financial statements, the accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. Summary of Significant Accounting Policies (continued)

Debt Service Fund: The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, general long term debt principal and interest.

Capital Projects Fund: The Capital Projects Fund is used to account for the acquisition or construction of major capital facilities. Principal sources of revenue are municipal long-term debt proceeds and interest income.

B. Measurement Focus, Basis of Accounting

The Government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources management focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District does not consider revenues collected after its year end to be available in the current period. Revenues from local sources consist primarily of property taxes. Miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long term debt, which is recognized as an expenditure to the extent that it has matured. General capital asset acquisitions are reported as expenditures in major governmental funds. Proceeds of general long term debt are reported as other financing sources.

C. Fund Balances

The District has adopted GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

Those fund balance classifications are described below.

Nonspendable – Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. Summary of Significant Accounting Policies (continued)

Restricted – Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

Committed – Amounts that can only be used for specific purposes pursuant to approval by formal action by the Board.

Assigned – For the General Fund, amounts that are appropriated by the Board or Board designee, if any, that are to be used for specific purposes. For all other governmental funds, any remaining positive amounts not previously classified as nonspendable, restricted or committed.

Unassigned – Amounts that are available for any purpose; these amounts can be reported only in the District’s General Fund.

Fund balance of the District may be committed for a specific purpose by formal action of the Board, the District’s highest level of decision-making authority. Commitments may be established, modified, or rescinded only through a resolution approved by the Board. The Board has not delegated the authority to assign fund balance.

D. Budget

The Board adopted an annual budget for the General Fund on the basis consistent with generally accepted accounting principles. The District’s Board of Directors utilizes the budget as a management tool for planning and cost control purposes. All annual appropriations lapse at fiscal year end.

E. Pensions

The District has not established a pension plan.

F. Cash and Cash Equivalents

These include cash on deposit as well as investments with maturities of three months or less at the time of purchase.

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future periods and are recorded as prepaid assets in both the government-wide and fund financial statements. Prepaid assets are charged to expenditures when consumed.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

1. Summary of Significant Accounting Policies (continued)

H. Capital Assets

Capital assets, which include Easements, Water Distribution System, Water Quality Ponds and Organizational Costs are reported in the Government-wide column in the Statement of Net Assets. Capital assets are defined by the District as assets with an initial, individual cost of at least \$1,000. Public domain (“infrastructure”) capital assets including water, and drainage systems, are capitalized as acquired. Items purchased or acquired are reported at historical cost or estimated historical cost. Contributed fixed assets are recorded as capital assets at estimated fair value at the time received. Capital assets are depreciated using the straight line method over their estimated useful lives of 50 years.

I. Interfund Transactions

Transfers from one fund to another fund are reported as interfund receivable and payables if there is intent to repay that amount and if the debtor fund has the ability to repay the advance on a timely basis. Operating transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

J. Long-Term Debt

Unlimited tax bonds, which have been issued to acquire capital assets, are to be repaid from tax revenues of the District. In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts are deferred and amortized over the life of the bonds. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as incurred.

In the fund financial statement, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

K. Deferred Outflows and Inflows of Resources

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent the consumption of the District’s net position that is applicable to a future reporting period, and deferred inflows of resources, which represent the District’s acquisition of net position applicable to a future reporting period. GASB Statement No. 63 became effective for fiscal

years beginning after December 15, 2011 and has been implemented in the financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. GASB Statement No. 65 is effective for fiscal years beginning after December 15, 2012 and has been implemented in these financial statements.

2. Cash and Investments

The investment policies of the District are governed by State statute and an adopted District Investment Policy that includes depository contract provisions and custodial contract provisions. Major provisions of the District's Investment Policy include: depositories must be FDIC-insured Texas banking institutions; depositories must fully insure or collateralize all demand and time deposits; securities collateralizing time deposits are held by independent third party trustees.

Cash – At year end, deposits were held by the District's depository bank in accounts that were secured at the balance sheet date by Federal Deposit Insurance Corporation (FDIC) coverage or by pledged collateral held by the District's agent bank in the District's name.

