Motor Vehicle Report

A Motor Vehicle Report (MVR) is run on all applicants age 18-35 who have a valid driver's license. An MVR may be requested on applicants age 36+ if the application question regarding moving violations or driving under the influence is answered "yes" or if we receive confidential information that indicates the question should have been answered "yes."

MVR Rules:

- No DUI within 3 years
- No multiple DUIs within 10 years
- ≤ 3 minor moving violations within 3 years
- License not suspended or revoked within 3 years

Age, alcohol, drug use and medical history all play a role in determining the mortality impact of driving violations. If an MVR is obtained, the underwriter will consider all driving risk factors in determining the final risk classification. If an applicant is driving, their license must be valid.

Financial Underwriting Guidelines

An income replacement factor is used in determining the total amount of insurance the applicant is eligible for (see chart).

A non-income earning spouse with minor children is eligible for up to 50% of the total coverage (in force and applied for) on the income earning spouse. Others with no earned income will be given individual consideration.

Instructions for Completing eApp with POS Underwriting Option

Columbian's electronic application includes a Risk Qualifier, which helps you quickly determine whether your client may qualify for a SafeShield® plan before you complete the entire application. Using eApp helps eliminate errors and gets your applications submitted faster, and the POS Underwriting option delivers a decision in under three minutes, while you're still with the client.

To complete an eApp:

1. Log in to the Agent Portal and select New eApp.
2. Select the state of application. The application state must match the Proposed Insured's state of residence. If the application state differs from the state where the application is taken, you must be licensed in both states.
3. Answer the interactive Risk Qualifier questions, which will help determine whether the Proposed Insured may qualify for a SafeShield® plan. The responsive status bar shows the client's risk level of green, yellow or red, based on answers to the questions.
 - Green = Eligible to apply for immediate POS Underwriting approval
 - Yellow = Underwriting review will be needed
 - Red = Client is not eligible for the product
4. Select "Continue" to proceed to the electronic application. The answers provided in the Risk Qualifier will transfer to the eApp. Complete the remaining sections of the application.
5. When the application is ready for signatures, an image of the completed application and any additional forms will be displayed for review. If corrections are needed, select the Edit button to return to the application.
6. Apply electronic signatures.
7. After signing, you may choose to get a Point of Sale underwriting decision or submit the application for underwriting review.
 - If you select POS, the decision will be delivered within minutes. Once the decision is delivered, you may submit or withdraw the application. If you close the application without selecting the Submit Application button, it will be considered withdrawn.
8. After submission, you will receive a confirmation. You may click on the link to download or view the signed documents. The signed documents are also available in your Saved eApps in the Agent Portal.

Instructions for Completing Paper Application

Be sure to use the application and any other required forms for the Proposed Insured's primary state of residence. If the application state differs from the state where the application is being taken, you must be licensed in both states.

1. PROPOSED INSURED

Fill this out completely, being sure to include the Social Security number and phone number of the Proposed Insured. When calculating the Proposed Insured's age, if a specific effective date is requested for backdating or if the first premium is to be paid by bank draft, calculate the age as of the effective date or draft date, not the application date.

2. BENEFICIARY

If the Proposed Insured will be the Owner, he or she may name the beneficiary of their choice. If the Owner will be other than the Proposed Insured, the beneficiary must have an insurable interest. The relationship must be stated on the application.

3. POLICY DELIVERY OPTIONS

Check the appropriate box to indicate whether the policy will be mailed to you or to the Policyowner. If neither box is checked, the policy will be mailed to the Policyowner. Policies with outstanding delivery requirements will be mailed to the agent regardless of which box is checked.

If a delivery receipt is included with the policy, it must be signed by the Policyowner and returned to the Company.

OWNER

Complete this section if the Proposed Insured will not be the owner of the policy. Be sure to include the owner's Social Security number. The Policyowner must have an insurable interest in the life of the Proposed Insured. The insurable interest requirement is satisfied if the individual is an immediate family member or would suffer an economic loss by the death of the Proposed Insured. The relationship must be stated on the application.

SECONDARY ADDRESSEE

Complete this section if the Applicant/Owner is designating an additional party to receive a copy of any notifications of past due premium and possible lapse in coverage.

