

Products For All Applications

At Consultant Lubricants, we offer no-cost consulting services to our clients in the metalworking industry. Our staff of experienced professionals utilizes a combination of on-site analysis, in-house chemist, laboratory resources, and blend-to-order capabilities to create solutions to increase production efficiencies and solve production problems that are guaranteed to increase your profits.

Machining Coolants and Cutting Oils

Boring	Grinding	Turning
Broaching	Grooving	Reaming
Chamfering	Hobbing	Honing
Deburring	Milling	Lapping
Drilling	Tapping	

Drawing, Stamping, and Forming Compounds

Blanking	Rolling
Coining	Stamping
Cold Heading	Punching
Drawing	Press Fitting
Forging	

Pre-Treatment, Specialty, Finishing Compounds

Cleaners	Corrosion Inhibitors	Reaming
Coatings	Rust Prevention	Honing
Sealers	Specialty Greases	Lapping
	Anti-spatter	
	Degreasers	

Die Casting and Foundry Compounds

Plunger Lubricants
Machining Fluids
Heat Transfer Oils
Heat Quenching
Column Guide Grease
Custom Formulations
Multi-Metal Die Casting
Trim Die / Press Lubricants
Vibratory Finishing Compounds
Ceramic Mold and Ladle Coatings

**Guaranteed To Significantly
Reduce Your Total Operating Costs.**

Guaranteed On-Time Delivery.

Properties

Categories

**Advanced Oil-Free
Full Synthetic
Extreme
Stamping Compound**

- Ideal For All Metals
- Anti-Galling Interface
- Tooling Protection
- Weld-over
- Low Viscosity
- Automotive Approved
- Cleaner Shop Floor

**Advanced
Semi-Synthetic
Extreme
Stamping Compound**

- Ideal For All Metals
- For Most Extreme Operations
- Mixes Easily With Water
- Cleans Easily
- Excellent Corrosion Protection
- Replaces Straight Oils

**Extreme Performance
Vanishing Oil
For Stamping**

- Ideal For All Metals
- Anti-Galling Preserves Tools
- Low Flammability
- Corrosion Resistant
- Minimal Residue
- Eliminates Parts Washing
- Operator & Eco-Safe

**Advanced
Semi-Synthetic
Long Life, CNC
Machining Coolant**

- Long Sump Life
- Low-Foaming
- Bacteria Resistant
- Very Low Residue
- Low Consumption
- Operator & Eco-Safe

**Advanced
Full Synthetic
Long Life, CNC
Machining Coolant**

- Cleanest Running Option
- 1 Year Sump Life
- Low-Foaming
- Rejects Tramp Oil
- Bacteria Resistant
- Minimizes Residue
- Operator & Eco-Safe
