Equity: Own part of BETR, as the practice grows so will the value of your partnership equity, this growing value can provide financial flexibility in the future!

Why become a Partner at BETR Neuropsych?

BETR places (neuro)psychological testing at the center of individual wellness. We're building a tech-enabled, testing-focused care model that improves access, efficiency, and outcomes for clients—and creates a differentiated, sustainable career path for clinicians. Our clinicians get cutting-edge clinical and business support and training, competitive compensation, and practice ownership.

Our unique standards of care and care operating model enable us to keep wait times to weeks, not months, deliver actionable, school and PCP friendly reports; and to partner closely with families, payers, and community providers beyond the assessment. Our goal is client outcomes, not simply a diagnosis.

Let's make a lasting impact on behavioral health and wellness together!

Exceptional Benefits:

- **Partnership Equity:** Own part of the practice and receive a portion of the full practice profit.
- **Paid Time Off:** Generous PTO, including vacation, sick leave, and personal days, based on your employment status.
- **Health Insurance:** Comprehensive medical, dental, and vision coverage.
- **Retirement Plan:** 401(k) with employer matching to support your financial future.

Professional Development Opportunities:

- Individually manage a BETR testing & assessment location without the legal, financial, or compliance risks associated with opening your own practice.
- Focus on care, while BETR provides all non-clinical support services and tools. You don't have to worry about scheduling, billing, claims, referrals, etc.
- Get access to cutting-edge assessment technology to streamline your workflow. (learn these early in your career and benefit for a lifetime of practice).
- Receive ongoing clinical training & supervision, as well as targeted business education focused on running a private practice, equipping you with the knowledge to open their own practice in the future.

Flexible Work Environment:

- Enjoy hybrid work arrangements and flexible scheduling to support work-life balance.
- Focus on high-quality care delivery with no administrative burdens of care.
- Opportunity to leverage BETR space for private practice psychotherapy.

Supportive Culture:

- Work within a collaborative and compassionate team of entrepreneurially minded clinical psychologists that are motivated to advance mental health care.
- Be part of a workplace where innovation and client care go hand in hand.

Key Responsibilities:

- Administer and interpret (neuro)psychological assessments for a variety of clients.
- Develop comprehensive, client friendly, diagnostic reports in collaboration with other experienced licensed psychologists as part of an integrated care team.
- Engage in a myriad of psycho-diagnostic clinical assessments with children, adolescence, young adults, and older adults.
- Maintain accurate and ethical documentation of client interactions.

- Participate in team meetings and contribute to continuous BETR improvement initiatives.

Qualifications:

- Degree in Clinical, Counseling or Educational Psychology or a related field.
- Qualifying License and experience to administer (neuro)psychological testing.
- Strong focus, prior training, and applicable certifications in (neuro)psychological assessment.
- Qualified supervisor, eligible to oversee and provide supervised hours to our training psychologists.
- Excellent interpersonal, organizational, and analytical skills.
- Commitment to ethical and client-centered care.
