In the event that the District determines to discontinue the book-entry system through DTC or successor or DTC determines to discontinue providing its services with respect to the Bonds, the District shall either (i) appoint a successor securities depository, qualified to act as such under Section 17(a) of the Securities and Exchange Act of 1934, as amended, notify DTC and DTC Participants of the appointment of such successor securities depository or (ii) notify DTC and DTC Participants of the availability through DTC of Bonds and transfer one or more separate Bonds to Such successor securities depository or (ii) notify DTC and DTC Participants of the availability through DTC of Bonds and transfer one or more separate Bonds to DTC Participants having Bonds credited to their DTC accounts. In such event, the Bonds shall no longer be restricted to being registered in the Register in the name of Cede & Co., as nominee of DTC, but may be registered in the name of the successor securities depository, or its nominee, or in whatever name or names Registered Owners transferring or exchanging Bonds shall designate, in accordance with the provisions of this Resolution.

Notwithstanding any other provision of this Resolution to the contrary, so long as any Bond is registered in the name of Cede & Co., as nominee of DTC, all payments with respect to principal and interest on such Bond and all notices with respect to such Bond shall be made and given, respectively, in the manner provided in the representation letter of the District to DTC.

Section 3.08:SUCCESSOR PAYING AGENT/REGISTRARS.

The District covenants that at all times while any Bonds are outstanding it will provide a legally qualified bank, trust company, financial institution or other agency to act as Paying Agent/Registrar for the Bonds. The District reserves the right to change the Paying Agent/Registrar for the Bonds on not less than sixty (60) days written notice to the Paying Agent/Registrar, so long as any such notice is effective not less than sixty (60) days prior to the next succeeding principal or interest payment date on the Bonds. Promptly upon the appointment of any successor Paying Agent/Registrar, the previous Paying Agent/Registrar shall deliver the Register or a copy thereof to the new Paying Agent/Registrar, and the new Paying Agent/Registrar shall notify each Registered Owner by United States mail, first-class, postage prepaid, of the effective date of such change and of the address of the new Paying Agent/Registrar. Each Paying Agent/Registrar hereunder, by acting in that capacity, shall be deemed to have agreed to the provisions of this Section.

Section 3.09:SPECIAL RECORD DATE.

If interest on any Bond is not paid on any Interest Payment Date and continues unpaid for thirty (30) days thereafter, the Paying Agent/Registrar shall establish a new record date for the payment

of such interest, to be known as a "Special Record Date." The Paying Agent/Registrar shall establish a Special Record Date when funds to make such interest payment are received from on behalf of the District. Such Special Record Date shall be fifteen (15) days prior to the date fixed for payment of such past due interest, and notice of the date of payment and the Special Record Date shall be sent by United States mail, first class, postage prepaid, not later than five (5) days prior to the Special Record Date, to each Registered Owner of an affected Bond as of the close of business on the Business Day prior to the mailing of such notice.

Section 3.10:OWNERSHIP; UNCLAIMED PRINCIPAL AND INTEREST.

The District, the Paying Agent/Registrar and any other person may treat the Registered Owner of any Bond as the absolute owner of such Bond for the purpose of making and receiving payment of the principal or interest on such Bond, and for other purpose, whether or not such Bond is overdue, and neither the District nor the Paying Agent/Registrar shall be bound by any notice or knowledge to the contrary. All payments made to the Registered Owner of any Bond in accordance with this Section 3.10 shall be valid and effectual and shall discharge the liability of the District and the Paying Agent/Registrar upon such Bond to the extent of the sums paid.

Amounts held by the Paying Agent/Registrar that represent principal and interest on the Bonds remaining unclaimed by the Registered Owner thereof after the expiration of three (3) years from the date such amounts have become due and payable shall be reported and disposed of by the Paying Agent/Registrar in accordance with the applicable provisions of Texas law including, to the extent applicable, Title 6 of the Texas Property Code, as amended.

ARTICLE FOUR

REGISTRATION, TRANSFER AND EXCHANGE

Section 4.01:REGISTER.

So long as any Bonds remain outstanding, the Paying Agent/Registrar shall keep at its agent's office in Austin, Texas, a Register in which are listed the names and addresses of the Registered Owners and the principal amount of Bonds registered in the name of each Registered Owner.

Section 4.02:REGISTRATION OF INITIAL BOND.

The Initial Bond shall be registered to Cede & Co., on behalf of the Initial Purchaser, and shall be so entered into the Register by the Paying Agent/Registrar.

Section 4.03:TRANSFER AND EXCHANGE.

At any time after initial delivery of the Bonds, any Bond may be transferred upon its presentation and surrender at the corporate trust office of the Paying Agent/Registrar, duly endorsed for transfer by the Registered Owner or an authorized representative on the assignment form on the reverse side of the Bond, or accompanied by another instrument of transfer and assignment acceptable to the Paying Agent/Registrar and duly executed by the Registered Owner or any authorized representative. Upon presentation of any Bond for transfer, the Paying Agent/Registrar shall register, authenticate and deliver in the name of the transferee or transferees one or more Exchange Bonds in authorized denominations, of the same maturity and interest rate and in a like aggregate principal amount. A request for transfer of Bonds shall include the names and addresses of the transferees and the principal amount of Bonds to be transferred to each such transferee.

