

Hotlanta - THE Allman Brothers Experience

Since our inception in 2008 we have played in various venues in the Tri-State area, including festivals, outdoor concerts, and special events.

The success of our band and its dedicated followers, is our authenticity. We replicate the original line up of the Allman Brothers.

Each of our musicians have the pedigree, honed over many years, that provide a dynamic and energizing show. With that passion and synergy, we continue to attract a dedicated group of followers, while at the same time expanding our fan base.