Investments - The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirement of the Act. Additionally, investment practices of the District were in accordance with local policies.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

2. Cash and Investments (continued)

The Act determines the types of investments which are allowable for the District. These include, with certain restriction, (1) obligations of the US Treasury, certain US Agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) banker’s acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) commercial paper.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District’s investments at year end are shown below.

<u>Investment</u>	<u>Fair Value</u>			<u>Fair Value</u>
	<u>Level</u>	<u>Rating</u>	<u>Maturity</u>	
TexPool	N/A	AAAm	1 day average	\$566,457

Analysis of Specific Cash and Investment Risks – GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and, if so, the reporting of certain related disclosures.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

Custodial Credit Risk – Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution’s trust department or agent but not in the District’s name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterpart or the counterpart’s trust department or agent but not in the District’s name. At year end, the District was not exposed to custodial credit risk.

Concentration of Credit Risk – This risk is the risk of loss attributed to the magnitude of a government’s investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

BELVEDERE MUNICIPAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED SEPTEMBER 30, 2023

2. Cash and Investments (continued)

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

Foreign Currency Risk – This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

Investment Accounting Policy – The District’s general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term “short-term” refers to investments which have a remaining term of one year or less at time of purchase. The term “nonparticipating” means that the investment’s value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

Public Funds Investment Pools – Public funds investment pools in Texas (“Pools”) are established under the authority of the Interlocal Cooperation Act, Chapter 79 of the Texas Government Code, and are subject to the provisions of the Public Funds Investment Act (the “Act”), Chapter 2256 of the Texas Government Code. In addition to other provisions of the Act designed to promote liquidity and safety of principal, the Act requires Pools to: 1) have an advisory board composed of participants in the Pool and other person who do not have a business relationship with the Pool and are qualified to advise the Pool; 2) maintain a continuous rating of no lower than AAA or AAA-m or an equivalent rating by at least on nationally recognized rating service; and 3) maintain the market value of its underlying investment portfolio with one half of one percent of the value of its shares.

The District’s investments in Pools are reported at an amount determined by the fair value per share of the Pool’s underling portfolio, unless the Pool is 2a7-like, in which case they are reported at share value. A 2a7-like Pool is one which is not registered with the Securities and Exchange Commission (“SEC”) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940.

2. Cash and Investments (continued)

TexPool – The District invests in the Texas Local Government Investment Pool (TexPool), which is a local government investment pool that was established in conformity with the Interlocal Cooperation Act, Chapter 791 of the Texas Government Code, and operates under the Public Funds Investment Act, Chapter 2256 of the Texas Government Code. The State Comptroller of Public Accounts oversees TexPool. Federated Investors, Inc. is the administrator and investment manager of TexPool under a contract with the State Comptroller. In accordance with the Public Funds Investment Act, the State Comptroller has appointed the TexPool Investment Advisory Board to advise with respect to TexPool. The board is composed equally of participants in TexPool Portfolios and other persons who do not have a business relationship with TexPool Portfolios and are qualified to advise in respect to TexPool Portfolios. The Advisory Board members review the investment policy and management fee structure. TexPool is rated AAAM by Standard & Poor’s and operates in a manner consistent with the SEC’s Rule 2a7 of the Investment Company Act of 1940. All investments are stated at amortized cost, which usually approximates the market value of the securities. The stated objective of TexPool is to maintain a stable average \$1.00 per unit net asset value; however, the \$1.00 net asset value is not guaranteed or insured. The financial statements can be obtained from the Texas Trust Safekeeping Trust Company website at www.ttstc.org.

3. Property Taxes

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll on January 1, 2022, upon which the levy for the 2022-23 fiscal year was based, was \$321,371,942. Taxes are delinquent if not paid by June 30. Delinquent taxes are subject to both penalty and interest charges plus delinquent collection fees for attorney costs.

The tax rates assessed for the year ended September 30, 2023, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$0.0775 and \$0.1450 per \$100 valuation, respectively, for a total of \$0.2225 per \$100 valuation.

Current tax collections for the year ended September 30, 2023 were 98.93% of the year end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of September 30, 2023, property taxes receivable, totaled \$2,618 and \$4,899 for the General and Debt Service Funds, respectively.

