FOR IMMEDIATE RELEASE:

Ronald "BEE-STINGER" Savage, 20-year famed staple and gatekeeper in Hip-Hop, Author, and Activist announces the Hip-Hop Movement takeover. The movement was founded and developed by Savage back in the 90's and supported by City Council, United Coalition Association, and New York State Democrat Committee. Instantaneously the movement was swarmed by major media and press such as The Daily News and New York Times which led to a speaking engagement at the New York State Democratic Convention in the mid 2000's.

Even prior to his legendary status in the music industry, Savage was well known around the communities for his passion and desire to see everyone win, strive for a better quality of life, and exercise peace and unity. Those qualities were intertwined into the six essential elements carved into the Hip Hop Movement. Those elements are as follows; consciousness awareness, civil rights awareness, activism awareness, justice, political awareness, and community awareness. The book highlights his legendary stance in Hip-Hop, the culture, and his personal and professional growth throughout the years. You can read further about Savage and the movement in his acclaimed publication "Life is a Bag of Mixed Emotions", available on Amazon and Barnes & Noble.

To heighten the worldwide buzz, Savage just released his latest single "Hip Hop Movement Anthem". *"I'm not rapping on the single, this is an arrangement of classic Hip Hop beats for the clubs and DJ's to bring fun and peace back to the forefront of Hip-Hop."* The anthem is out now and being played by DJ's and radio stations domestically and internationally.

Savage is currently available for press, media, and radio interviews and welcomes all inquiries. To schedule an interview please correspond via email at OfficialHipHopMovement@gmail.com or via phone at 609-756-6377. Thank you for your time and support.

Sincerely,