Any Bond may be exchanged by the Registered Owner or an authorized representative upon its presentation and surrender at the corporate trust office of the Paying Agent/Registrar for a Bond or Bonds of the same maturity and interest rate, in an aggregate principal amount equal to the unpaid principal amount of the Bond presented for exchange and in any authorized denomination.

Upon presentation of any Bond for transfer or exchange, the Paying Agent/Registrar shall register, authenticate, and deliver Exchange Bonds in accordance with the provisions of this Section 4.03. Except as provided in Section 4.02 above, the Paying Agent/Registrar shall, to the extent possible, register, authenticate and deliver Exchange Bonds within three (3) business days of receipt of Bonds presented for transfer or exchange. Neither the District nor the Paying Agent/Registrar shall be required to transfer or exchange any Bond during a period beginning at the opening of business on a Record Date and ending at the close of business on the next succeeding interest payment date or to transfer or exchange any Bond selected for redemption in whole or in part within thirty (30) calendar days of the redemption date. Each Exchange Bond shall be entitled to the benefits and security of this Resolution to the same extent as the Bond or Bonds for which such Exchange Bond is delivered. No service charge shall be made for any such transfer or exchange, but the District or the Paying Agent/Registrar may require the Registered Owner of any Bond to pay any tax or other governmental charge imposed in connection with the transfer or exchange of such Bond.

Section 4.04:REPLACEMENT BONDS.

Upon the presentation and surrender to the Paying/Agent Registrar of a mutilated Bond, the Paying Agent/Registrar shall authenticate and deliver in exchange therefor a Replacement Bond of like maturity, interest rate and principal amount, bearing a number not contemporaneously outstanding. If any Bond is lost, apparently destroyed or wrongfully taken, the District, pursuant to the applicable laws of the State of Texas and in the absence of notice or knowledge that such Bond has been acquired by a bona fide purchaser, shall execute and the Paying Agent/Registrar shall authenticate and deliver a Replacement Bond of like maturity, interest rate and principal amount, bearing a number not contemporaneously outstanding. The District or the Paying Agent/Registrar may require the Registered Owner of a mutilated Bond to pay a sum sufficient to cover any tax or other governmental charge that may be imposed in connection therewith, including the fees and expenses of the Paying Agent/Registrar. The District or the Paying Agent/Registrar may require the Registered Owner of a lost, apparently destroyed or wrongfully taken Bond, before any Replacement Bond is issued, to:

A. furnish to the District and the Paying Agent/Registrar satisfactory evidence of the ownership of and the circumstances of the loss, destruction or theft of such Bond;

- B. furnish such security or indemnity as may be required by the Paying Agent/Registrar and the District to save them harmless;
- C. pay all expenses and charges in connection therewith, including, but not limited to, printing costs, legal fees, fees of the Paying Agent/Registrar and any tax or other governmental charge that may be imposed; and
- D. meet any other reasonable requirements of the District and the Paying Agent/Registrar.

If, after the delivery of a Replacement Bond, a bona fide purchaser of the original Bond, in lieu of which such Replacement Bond was issued, presents for payment such original Bond, the District and the Paying Agent/Registrar shall be entitled to recover such Replacement Bond from the person to whom it was delivered or any person taking therefrom and shall be entitled to recover upon the security or indemnity provided therefor to the extent of any loss, damage, cost or expense incurred by the District or the Paying Agent/Registrar in connection therewith.

If any such mutilated, lost, apparently destroyed or wrongfully taken Bond has become or is about to become due and payable, the District in its discretion may, instead of issuing a Replacement Bond, authorize the Paying Agent/Registrar to pay such Bond.

Each Replacement Bond delivered in accordance with this Section 4.04 shall be entitled to the benefits and security of this Resolution to the same extent as the Bond or Bonds in lieu of which such Replacement Bond is delivered.

Section 4.05:CANCELLATION.

All Bonds paid or redeemed in accordance with this Resolution, and all Bonds for which Exchange Bonds or Replacement Bonds are authenticated, registered and delivered in accordance with Section 4.02, Section 4.03 or Section 4.04 of this Resolution, shall be canceled and destroyed upon the making of proper records regarding such payment, redemption, exchange or replacement. The Paying Agent/Registrar shall periodically furnish the District with certificates of destruction of such Bonds.

ARTICLE FIVE

REDEMPTION OF BONDS BEFORE MATURITY

Section 5.01:OPTIONAL REDEMPTION OF BONDS.

The District reserves the right, at its option, to redeem the Bonds maturing on or after August1, 2026, prior to their scheduled maturities, in whole or, from time to time, in part, on August 1, 2025, or on any date thereafter, at a price equal to the principal amount of the Bonds called for redemption plus accrued interest thereon to the date fixed for redemption. The District shall, at least forty-five (45) days prior to the date fixed for redemption, notify the Paying Agent/Registrar of such date and of the principal amount of Bonds of each maturity to be redeemed. If less than all of the Bonds of the same maturity are to be redeemed, the particular Bonds to be redeemed from within such maturity shall be selected by the District by lot or such other customary method

of random selection as the District deems fair and appropriate; provided, however, that in the event that a Bond subject to redemption is in a denomination larger than \$5,000, a portion of such Bond may be redeemed, but only in a principal amount equal to \$5,000 or an integral multiple thereof. For purposes of this Resolution, unless the context otherwise requires, all provisions relating to the redemption of Bonds shall relate, in the case of any Bond redeemed or to be redeemed only in part, to the portion of the principal of such Bond which has been or is to be redeemed. Upon surrender of any Bond for redemption in part, the Paying Agent/Registrar, in accordance with Section 4.03 of this Resolution, shall authenticate, register, and deliver an Exchange Bond in an aggregate principal amount equal to the unredeemed portion of the Bond so surrendered.