4. Capital Assets

In February, 2010, October, 2011, and March, 2016, the District acquired \$4,009,347 of Water Distribution Facilities and Drainage Facilities serving the District's residents. Under an Amended and Restated Water Facilities Lease and Services Agreement between the District and the West Travis County Public Utility Agency (the PUA), all of the District's internal Water Distribution Facilities are leased to the PUA in exchange for the PUA's agreement to provide retail water service to the District's residents. The PUA is responsible for their operation and maintenance.

During previous years, the District acquired an amenity center that serves the District's residents. During the current fiscal year, the District had no capitalized additions.

These facilities are being depreciated over 50 years using the straight-line method. Depreciation and amortization in the amount of \$106,764 has been charged to system operations for the year for these assets. A summary of changes in capital assets follows:

6. Risk Management

The District is exposed to various risks of loss related to torts, theft, damage or destruction of assets, errors and omissions, and natural disasters. During the year, the District obtained liability coverage.

7. Contingencies

In the opinion of the District, no significant contingencies or reportable litigation exist as of the end of the current fiscal year.

8. Estimates

The preparation of financial statements in accordance with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

9. Subsequent Events

The District has evaluated subsequent events as of December 31, 2023, the date the financial statements were available to be issued.

BELVEDERE MUNICIPAL UTILITY DISTRICT
ORDER CALLING 2024 DIRECTORS ELECTION

THE STATE OF TEXAS §
COUNTY OF TRAVIS §
BELVEDERE MUNICIPAL UTILITY DISTRICT §

The Board of Directors of Belvedere Municipal Utility District (the "District") met in regular session, open to the public, after due notice, at The Belvedere Amenity Center, 17400 Flagler Drive, Austin, Texas, an official meeting place within the boundaries of the District, on January 23, 2024; whereupon the roll was called of the members of the Board of Directors, to wit:

James Koerner	President
Ronald Ubertini	Vice President
Kim Clifford	Secretary
Keri Parker	Assistant Secretary
Vito Sciaraffia	Assistant Secretary

All members of the Board were present, except Director _____.

WHEREUPON, among other business conducted by the Board, Director _____ introduced the order set out below and moved its adoption, which motion was seconded by Director _____, and, after full discussion and the question being put to the Board of Directors, said motion was carried by the following vote:

"Aye" __; "No" __.

The Order thus adopted is as follows:

WHEREAS, Section 49.103 of the Texas Water Code requires that elections for members of the board of a district shall be held on the uniform election date established by the Texas Election Code in May of even-numbered years; and

WHEREAS, Sections 2.051-2.053 of the Texas Election Code establish a procedure for declaring unopposed candidates elected to office without holding the election; and

WHEREAS, in the interest of increasing the efficiency and effectiveness of local governments, local governments may contract or agree with each other to perform governmental functions and services in accordance with Chapter 791 of the Texas Government Code; and

WHEREAS, Section 31.092 of the Texas Election Code authorizes the county elections officer to contract with the governing body of a political subdivision situated wholly or partly in

the county served by the officer to perform election services in any one or more elections ordered by the political subdivision; and

WHEREAS, the Board of Directors of the District contracts with Travis County for the provision of election services and is contracting with those entities with overlapping jurisdictions for joint elections; and

WHEREAS, the Board of Directors wishes to proceed with the ordering of the directors' election to be held on May 4, 2024; and

WHEREAS, in the event the directors' election is uncontested, the Board of Directors will follow the procedures for election of unopposed candidate established by Section 2.051-2.053 of the Texas Election Code.

NOW THEREFORE, BE IT ORDERED BY THE BOARD OF DIRECTORS OF BELVEDERE MUNICIPAL UTILITY DISTRICT THAT:

Section 1: The matters and facts set out in the preamble of this order are hereby found and declared to be true and complete.

Section 2: An election shall be held by the District on the 4th of May, 2024, between the hours of 7:00 a.m. and 7:00 p.m., at the polling place locations on **Exhibit A**, places which the Board of Directors of the District, after duly considering the requirements of the Texas Election Code, finds to be proper places for conducting said election, pursuant to an agreement under Section 31.092, Texas Election Code, at which there shall be submitted the question of the election of two (2) directors, each of whom will serve four (4) year terms.

