

Brandon Bates Administrative Report

Date: 6/10/2026

- **The Senior assembly, Senior Honors Banquet, and Graduation were a huge success. Thank you for all of your support as we celebrated the Class of 2026!**

- **Summer school at the high school will begin July 20th. We will be using our MAVA Edgenuity platform. We will be able to once again offer transportation to high school students for summer school. We have students using Summer School for both credit recovery and to clear up room in their schedule for more advanced classes.**

- **I want to express how proud I am of our AP students and teachers for their dedication, perseverance, and hard work this school year. Our students have challenged themselves with rigorous coursework, and our teachers have provided outstanding support and instruction every step of the way. Scores on the AP tests will be released in early July.**