Section 5.02:

[Reserved.]

Section 5.03:NOTICE OF REDEMPTION.

Notice of redemption shall be given by the Paying Agent/Registrar at least thirty (30) days prior to the Redemption Date by sending such notice by mail, first class postage prepaid, to the Registered Owner of each Bond to be redeemed in whole or in part at the address shown on the Register as of the 45th calendar date prior to the redemption date and to major securities depositories and bond information services. Such notice shall state the Redemption Date, the redemption price, the principal amount of the Bonds to be redeemed and, if less than all of the then outstanding Bonds are to be redeemed, the identification numbers (and, in the case of partial redemption, the respective principal amounts) of the Bonds to be redeemed, the amount of accrued interest payable on the Redemption Date and the place at which the Bonds are to be surrendered for payment. Any notice given as provided in this Section 5.02 shall be conclusively presumed to have been duly given, whether or not the Registered Owner receives such notice. By the Redemption Date, due provision shall be made with the Paying Agent/Registrar for the payment of the principal amount of the Bonds to be redeemed, plus accrued interest thereon to the Redemption Date. When Bonds have been called for redemption, in whole or in part, as provided above and due provision has been made to redeem the Bonds called for redemption, such Bonds, or portions thereof, shall no longer be regarded as outstanding except for the purpose of receiving payment from the funds provided for redemption, and the right of the Registered Owners to collect interest on such Bonds or portions thereof which would otherwise accrue after the Redemption Date shall be terminated.

With respect to any optional redemption of the Bonds, unless certain prerequisites to such redemption required by the Bond Resolution have been met and money sufficient to pay the principal of and premium, if any, and interest on the Bonds to be redeemed will have been received by the Paying Agent prior to the giving of such notice of redemption, such notice will state that said redemption may, at the option of the District, be conditional upon the satisfaction of such prerequisites and receipt of such money by the Paying Agent on or prior to the date fixed for such redemption, or upon any prerequisite set forth in such notice of redemption. If a conditional notice of redemption is given and such prerequisites to the redemption are not fulfilled, such notice will be of no force and effect, the District will not redeem such Bonds, and the Paying Agent will give notice in the manner in which the notice of redemption was given, to the effect that the Bonds have not been redeemed.

The District covenants to take any action necessary to assure, or refrain from any action which would adversely affect, the treatment of the Bonds as obligations described in section 103 of the Internal Revenue Code of 1986, as amended (the "Code"), the interest on which is not includable in the "gross income" of the holder for purposes of federal income taxation. In furtherance thereof, the District covenants as follows:

(1) to take any action to assure that no more than 10 percent of the proceeds of the Bonds or the projects financed therewith (less amounts deposited to a reserve fund, if any) are used for any "private business use," as defined in section 141(b)(6) of the Code or, if more than 10 percent of the proceeds or the projects financed therewith are so used, such amounts, whether or not received by the District, with respect to such private business use, do not, under the terms of this Bond Order or any underlying arrangement, directly or indirectly, secure or provide for the payment of more than 10 percent of the debt service on the Bonds, in contravention of section 141(b)(2) of the Code;

(2) to take any action to assure that in the event that the "private business use" described in subsection (1) hereof exceeds 5 percent of the proceeds of the Bonds or the projects financed therewith (less amounts deposited into a reserve fund, if any) then the amount in excess of 5 percent is used for a "private business use" which is "related" and not "disproportionate," within the meaning of section 141(b)(3) of the Code, to the governmental use;

(3) to take any action to assure that no amount which is greater than the lesser of \$5,000,000, or 5 percent of the proceeds of the Bonds (less amounts deposited into a reserve fund, if any) is directly or indirectly used to finance loans to persons, other than state or local governmental units, in contravention of section 141(c) of the Code;

(4) to refrain from taking any action which would otherwise result in the Bonds being treated as "private activity bonds" within the meaning of section 141(b) of the Code;

(5) to refrain from taking any action that would result in the Bonds being "federally guaranteed" within the meaning of section 149(b) of the Code;

(6) to refrain from using any portion of the proceeds of the Bonds, directly or indirectly, to acquire or to replace funds which were used, directly or indirectly, to acquire investment property (as defined in section 148(b)(2) of the Code) which produces a materially higher yield over the term of the Bonds, other than investment property acquired with --

(A) proceeds of the Bonds invested for a reasonable temporary period of 3 years or less or, in the case of a refunding bond, for a period of 30 days or less until such proceeds are needed for the purpose for which the Bonds are issued,

(B) amounts invested in a bona fide debt service fund, within the meaning of section 1.148-1(b) of the Treasury Regulations, and

(C) amounts deposited in any reasonably required reserve or replacement fund to the extent such amounts do not exceed 10 percent of the proceeds of the Bonds;

(7) to otherwise restrict the use of the proceeds of the Bonds or amounts treated as proceeds of the Bonds, as may be necessary, so that the Bonds do not otherwise contravene the requirements of section 148 of the Code (relating to arbitrage);

(8) to refrain from using proceeds of the Bonds or proceeds of any prior bonds to pay debt service on another issue more than 90 days after the date of the issue of the Bonds in contravention of the requirements of section 149(d) of the Code (relating to advance refundings); and

(9) to pay to the United States of America at least once during each five-year period (beginning on the date of delivery of the Bonds) an amount that is at least equal to 90 percent of the "Excess Earnings," within the meaning of section 148(f) of the Code and to pay to the United States of America, not later than 60 days after the Bonds have been paid in full, 100 percent of the amount then required to be paid as a result of Excess Earnings under section 148(f) of the Code.

