

TULLER'S TIDBITS

February 2026

Dear families:

Each month, this brief update offers a glimpse into the great things happening across Eagle Nation. I'm proud of the hard work, progress, and heart that define our schools; where our shared priorities of student success, safety, and community spirit shine through every day. It's an honor to serve this incredible district! Go Eagles!

-Superintendent Kelli Tuller

High School Happenings

- Terry Davison won the Golden Apple award for January. Mr. Davison was nominated by Mr. Brown for going above and beyond with his new AP Government class and his strong Youth in Government program. Thanks for all you do, Terry!
- Auditions for the spring musical will take place this week! The musical is open to all middle and high school students, including MAVA. Students who prefer behind-the-scenes can also offer their skills in set building, painting, and sewing!
- David Mills broke a difficult school record; he completed the 500 free record with a time of 4:52.31! The previous record, held by Bryan Andrews in 2008, was 4:55.02! Way to go, David!

PHOTO OF THE MONTH

Elementary School Happenings

- The Mobile Dentist will be visiting on February 18th. Flyers have been sent home and posted online for parents/guardians to register.
- The new CHOICE program is going well! CHOICE stands for Creating Habits Of Integrity, Character, and Excellence. It is a program designed to provide students with problem-solving and communications skills, and how to effectively deal with peer pressure and the dangers of drugs and alcohol.
- Kindergarten Round-Up will be on Thursday, April 16th. See our website or the Central Elementary office for requirements!

Middle School Happenings

- Student Council hosted a hygiene drive, collecting personal care items such as deodorant, toothpaste, shampoo, etc. Their goal was 200 items and they got close: 143 items. Thank you to the students and families for your generosity!
- Two teams of 3-4 students each will be representing MMS at the "CEF You Be The Solution Challenge" on February 26th at the ISD. This is a STEM competition in which students solve fun, hands-on challenges to use what they learn in class in real-world situations, while also building teamwork and problem-solving skills. Good luck, Eagles!
- The University of Toledo invited MMS to participate in Engineering Day, an event that aims to inform young students about engineering and STEM careers.

Keep Our Campus Beautiful!

Lately we've noticed some damage to our trails; ruts and holes that make it unsafe for runners and walkers. Please, no ORVs, side-by-sides, motorcycles, or other motorized vehicles on school grounds. Also, we love our four-legged friends, but please leave them at home when on school grounds: no dogs or animals are allowed at any time for safety and health reasons. Thank you for understanding and helping take care of the place we all love!

Remember:

- February 11 - Count Day
- February 16 - No School; President's Day
- March 6 - End of 2nd trimester, Elementary
- March 11 - 2-hr late start

We love hearing from our Eagle families! Your thoughts and ideas help make our district even better. Feel free to reach out anytime; I'd love to connect!
