

Testing & Assessment Psychology Postdoctoral Fellow

Position: Postdoctoral Fellow in Clinical Psychology (Testing & Assessment Focus)

Location: Massachusetts (flexible work arrangements available)

Salary Range: \$80,000 - \$100,000 annually (or hourly for part time), based on experience

Sign-On Bonus: up to \$10,000 (full-time only)

At BETR, we are redefining psychological and neuropsychological assessment through client care innovation, efficiency, and compassion. Our mission is to transform mental health care by integrating AI tools, data-driven insights, and personalized client support. We are seeking motivated Post-doctoral Fellows to join our team, gain invaluable non-hospital clinical experience, and make a lasting impact on mental health and wellness.

Why Choose BETR for Your Postdoctoral Fellowship?

Exceptional Benefits:

- **Tuition Reimbursement:** Up to \$1,000 annually for continued education and training.
- **Paid Time Off:** Generous PTO, including vacation, sick leave, and personal days, totaling up to 4 weeks per year.
- **Health Insurance:** Comprehensive medical, dental, and vision coverage.
- **Retirement Plan:** 401(k) with employer matching to support your financial future.

Professional Development Opportunities:

- Opportunity to learn to manage and own a BETR location upon full licensure.
 - BETR will hold exclusive business and practice management training for its post-doc fellows only
- Supervised hours and training towards licensure and testing & assessment.
- Access to cutting-edge AI supported assessment tools and technology to streamline your workflow. (learn these early in your career and benefit for a lifetime of practice)

Flexible Work Environment:

- Enjoy hybrid work arrangements and flexible scheduling to support work-life balance.
- Focus on high-quality care delivery with reduced administrative burdens.
- Opportunity to use BETR space to provide psychotherapy on the side

Supportive Culture:

- Work within a collaborative and compassionate team dedicated to advancing mental health care.
- Be part of a workplace where innovation and client care go hand in hand.

Key Responsibilities:

- Administer and interpret psychological and neuropsychological assessments for a variety of clients and learn to write user-friendly, psycho diagnostic reports.
- Develop comprehensive diagnostic reports in collaboration with experienced licensed psychologists.
- Engage in clinical assessment of a myriad of psycho-diagnostic assessments with children, adolescence, young adults, and older adults.
- Maintain accurate and ethical documentation of client interactions.
- Participate in team meetings and contribute to continuous improvement initiatives.

Qualifications:

- Doctoral degree in Clinical, Counseling or Educational Psychology or a related field.
- Strong interest and internship foundation in psychological and neuropsychological assessment.
- Excellent interpersonal, organizational, and analytical skills.
- Experience with technology related to testing, assessment and consultation.
- Commitment to ethical and client-centered care.
- Postdoctoral supervision available for licensure.