(b) Rebate Fund. In order to facilitate compliance with the above covenant (8), a "Rebate Fund" is hereby established by the District for the sole benefit of the United States of America, and such fund shall not be subject to the claim of any other person, including without limitation the bondholders. The Rebate Fund is established for the additional purpose of compliance with section 148 of the Code.

(c) Proceeds. The District understands that the term "proceeds" includes "disposition proceeds" as defined in the Treasury Regulations and, in the case of refunding bonds, transferred proceeds (if any) and proceeds of the refunded bonds expended prior to the date of issuance of the Bonds. It is the understanding of the District that the covenants contained herein are intended to

assure compliance with the Code and any regulations or rulings promulgated by the U.S. Department of the Treasury pursuant thereto. In the event that regulations or rulings are hereafter promulgated which modify or expand provisions of the Code, as applicable to the Bonds, the District will not be required to comply with any covenant contained herein to the extent that such failure to comply, in the opinion of nationally recognized bond counsel, will not adversely affect the exemption from federal income taxation of interest on the Bonds under section 103 of the Code. In the event that regulations or rulings are hereafter promulgated which impose additional requirements which are applicable to the Bonds, the District agrees to comply with the additional requirements to the extent necessary, in the opinion of nationally recognized bond counsel, to preserve the exemption from federal income taxation of interest on the Bonds under section 103 of the Code. In furtherance of such intention, the District hereby authorizes and directs the President or Vice President to execute any documents, certificates or reports required by the Code and to make such elections, on behalf of the District, which may be permitted by the Code as are consistent with the purpose for the issuance of the Bonds.

(d) Allocation Of, and Limitation On, Expenditures for the Project. The District covenants to account for the expenditure of sale proceeds and investment earnings to be used for the purposes described in Section 3.01 of this Bond Order (the "Project") on its books and records in accordance with the requirements of the Code. The District recognizes that in order for the proceeds to be considered used for the reimbursement of costs, the proceeds must be allocated to expenditures within 18 months of the later of the date that (1) the expenditure is made, or (2) the Project is completed; but in no event later than three years after the date on which the original expenditure is paid. The foregoing notwithstanding, the District recognizes that in order for proceeds to be expended under the Internal Revenue Code, the sale proceeds or investment earnings must be expended no more than 60 days after the earlier of (1) the fifth anniversary of the delivery of the Bonds, or (2) the date the Bonds are retired. The District agrees to obtain the advice of nationallyrecognized bond counsel if such expenditure fails to comply with the foregoing to assure that such expenditure will not adversely affect the tax-exempt status of the Bonds. For purposes hereof, the District shall not be obligated to comply with this covenant if it obtains an opinion that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest.

(e) Disposition of Project. The District covenants that the property constituting the Project will not be sold or otherwise disposed in a transaction resulting in the receipt by the District of cash or other compensation, unless the District obtains an opinion of nationally-recognized bond counsel that such sale or other disposition will not adversely affect the tax-exempt status of the Bonds. For purposes of the foregoing, the portion of the property comprising personal property and disposed in the ordinary course shall not be treated as a transaction resulting in the receipt of cash or other compensation. For purposes hereof, the District shall not be obligated to comply with this covenant if it obtains an opinion that such failure to comply will not adversely affect the excludability for federal income tax purposes from gross income of the interest.

(f) Designation as Qualified Tax-Exempt Obligations. The District hereby designates the Bonds as "qualified tax-exempt obligations" as defined in section 265(b)(3) of the Code, conditioned upon the Initial Purchaser identified in Section 15.01 hereof certifying that the aggregate initial offering price of the Bonds to the public (excluding any accrued interest) is no greater than \$10,000,000 (or such amount permitted by section 265 of the Code). Assuming such

condition is met, in furtherance of such designation, the District represents, covenants and warrants the following: (a) that during the calendar year in which the Bonds are issued, the District (including any subordinate entities) has not designated nor will designate bonds, which when aggregated with the Bonds, will result in more than \$10,000,000 (or such amount permitted by section 265 of the Code) of "qualified tax-exempt obligations" being issued; (b) that the District reasonably anticipates that the amount of tax-exempt obligations issued during the calendar year in which the Bonds are issued, by the District (or any subordinate entities) will not exceed \$10,000,000 (or such amount permitted by section 265 of the Code); and, (c) that the District will take such action or refrain from such action as necessary, and as more particularly set forth in this Section, in order that the Bonds will not be considered "private activity bonds" within the meaning of section 141 of the Code.

