ENDS 31ST DECEMBER 2020

WELCOME TO OUR SIP AUTUMN/WINTER 2020 PROMOTION

SIP INDUSTRIAL PRODUCTS LIMITED

For over 50 years, SIP Industrial Products Limited, has been a flagship supplier of high quality equipment and machinery to the ever-growing, engineering, construction, automotive & agricultural marketplaces.

As Machinery Specialists, SIP have put quality, value and choice first, making sure you have the right product for the task in hand. This Autumn/Winter promotion is packed full of New and Seasonal products with a selection of amazing Price Drop Deals which upholds the SIP tradition.

THE NEW Sany+Air

Protect Customers, Colleagues and the Public

with this Italian made professional, sanitising oil-free compressor from NARDI.

- **SPECIALLY** designed for the disinfection and sanitising of all types of environments and surfaces.
- Sprays and micronebulises sanitising liquid from its unique spray gun with specially designed nozzle.
- Produces a very fine dry mist down to 50 Microns or less (about 10 times finer than light rain) to ensure surfaces are disinfected but dry.

This allows for safe spraying in hospitals, schools, offices, kitchens, shops and on equipment which is safe to use straight after spraying, with no wastage of valuable sanitising liquid.

- Low noise, lightweight portable design (7kg) for easy sanitising anywhere, including hard-to-reach and confined places.
- Over 20,000 sold worldwide. Already in use in 1000s of small and large businesses, primary schools, prison services, train companies, shops, hotels and hospitals.

COMPRESSOR

- 0.5hp (350w) motor
- 30psi (2bar) max pressure
- 60ltr/min air & liquid delivery
- 72db(A) noise level

NEBULISER GUN

- 700ml capacity
- 50microns air nebulisation
- 30psi (2bar) working pressure
- 5m coiled air hose length
- Weight 350g

SIP ELECTRIC FAN HEATERS

Featuring PTC Element (Positive Thermal Coefficient), for safer temperature control. Compact & lightweight design making them ideal for smaller domestic & office applications

- Thermostatically controlled automatic cut-off - for energy saving
- Heavy-duty powder coated finish - for durability & longer life
- Integrated legs & carry handles- for easy portability
- ERP Compliant - Reduced emissions and higher efficiency

09128

**PTC
ELEMENT**

09160

The ErP Directive, which is a new regulation set by the European Union, is designed to drive improvements in the efficiency and performance of heating products.

Its purpose is to ensure that end users are aware of the level of energy efficiency inherent within their appliances.

As such, the Directive will help European governments reduce carbon emissions while helping home owners and businesses to reduce their energy bills.

Compact, lightweight and free standing design, ideal for garages & medium sized workshops.

- Thermostatically controlled automatic cut-off - for energy saving
- Heavy-duty powder coated finish - for durability & longer life
- Integrated legs & carry handles- for easy portability
- ERP Compliant - Reduced emissions and higher efficiency

SIP PETROL INVERTER POWER GENERATORS

Why Choose an SIP Inverter Generator?

Clean and Stable Power Supply:

Thanks to digital inverter technology, these models deliver a reliable power source suitable to run laptop computers and other electrical devices - perfect for site offices, boats and caravans.

Economy Control Switch:

Varies engine speed according to load for increased fuel economy.

Quiet, Lightweight and Highly Portable:

SIP inverter generators are considerably quieter than traditional generators. They are also smaller and lighter increasing portability.

Economical and Friendlier to the Environment:

SIP inverter generators have a 30 - 40% lower fuel consumption rate, making them super economical and more eco-friendly compared to traditional generators.

- A **Pure Sine Wave Inverter** converts the DC to a stable pure sine wave 230V AC, suitable for appliances including sensitive electronics
- USB sockets can be used at same time as 230v output
- EURO V engines - conform to european emissions regulations
- Thermally protected - for inverter protection
- Oil alert system - for engine protection
- Forced air cooling - for longer operating time

POWER GENERATORS

SIP PROFESSIONAL KOHLER® ENGINE PETROL-POWERED GENERATORS

Our range of Kohler® engine petrol generators boast fantastic power output and 3 year manufacturer engine warranty.

