

# Project Over Budget or Running Late?

- Projects are becoming increasingly complex and risky.
- Trying to manage project risk using spreadsheets no longer meets the demands of the modern project world.
- Using old-school methods with incorrect tools is a recipe for disaster, leaving many projects late on delivery and overspent against budget.

# Empowering Risk Culture Change

- Emsity's mission is to empower organisations to achieve risk cultural change so that Projects are more successful and objectives are met:
  - World-class, up-to-date risk management training
  - Modern risk register software
  - Ongoing change support

# World Class Risk Management Training

- Emsity's lead trainer is Mark Turner BSc, CFIRM
- Mark has over 15 years of experience in risk management leadership and training
- Certified Fellow of the Institute of Risk Management
- Accredited trainer with CIMA and ILM

# Modern Risk Software

- Emsity has partnered with Safran Software Solutions to design and develop Safran Risk Manager, the world's simplest risk register.
- Designed to be used by project members and risk professionals alike, Safran Risk Manager gives you what you need, when you need it.
- Emsity is an authorised reseller of Safran Risk Manager

# Ongoing Change Support

- Culture change does not stop when the training is complete and the software is installed.
- Emsity provides a complete after-sales support service to ensure that all team members are fully engaged in the cultural change program, and that the benefits of the training and the software are fully realized.

# Contact Emsity Today

- Emsity is ready to help you achieve risk culture change.
- Contact Emsity via our website to arrange a free demonstration of Safran Risk Manager, and to learn how Emsity can empower your organization to deliver project risk culture change.
