

**Looking for something new, fun, and exciting to do at your next party or event?**

**Karaoke Party 2GO** is karaoke done differently. Step into our converted-cargo trailer, put on a pair of headphones, choose a song, grab a microphone and sing your heart out!

A video monitor with on-screen lyrics keeps your singing synced to the song. With our special vocal effects, high-quality equipment, and thousands of songs to choose from, you'll be like a

"Singing Star." With headphones on, you can hear yourself singing along with the music. They are adjustable to fit your head and the volume can be adjusted up or down, which means your ears won't be ringing when you are done. An optional light show is available (not shown).

### **THE NO CURFEW ZONE**

**Karaoke Party 2GO** is a private karaoke room on wheels, which means no worries about being embarrassed in public and no loud music blaring from speakers. And you won't disturb the neighbors, so you can keep partying way past your city's noise curfew.

### **COMFORTS OF HOME**

**Karaoke Party 2GO** is the perfect size with a maximum number of participants allowed inside to sing at one time is five people. It's air-conditioned with temperature control settings for cool or ice cold in the summer and comfortably warm in the early spring and fall. There's also a comfortable bench and ottoman to sit and relax on if you are just listening or when waiting for your turn to sing.

***You're Singing Ability Doesn't Matter, Just Have FUN!***

## WE BRING THE FUN

**Karaoke Party 2GO** is delivered setup, and picked up at your home, business or venue. The only requirements are a smooth, flat ground with no overhead obstructions (the unit is equipped with level jacks for uneven ground and stability), a standard 120-volt power outlet and wireless internet connection (hotspot available). If your karaoke party is somewhere without electricity, we have a quiet gas generator inverter available for rent as well. In addition to karaoke, the unit doubles as a photo booth and comes complete with a green screen for company logos, sports teams, scenery, etc.