4. POLICY INFORMATION

- Select the plan of insurance, tobacco class and any desired riders.
 - If applying for a Return of Premium policy and the Accelerated Death Benefit - Terminal Illness Rider is selected, provide Disclosure Statement Form No. 6180-CL or appropriate state variation *if required in your state*.
 - If applying for a Non-Return of Premium policy and any of the applicable Accelerated Death Benefit Riders (Terminal Illness, Critical Illness and/or Chronic Illness) are selected, provide Disclosure Statement Form No. 5419CFG or appropriate state variation.
 - If applying for the Chronic Illness Accelerated Benefit Rider, answer the two health questions related to the rider.
- Enter the face amount of the base policy and the total premium, including riders. Indicate the amount of premium paid with the application. If the initial premium will be drafted, enter a zero for the amount paid with application. If backdating, the initial premium must be calculated from the requested effective date of the policy.

5. HEALTH HISTORY

- **Part 1** - If the answer to either of the Tobacco Use questions is yes, Tobacco rates will apply. Please note that the marijuana question pertains only to smoked marijuana.
- **Part 2** - If any question in this part is answered “Yes,” do not submit the application.
- **Part 3** - If any question in this part is answered “Yes,” provide details on page 4.
- **Part 4** - Provide details for any “Yes” answers. If the applicant has a driver’s license, be sure to include the Driver’s License Number and state of issue in question 2.

6. MEDICAL INFORMATION SECTION

Provide details for any “Yes” answers in Part 3 of the Health History. The information you provide will help avoid a telephone interview to determine whether the proposed insured qualifies for a SafeShield® plan.

7. REPLACEMENT

Answer both replacement questions on the application.

- If the application is signed in a state that has adopted the Model Replacement Regulation:
 - If the Applicant *does not have* any existing life insurance or annuities, your duties with respect to replacement are complete.
 - If the Applicant *does have* existing life insurance or annuities, you must complete the appropriate replacement notice for your state, even if the existing insurance or annuities are not being replaced. The notice must be read aloud to the Applicant, unless he or she initials the bottom of the form indicating that they have declined to have it read aloud.
- If the application is signed in a state that has not adopted the Model Regulation, complete the appropriate replacement notice if the Applicant answers “yes” to the second replacement question: “*Is this application for insurance intended to replace any life insurance or annuities now in force?*”

A replacement should be recommended only when it is in the best interest of the Applicant. Columbian does not condone unwarranted or unsuitable replacements. Any time that you complete a replacement notice, you must submit a copy with the application and leave a copy with the Applicant, as well as copies of all sales materials used in the presentation.

8. SPECIAL REQUESTS/REMARKS

Use this space to add any details regarding the application.

10. AUTHORIZATION & ACKNOWLEDGEMENT

The Proposed Insured must sign the application. A Power of Attorney signature will not be accepted. If the Owner will be other than the Insured, the Owner must sign as well. Signatures are to be witnessed by the Agent. If the signature is not witnessed by the Agent, the reason must be noted under “Special Requests/Remarks.” Be sure to include the city and state where the application was signed. *Note:* The application must be received by the Company within 30 days of signature.

11. REPORT OF LICENSED AGENT

Answer both replacement questions and indicate whether you are related to the Proposed Insured or Owner. If yes, provide the relationship.

PAYMENT INFORMATION & AUTHORIZATION

Indicate whether the premiums will be paid by the Proposed Insured, Owner, or another party. If they will be paid by another party, provide the requested information for the payor.

Enter a requested Effective Date only if backdating to save age. Backdating up to six months is allowed. The initial premium must include back premiums to the requested Effective Date. If no date is requested, the Effective Date will be the later of the date of the application or the date all underwriting requirements, as required by the Company's underwriting rules, are completed.

INITIAL PREMIUM

Indicate the amount of the initial premium. Check the appropriate box to indicate how the initial premium is to be paid.

- If the initial premium will be drafted at a future date, the draft must be within 35 days of the application date.
- If "Draft on Issue" is selected, the premium will be drafted when the policy is issued, if there are no pending requirements.
- If "Immediate Draft" is selected, the premium will be drafted when the application is received by the Company.
- If payment is made by check, the premium will be debited electronically when the application is received by the Company.

SUBSEQUENT PREMIUM PAYMENTS

Indicate whether ongoing premium payments will be billed or paid by Electronic Funds Transfer (EFT). Direct Bill is not available for monthly payments.

EFT premiums can be drafted on a specific day between the 1st and the 28th of each month, or on a specific day and week of each month to coincide with bank deposits. If the payor checks the Social Security Benefit Authorization, the draft date will be adjusted to coincide with Social Security deposits in months where the deposit date differs due to a holiday.

CONDITIONAL RECEIPT

Complete this section only if premium is paid by immediate draft or by check, cashier's check or money order. Do not complete the Conditional Receipt if the initial premium will be drafted at a future date or drafted on issue of the policy.