DEFAULT PROVISIONS

Section 11.01:REMEDIES IN EVENT OF DEFAULT.

In addition to any other rights and remedies provided by the laws of the State, the District covenants and agrees that in the event of default in payment of principal of or interest on any of the Bonds when due or in the event it fails to make the payments required to be made into the Debt Service Fund or defaults in the observance or performance of any other of the covenants, conditions or obligations set forth in this Resolution, the Registered Owners shall be entitled to a writ of mandamus issued by a court of competent jurisdiction compelling and requiring the District and the officials thereof to observe and perform the covenants, obligations or conditions prescribed in this Resolution. In consideration of the purchase and acceptance of the Bonds authorized to be issued hereunder by the Registered Owners, the provisions of this Resolution shall be deemed to be and shall constitute a contract between the District and the Registered Owners; and the covenants and agreements herein set forth to be performed on behalf of the District shall be for the equal benefit, protection and security of each of the Registered Owners. The Bonds, regardless of the time or times of their issue or maturity, shall be of equal rank without preference, priority or distinction of any Bond over any other, except as expressly provided herein. The District may, without the consent of or notice to the Registered Owners, from time to time and at any time amend this Resolution in any manner not detrimental to the interests of the Registered Owners, including the curing of any ambiguity, inconsistency, or formal defect or omission herein. In addition, the District may, with the written consent of the Registered Owners of a majority in aggregate principal amount of the Bonds then outstanding, amend, add to or rescind any of the provisions of this Resolution; provided that, without the consent of the Registered Owners of all of the Bonds affected, no such amendment, addition, or rescission shall (a) extend the time or times of payment of the principal and redemption price of and interest on the Bonds, reduce the principal amount thereof, the redemption price therefor, or the rate of interest thereon, or in any other way modify the terms of payment of the principal and redemption price of or interest on the Bonds, (b) give any preference to any Bond over any other Bonds or (c) reduce the aggregate principal amount of Bonds required for consent to any such amendment, addition or rescission.

(i) The District shall be obligated to observe and perform the covenants specified in this Section for so long as, but only for so long as, the District remains an "obligated person" with respect to the Bonds within the meaning of the Rule, except that the District in any event will give notice of any deposit made in accordance with Texas law that causes the Bonds no longer to be outstanding.

(iv) No default by the District in observing or performing its obligations under this Section shall comprise a breach of or default under the Resolution for purposes of any other provision of this Resolution. Nothing in this Section is intended or shall act to disclaim, waive, or otherwise limit the duties of the District under federal and state securities laws.

(v) Notwithstanding any other provision within this Resolution, the provisions of this Section may be amended by the District from time to time to adapt to changed circumstances that arise from a change in legal requirements, a change in law, or a change in the identity, nature, or status or type of operations of the District, if (1) the agreement, as so amended, would have permitted an underwriter to purchase or sell Bonds in the original primary offering in compliance with the Rule, taking into account such amendment as well as such changed circumstances, and (2) a person unaffiliated with the District (such as nationally recognized bond counsel) determines that the amendment will not materially impair the interests of the Owners. If any such amendment is made, the District will include in its next annual update an explanation in narrative form of the reasons for the change and its impact on the type of operating data or financial information being provided.

Independent Auditor's Report

Board of Directors Belvedere Municipal Utility District Austin, Texas

We have audited the accompanying financial statements of the governmental activities and each major fund of Belvedere Municipal Utility District (the District) as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluation the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a reasonable basis for our audit opinion.

Opinion

In our opinion the financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities and each major fund of the District at September 30, 2017, and the changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and the budgetary comparison information identified as Required Supplementary Information in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Texas Commission on Environmental Quality Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The supplemental schedules required by the Texas Commission on Environmental Quality are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental schedules required by the Texas Commission on Environmental Quality are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental schedules required by the Texas Commission on Environmental Quality are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

The other information listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Management Discussion and Analysis For the Year Ended September 30, 2017

In accordance with Governmental Accounting Standards Board Statement 34 ("GASB 34"), the management of Belvedere Municipal Utility District (the "District") offers the following discussion and analysis to provide an overview of the District's financial activities for the year ended September 30, 2017. Since this information is designed to focus on current year's activities, resulting changes, and currently known facts, it should be read in conjunction with the District's financial statements that follow.

FINANCIAL HIGHLIGHTS

- **General Fund:** The unassigned fund balance at the end of the year was approximately \$475 thousand which was an increase of \$212 thousand from the end of the previous year end. Revenue increased from \$276 thousand in the previous fiscal year to \$344 thousand in the current fiscal year primarily due to increased property tax revenue as the result of growth within the District.
- **Debt Service Fund:** The fund balance restricted for debt service increased from \$336 thousand at the end of the previous fiscal year to \$359 thousand at the end of the current fiscal year. Tax Revenue decreased from \$393 thousand to \$362 thousand over the previous fiscal year. The District made bond principal payments of \$185 thousand and bond interest payments of \$156 thousand during the fiscal year.
- **Capital Projects Fund:** The fund remained essentially unchanged for the year.
- **Governmental Activities:** On a Government-wide basis for governmental activities, the District had revenue in excess of expenses of approximately \$348 thousand. Net assets increased from a negative \$559 thousand to a negative \$211 thousand. This increase is primarily due to the absence of bond issuance costs.

