THE BLACK CHILDREN'S LIBRARY BREMEN

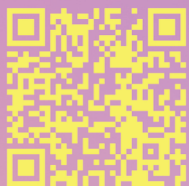

Let's read together!

The Black Children's Library in the Bremen district "Viertel" carries a variety of children's and youth literature that focuses on Black children and young people as the heroines of the stories. Because Black children and teenagers still rarely appear as main characters in books.

The books can be read and borrowed on site. There is also a small selection of books for adults.

Our offer is intended for children and young people up to 14 years old, as well as adults, parents, caregivers and anyone else who is interested.

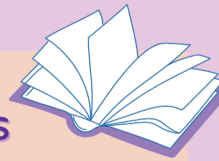

We also organize readings and various workshops.