Section 3: Voting in said election on Election Day and during early voting by personal appearance shall be by the use of the Election Systems & Software Express Vote System, which shall have available both English and Spanish and shall conform to the requirements of the Texas Election Code. Oral bilingual assistance shall be available during the election and may be obtained by contacting the Presiding Judge.

The electronic voting equipment used in the election shall include the names of all candidates for the office of director who filed applications to have their names printed on the ballot by 5:00 p.m. seventy-eight (78) days prior to the election and blank spaces for write-in votes. Any person interested in applying to be a candidate for the office of director may obtain an application to have his/her name printed on the ballot at the offices of the District's General Counsel, Lloyd Gosselink Rochelle & Townsend, P.C., 816 Congress Avenue, Suite 1900, Austin, Texas 78701, during the hours of 8:30 a.m. to 5:30 p.m.; or by sending an email to elections@lglawfirm.com. The deadline for candidates to file applications to have their name on the ballot is 5:00 p.m. on February 16, 2024, and the deadline for write-in candidates to file a declaration of write-in candidacy is 5:00 p.m. on February 20, 2024.

Each voter may vote for up to two (2) candidates on the ballot for director by placing an "X" in the square beside the person's name or by writing the name or names of a person or persons who file a valid declaration of write-in candidacy in the blank spaces provided.

Section 4: The boundaries of the District are hereby designated as and shall constitute one (1) election precinct. The District will contract with Travis County to conduct the election in accordance with an Election Agreement. Pursuant to the Election Agreement, Travis County will designate the Presiding Judge. The Presiding Judge may appoint, as he or she deems necessary, clerks to assist in the conduct of the election.

The Travis County Election Officers shall serve as the Early Voting Clerks to conduct early voting. Early voting in the election by personal appearance shall begin on April 22, 2024 and shall continue through April 30, 2024, except for Sundays and official state holidays. The places as designated by Travis County and at which early voting shall be conducted are listed on the attached **Exhibit B.**

The early voting clerk's mailing address to which ballot applications and ballots to be voted by mail may be sent is:

Belvedere Municipal Utility District

816 Congress Avenue, Suite 1900
Austin, Texas 78701.
ATTN: David J. Klein
elections@lglawfirm.com
District website: www.belvederemud.org

The last day to submit to the District a request for ballot by mail is April 23, 2024.

Pursuant to the Election Agreement, Travis County will designate the Presiding Judge of the Early Ballot Board, the members of which shall be the precinct election officers serving the election precinct as provided in Section 87.004 of the Texas Election Code.

Section 5: The election shall be held and conducted and returns made to this Board of Directors in accordance with the Texas Election Code, as amended.

Section 6: All qualified resident electors of the District shall be entitled to vote in the election.

Section 7: The Secretary of the Board of Directors is hereby directed to determine if the candidates are unopposed for election based on the following conditions:

(1) Only one candidate's name is to be placed on the ballot for each director position available, and

(2) No candidate's name is to be placed on a list of write-in candidates for the office of director.

If such circumstances exist, the Secretary of the Board of Directors shall certify in writing which, if any, candidates are unopposed for election to the office of director. The certification shall be delivered to the Board of Directors as soon as possible after the filing deadlines for placement on the ballot and list of write-in candidates. On receipt of the certification, the Board of Directors may declare each unopposed candidate elected to office, the election for that position will not be held, and a copy of the order declaring the candidate elected shall be posted at the polling place on Election Day.

Section 8: Pursuant to Section 31.123, Texas Election Code, the Secretary of the Board hereby appoints David J. Klein, Lloyd Gosselink Rochelle & Townsend, P.C., 816 Congress Avenue, Suite 1900, Austin, Texas 78701 as the District's agent for this election.

Section 9: To the extent the results of the election are not declared in accordance with Section 7 of this Order, the Secretary of the Board is hereby directed to provide notice of this election, in English and Spanish, by any one or more of the following methods in accordance with Section 4.003, Texas Election Code:

- (1) By publishing the notice at least once, not earlier than the 30th day or later than the 10th day before Election Day in a newspaper of general circulation in the territory if none is published in the jurisdiction of the authority responsible for giving the notice; or
- (2) By posting, not later than the 21st day before Election Day, a copy of the notice at a public place in each election precinct that is in the jurisdiction of the authority responsible for giving the notice; or
- (3) By mailing, not later than the 10th day before Election Day, a copy of the notice to each registered voter of the territory that is covered by the election and is in the jurisdiction of the authority responsible for giving the notice.