OVERVIEW OF THE DISTRICT

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District was created and organized for the purpose of constructing water and drainage facilities and providing water services to residential and commercial establishments within the District and solid waste collection services. The District is also authorized to provide recreational facilities. The District is located entirely within Travis County.

Management Discussion and Analysis For the Year Ended September 30, 2017

USING THIS ANNUAL REPORT

The District's reporting is comprised of five parts:

- Management's Discussion and Analysis (this section)
- Basic Financial Statements
 - Statement of Net Assets and Reconciliation to Governmental Funds Balance Sheet
 - Statement of Activities and Reconciliation to Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds
- Notes to the Financial Statements
- Required Supplementary Information
- Texas Supplementary Information (required by the Texas Commission on Environmental Quality)

The Government-wide statements are reported using the flow of economic resources measurement focus and the full accrual basis of accounting. The Governmental Fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting.

For purposes of GASB 34, the District is considered a special purpose government. This allows the District to present the newly required fund and government-wide statements in a single schedule. The requirement for fund financial statements that are prepared on the modified accrual basis of accounting is met with the "Governmental Funds Total" column. An adjustment column includes those entries needed to convert to the full accrual basis government-wide statements. Government-wide statements are comprised of the Statement of Net Assets and the Statement of Activities.

OVERVIEW OF THE BASIC FINANCIAL STATEMENTS

The Statement of Net Assets and Governmental Funds Balance Sheet includes a column (titled "Governmental Funds Total") that represents a balance sheet prepared using the modified accrual basis of accounting. The adjustments column converts those balances to a balance sheet that more closely reflects a private-sector business. Over time, increases or decreases in the District's net assets will indicate financial health.

The Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances includes a column (titled "Governmental Funds Total") that derives the change in fund balances resulting from current year revenues, expenditures, and other financing sources or uses. These amounts are prepared using the modified accrual basis of accounting. The adjustments column converts those activities to full accrual, a basis that more closely represents the income statement of a private-sector business.

Management Discussion and Analysis For the Year Ended September 30, 2017

The Notes to the Financial Statements provide additional information that is essential to a full understanding of the information presented in the *Statement of Net Assets and Governmental Funds Balance Sheet* and the *Statement of Activities and Governmental Funds Revenues, Expenditures, and Changes in Fund Balances.*

The Required Supplementary Information presents a comparison statement between the District's adopted budget and its actual results.

1. Summary of Significant Accounting Policies

The basic financial statements of Belvedere Municipal Utility District (the District) have been prepared in conformity with accounting principles applicable to governmental units which are generally accepted in the United States of America. The Governmental Accounting Standards Board ("GASB") is the accepted standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the accounting policies are described below.

Belvedere Municipal Utility District (the District), a political subdivision of the State of Texas, was created by an order of the Texas Commission on Environmental Quality (TCEQ) on November 30, 2005 under Article XVI Section 59 of the Texas Constitution and operates pursuant to Chapters 49 and 54 of the Texas Water Code, as amended, and other general statutes of Texas applicable to municipal utility districts. The District is subject to the continuing supervisory jurisdiction of the TCEQ.

The District is empowered, among other things, to finance, purchase, construct, operate and maintain all works, improvements, facilities and plants necessary for the supply and distribution of water and the control and diversion of storm water. The District may issue bonds and other forms of indebtedness to purchase or construct such facilities. The District may also provide solid waste collection and disposal services. The District is also empowered to establish, operate and maintain fire-fighting facilities, independently or with one or more conservation and reclamation districts, after approval by the TCEQ and the voters of the District. Additionally, the District may, subject to certain limitations, develop and finance recreational facilities.

The District is located approximately 23 miles west of downtown Austin on Hamilton Pool Road, just west of State Highway 71. The District lies wholly outside the extraterritorial jurisdiction of any city, town, or village of the State of Texas. Development of land within the District began in October 2005. The District is being developed for single family residential use. Hamilton Bee Cave, L.P. (Developer) has financed the design and construction of water and drainage facilities on land within the District. The District and Developer have entered into an agreement whereby the District agrees to reimburse the Developer for its costs for the constructions of facilities to the extent allowed by TCEQ. The District is not obligated to reimburse the Developer until bonds are issued. Upon reimbursement, the Developer will transfer and convey the facilities to the District. On May 13, 2006, the District held a bond election whereby voters authorized the Board of Directors of the District to issue up to \$6,700,000 in unlimited tax bonds for water and drainage facilities and up to \$1,220,000 in unlimited tax bonds for recreational facilities.

1. Summary of Significant Accounting Policies (continued)

These financial statements report the financial activity of Belvedere Municipal Utility District. The reporting entity of the District encompasses those activities and functions over which the District's elected officials exercise significant oversight or control. The District is governed by a five member Board of Directors (the Board) that has been elected by District residents. The funds and account groups presented in this report are within the oversight responsibility of the Board, in accordance with Governmental Accounting Standards Board (GASB) Codification of Governmental Accounting and Financial Reporting Standards Part II, Financial Reporting. There are no component units of the District, nor is the District a component unit of any other entity.

A. Basis of Presentation, Basis of Accounting

In accordance with GASB Statement No. 34, the District has elected to combine their Government-wide and Governmental Fund Financial Statements into one set of financial statements with a reconciliation of the individual line items in a separate column on the financial statements.

