March 16, 2021

Good Afternoon Eagles:

I hope this message finds all of you enjoying the weather, some familiar and normal activities, and healthy households. It is hard to believe we have nearly completed three quarters of the school year and our kiddos are preparing for the “final stretch” of this year. We have all experienced an entire year of uncertainty, challenge, change, and unfamiliarity in and out of school. I can honestly say, I have not met a more resilient group of students, families, staff members and community than ours here at Mason and I appreciate all of you for your support and understanding the entire year.

As you know, our current school delivery model is a 5 day per week in-person and remote hour hybrid model. **Last night, the Mason Consolidated School Board of Education held their regular meeting where they decided it is in the best interest of the district to maintain this model for the remainder of the school year.** Students in our remote/virtual classrooms may maintain their current schedule as well.

Additionally, spring break is April 2-April 11, with a half day of school on April 1<sup>st</sup>. We hope you enjoy this well-deserved break. We do understand that many families will be gathering or traveling during this time and we ask that everyone exercise extreme caution to prevent illness for themselves or others.

Please look for additional communication from your child’s principal regarding items of importance for the upcoming months. These include state testing dates, activities, and plans for summer programming for some students.

If you have questions or concerns, please contact your child’s principal.

Respectfully,

Kelli Tuller  
Superintendent