Section 10: The President and Secretary are authorized and directed to take any action necessary to carry out the provisions of this order.

PASSED AND APPROVED THE 23rd day of January, 2024.

Re: Monthly Status Report
Belvedere MUD Regular Board Meeting of January 16, 2024

Dear Directors:

The following is a brief summary that describes our activities since the last meeting:

1. Drainage Facilities

- a. Verde Mesa Cove– The district issued a violation at 8313 Verde Mesa regarding drainage ditch modifications. The engineering subcommittee agreed to work with the homeowner and builder to ensure the ditch grading is acceptable.
- b. Lakewood Ridge Cove- We coordinated with the engineering subcommittee to review a proposed response to a resident related to proposed ditch grading.
- c. Ditch lining evaluations – No report at this time.
- d. Drainage System Issue Resolution Guidelines – We collaborated with the engineering subcommittee to review Quiddity’s suggested edits to the guidelines dated 09/12/23. After review and discussion with the subcommittee, the subcommittee agreed to move forward with the version of the guidelines dated 9/12/23. A copy of the guidelines is attached.

Board Action: Consider approval of the drainage guidelines.

2. Water Quality Facilities – No report at this time

3. Trail Facilities

- a. Maintenance – No report at this time.
- 4. Preservation Ranch** – We have coordinated with the subcommittee for the Preservation Ranch development items and have researched existing Belvedere waterlines as requested. Copies of Belvedere plans have been provided to the subcommittee.

DRAFT (9/12/23)

Belvedere Municipal Utility District Drainage System Issue Resolution Guidelines

The Belvedere Municipal Utility District (District) owns and operates the drainage facilities serving the District. Design Criteria and Requirements for the District's Drainage System (DDC&R) are as established by the District's Engineer. The District Engineer shall monitor the proper operation and maintenance of the District's drainage facilities. The Board shall from time to time approve updates to the DDC&R including, but not limited to additions or alterations to the District's Drainage System due to erosion, flooding, variation in expected water flows or changes in water pathways, as recommended by the District Engineer.

Lot drainage shall follow the natural drainage to the street, utility easement or natural grade elevations. Each Owner is responsible for managing lot surface drainage. All requirements of the District or other governmental agencies also must be met. It is the Owner's responsibility to determine compliance with all District or other governmental requirements. Consistent therewith, a lot owner shall direct rainwater and/or irrigation runoff from his or her lot to appropriate drainage areas or easements so as to minimize the impact of the runoff on neighboring lots. If an issue regarding runoff is brought to the attention of the Board, the Board (with guidance from the District Engineer) may, in its sole discretion, seek to help facilitate identification of the source of any problem and/or recommend a resolution thereof. However, resolution of any such matter shall remain the responsibility of the relevant lot owners.

A lot owner is also responsible for ensuring that all Improvements on his or her lot are in compliance with the DDC&R. If changes are made to the DDC&R, the lot owner shall be responsible for bringing any lot Improvements into compliance. The Board (with guidance from the District Engineer) shall provide guidance to the lot owner with regards to what is required to come into compliance. However, any additional costs incurred by the Board (including legal and engineering fees) to bring an Improvement into compliance will be the responsibility of the lot owner. Notwithstanding the foregoing, if a change to the DDC&R for a given lot is caused by (i) Improvements on or topography changes to one or more lots and/or common areas other than the lot where the change is required or (ii) increases in expected water flows or changes in water pathways, the Board (with guidance from the District Engineer) shall assist in determining the party (or parties) responsible for implementing the required changes and the extent to which each party shall bear the costs thereof.

If changes to the DDC&R are located on common areas within the District or caused by alterations to the topography directly attributable to acts undertaken by the District, the District shall bear (i) the responsibility for implementing the changes to the DDC&R and (ii) all of the cost thereof.