Government-wide Financial Statements:

The **Statement of Net Assets** and the **Statement of Activities** include the financial activities of the overall government. Governmental activities are generally financed through property taxes.

The **Statement of Activities** presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with a program or function and, therefore, are clearly identifiable to a particular function.

Fund Financial Statements:

The governmental fund financial statement columns are labeled **Government Funds Balance Sheet** and **Governmental Funds Revenue, Expenditures and Changes in Fund Balance**. In the fund financial statements, the accounts of the District are organized on the basis of funds, each of which is considered a separate accounting entity. The emphasis of fund financial statements is on major governmental funds, each displayed in a separate column. The District reports the following major governmental funds:

General Fund: This is the District's primary operating fund. It accounts for all financial resources of the District except those required to be accounted for in another fund.

1. Summary of Significant Accounting Policies (continued)

Debt Service Fund: The Debt Service Fund is used to account for the accumulation of financial resources for, and the payment of, general long term debt principal and interest.

Capital Projects Fund: The Capital Projects Fund is used to account for the acquisition or construction of major capital facilities. Principal sources of revenue are municipal long-term debt proceeds and interest income.

B. Measurement Focus, Basis of Accounting

The Government-wide financial statements are reported using the flow of economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied.

Governmental Fund Financial Statements: Governmental funds are reported using the current financial resources management focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District does not consider revenues collected after its year end to be available in the current period. Revenues from local sources consist primarily of property taxes. Miscellaneous revenues are recorded as revenues when received in cash because they are generally not measurable until actually received. Investment earnings are recorded as earned, since they are both measurable and available. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on long term debt, which is recognized as an expenditure to the extent that it has matured. General capital asset acquisitions are reported as other financing sources.

C. Fund Balances

The District has adopted GASB Statement No. 54 Fund Balance Reporting and Governmental Fund Type Definitions which establishes fund balance classifications that comprise a hierarchy based primarily on the extent to which a government is bound to observe constraints imposed upon the use of the resources reported in governmental funds.

Those fund balance classifications are described below.

<u>Nonspendable</u> – Amounts that cannot be spent because they are either not in a spendable form or are legally or contractually required to be maintained intact.

1. Summary of Significant Accounting Policies (continued)

<u>Restricted</u> – Amounts that can be spent only for specific purposes because of constraints imposed by external providers, or imposed by constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts that can only be used for specific purposes pursuant to approval by formal action by the Board.

<u>Assigned</u> – For the General Fund, amounts that are appropriated by the Board or Board designee, if any, that are to be used for specific purposes. For all other governmental funds, any remaining positive amounts not previously classified as nonspendable, restricted or committed.

<u>Unassigned</u> – Amounts that are available for any purpose; these amounts can be reported only in the District's General Fund.

Fund balance of the District may be committed for a specific purpose by formal action of the Board, the District's highest level of decision-making authority. Commitments may be established, modified, or rescinded only through a resolution approved by the Board. The Board has not delegated the authority to assign fund balance.

D. Budget

The Board adopted an annual budget for the General Fund on the basis consistent with generally accepted accounting principles. The District's Board of Directors utilizes the budget as a management tool for planning and cost control purposes. All annual appropriations lapse at fiscal year end.

E. Pensions

The District has not established a pension plan.

F. Cash and Cash Equivalents

These include cash on deposit as well as investments with maturities of three months or less at the time of purchase.

1. Summary of Significant Accounting Policies (continued)

G. Capital Assets

Capital assets, which include Easements, Water Distribution System, Water Quality Ponds and Organizational Costs are reported in the Government-wide column in the Statement of Net Assets. Capital assets are defined by the District as assets with an initial, individual cost of at least \$1,000. Public domain ("infrastructure") capital assets including water, and drainage systems, are capitalized as acquired. Items purchased or acquired are reported at historical cost or estimated historical cost. Contributed fixed assets are recorded as capital assets at estimated fair value at the time received. Capital assets are depreciated using the straight line method over their estimated useful lives of 50 years.

H. Interfund Transactions

Transfers from one fund to another fund are reported as interfund receivable and payables if there is intent to repay that amount and if the debtor fund has the ability to repay the advance on a timely basis. Operating transfers represent legally authorized transfers from the fund receiving resources to the fund through which the resources are to be expended.

I. Long-Term Debt

Unlimited tax bonds, which have been issued to acquire capital assets, are to be repaid from tax revenues of the District.

In the Government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities. Bond premiums and discounts, as well as issuance costs are expensed as incurred.

In the fund financial statement, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums and discounts on debt issuances are reported as other financing sources and uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

1. Summary of Significant Accounting Policies (continued)

J. Deferred Outflows and Inflows of Resources

GASB Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, provides guidance for reporting the financial statement elements of deferred outflows of resources, which represent the consumption of the District's net position that is applicable to a future reporting period, and deferred inflows of resources, which represent the District's acquisition of net position applicable to a future reporting period. GASB Statement No. 63 became effective for fiscal years beginning after December 15, 2011 and has been implemented in the financial statements.