These generators are robust and reliable comprising of a **HEAVY-DUTY MAINTENANCE-FREE ALTERNATOR, CAST IRON CYLINDER AND RUGGED FRAME.**

- Quad Clean™ heavy-duty cyclonic air cleaner which forces large particles of contaminants out of the engine
- Engineered for enhanced durability
- Oversized mufflers, steel-forged crankshafts and oversized ignition systems
- Engine designed in the USA
- Electric start option available (see below for details)

SIP PROFESSIONAL HONDA™ ENGINE PETROL-POWERED GENERATORS

Our popular Honda™ engines are powerful, reliable and are covered by a Honda 3 year engine warranty.

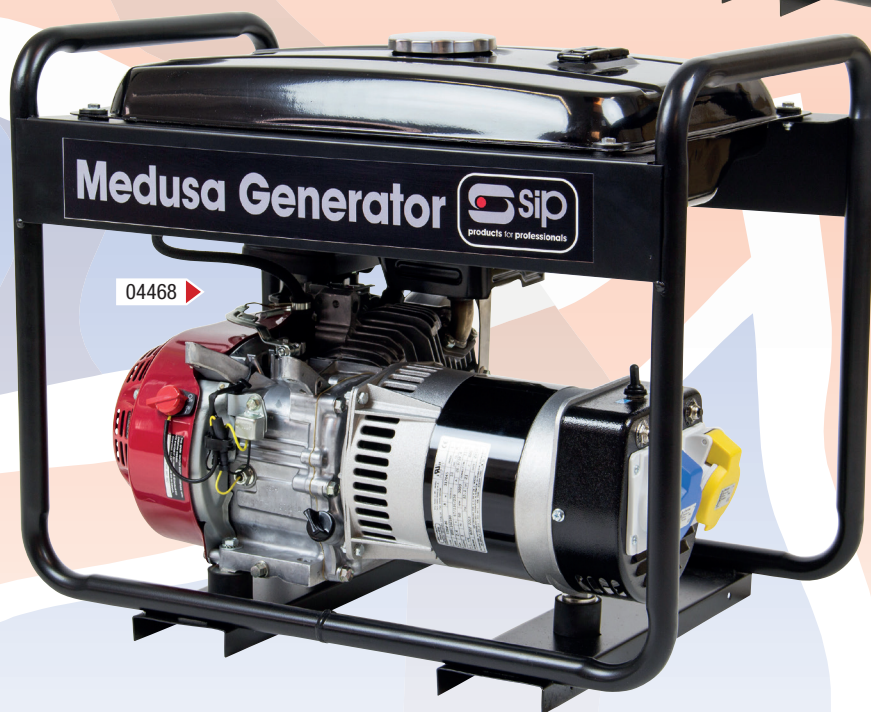

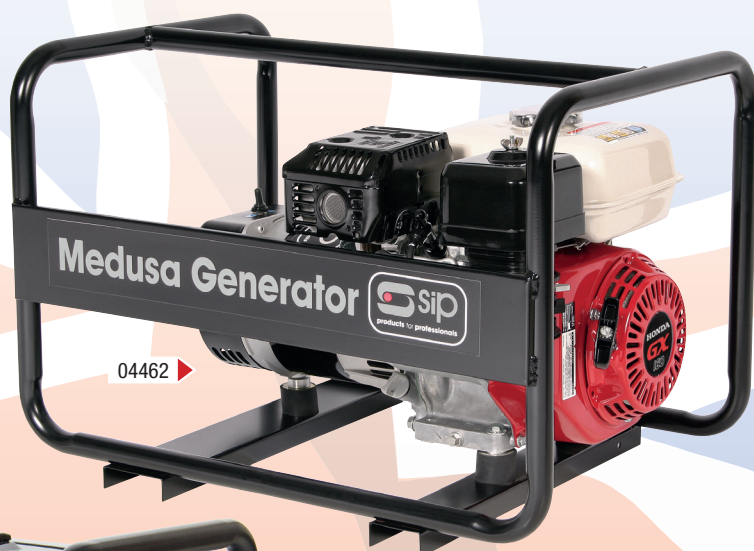

These generators are robust comprising of a HEAVY-DUTY MAINTENANCE-FREE ALTERNATOR, CAST IRON CYLINDER AND RUGGED FRAME.

- Splash-fed oil lubrication system
- Low oil shutdown prevents engine damage
- Cast iron cylinder liner
- Hot spark electronic ignition available (see below for details)