GASB Statement No. 65, *Items Previously Reported as Assets and Liabilities*, establishes accounting and financial reporting standards that reclassify, as deferred outflows of resources or deferred inflows of resources, certain items that were previously reported as assets and liabilities and recognizes, as outflows of resources or inflows of resources, certain items that were previously reported as assets and liabilities. GASB Statement No. 65 is effective for fiscal years beginning after December 15, 2012 and has been implemented in these financial statements.

2. Cash and Investments

The investment policies of the District are governed by State statute and an adopted District Investment Policy that includes depository contract provisions and custodial contract provisions. Major provisions of the District's Investment Policy include: depositories must be FDIC-insured Texas banking institutions; depositories must fully insure or collateralize all demand and time deposits; securities collateralizing time deposits are held by independent third party trustees.

Cash – At year end, deposits were held by the District's depository bank in accounts that were secured at the balance sheet date by Federal Deposit Insurance Corporation (FDIC) coverage or by pledged collateral held by the District's agent bank in the District's name.

Investments - The District is required by Government Code Chapter 2256, The Public Funds Investment Act, to adopt, implement, and publicize an investment policy. That policy must be written; primarily emphasize safety of principal and liquidity; address investment diversification, yield, and maturity and the quality and capability of investment management; and include a list of the types of authorized investments in which the investing entity's funds may be invested; and the maximum allowable stated maturity of any individual investment owned by the entity.

2. Cash and Investments (continued)

The Public Funds Investment Act ("Act") requires an annual audit of investment practices. Audit procedures in this area conducted as part of the audit of the general purpose financial statements disclosed that in the areas of investment practices, management reports and establishment of appropriate policies, the District adhered to the requirement of the Act. Additionally, investment practices of the District were in accordance with local policies.

The Act determines the types of investments which are allowable for the District. These include, with certain restriction, (1) obligations of the US Treasury, certain US Agencies, and the State of Texas, (2) certificates of deposit, (3) certain municipal securities, (4) money market savings accounts, (5) repurchase agreements, (6) banker's acceptances, (7) mutual funds, (8) investment pools, (9) guaranteed investment contracts, and (10) commercial paper.

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

The District's had no temporary investments at year end.

Analysis of Specific Cash and Investment Risks – GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and, if so, the reporting of certain related disclosures.

Credit Risk – Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized rating agencies are designed to give an indication of credit risk. At year end, the District was not significantly exposed to credit risk.

Custodial Credit Risk – Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterpart or the counterparty's trust department or agent but not in the District's name. At year end, the District was not exposed to custodial credit risk.

2. Cash and Investments (continued)

Concentration of Credit Risk – This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District was not exposed to concentration of credit risk.

Interest Rate Risk – This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

Foreign Currency Risk – This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

Investment Accounting Policy – The District's general policy is to report money market investments and short-term participating interest-earning investment contracts at amortized cost and to report nonparticipating interest-earning investment contracts using a cost-based measure. However, if the fair value of an investment is significantly affected by the impairment of the credit standing of the issuer or by other factors, it is reported at fair value. All other investments are reported at fair value unless a legal contract exists which guarantees a higher value. The term "short-term" refers to investments which have a remaining term of one year or less at time of purchase. The term "nonparticipating" means that the investment's value does not vary with market interest rate changes. Nonnegotiable certificates of deposit are examples of nonparticipating interest-earning investment contracts.

3. Property Taxes

Property taxes are considered available when collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. The District levies its taxes on October 1 in conformity with Subtitle E, Texas Property Tax Code. Taxes are due upon receipt of the tax bill and are past due and subject to interest if not paid by February 1 of the year following the October 1 levy date. The assessed value of the property tax roll on January 1, 2016, upon which the levy for the 2016-17 fiscal year was based, was \$182,833,077. Taxes are delinquent if not paid by June 30. Delinquent taxes are subject to both penalty and interest charges plus delinquent collection fees for attorney costs.

The tax rates assessed for the year ended September 30, 2017, to finance General Fund operations and the payment of principal and interest on general obligation long-term debt were \$0.1895 and \$0.20 per \$100 valuation, respectively, for a total of \$0.3895 per \$100 valuation.

Current tax collections for the year ended September 30, 2017 were 98.91% of the year end adjusted tax levy. Delinquent taxes are prorated between maintenance and debt service based on rates adopted for the year of the levy. The District is prohibited from writing off real property taxes without specific statutory authority from the Texas Legislature. As of September 30, 2017, property taxes receivable, totaled \$6,097 and \$7,407 for the General and Debt Service Funds, respectively.

4. Capital Assets

In February, 2010, October, 2011, and March, 2016, the District acquired \$4,009,347 of Water Distribution Facilities and Drainage Facilities serving the District's residents. Under an Amended and Restated Water Facilities Lease and Services Agreement between the District and the West Travis County Public Utility Agency (the PUA), all of the District's internal Water Distribution Facilities are leased to the PUA in exchange for the PUA's agreement to provide retail water service to the District's residents. The PUA is responsible for their operation and maintenance.

The Drainage and Water Distribution Facilities are being depreciated over 50 years using the straight line method. Depreciation in the amount of \$80,187 has been charged to system operations for the year for these assets.

The final amount of this reimbursement cannot be determined at this time.

however, in the Statement of Activities, these payments are not	
reported as operating expenses

Governmental funds do not report the change in accrued interest	
as an expenditure, however, in the Statement of Activities, this	
change in the amount accrued is reported as an expense	
Accrued Interest	1,066
