This handbook is intended for use by students, parents, and staff as a guide to the rules, procedures, and general information about the district. The use of the word "parent" in this handbook means a student's natural or adoptive parent or legal guardian. If a situation arises that is not specifically addressed by this handbook, the administration may respond based on applicable law and policy.

The rules and information provided in this handbook may be supplemented or amended by the administration at any time, consistent with applicable law and policy.

- Alternative: Official school Facebook page

NOTICE OF NON-DISCRIMINATION

The District does not discriminate on the basis of race, color, religion, national origin, ethnicity, sex (including pregnancy, gender identity, or sexual orientation), disability, age, height, weight, marital or family status, veteran status, ancestry, genetic information, military status, or any other legally protected category (collectively, “Protected Classes”), in its programs and activities, and provides equal access to the Boy Scouts and other designated youth groups as required by law.

The District prohibits unlawful discrimination, including unlawful harassment and retaliation. The District will investigate all allegations of unlawful discrimination and will take appropriate action, including discipline, against any person who, following an investigation, is determined to have engaged in unlawful discrimination.

“Unlawful harassment” is verbal, written, or physical conduct that denigrates or shows hostility or aversion toward a person because of the person’s membership in a Protected Class that has the purpose or effect of: (1) creating an intimidating, hostile, or offensive environment; or (2) unreasonably interfering with the person’s ability to benefit from the District’s educational programs or activities.

- **Race, color, and national origin harassment** can take many forms, including, but not limited to, slurs, taunts, stereotypes, or name-calling, as well as racially motivated physical threats, attacks, or other hateful conduct. - **Sex-based harassment** can take many forms. For the definition of sex-based harassment, including sexual harassment under Title IX, see Policies 3118 and 5202. The District’s Title IX Policy is attached to this handbook as Appendix A.

Any student who witnesses an act of unlawful discrimination, including unlawful harassment or retaliation, is encouraged to report it to District personnel. No student will be retaliated against based on any report of suspected discrimination. A student may also anonymously report an incident of unlawful discrimination. The District will investigate anonymous reports pursuant to its investigation procedures described by Policy. Minor students do not need parent permission to file complaints or participate in the formal complaint resolution process described by Policy.

If you or someone you know has been subjected to **sex-based discrimination, harassment, or retaliation**, you may file a report with any District employee. Formal Complaints of sexual harassment must be filed with the Title IX Coordinator:

SECTION I: DISTRICT-WIDE POLICIES AND PROCEDURES

Attendance

Students are expected to attend school every day school is in session. Students are to arrive before the first class and stay until the scheduled end of their school day. If a student is unable to attend school, the student or parent must report that absence to the Mason High School office at 848-5755, by 8:00 A.M. and provide an explanation.

The following absences will be considered excused if they are confirmed by communication to the school from the student's parent/guardian:

- the student's physical or mental illness (a physician's verification is required after 4 consecutive days of absence for illness);
- severe weather;
- medical appointments for the student;
- death or serious illness of the student's family member;
- attendance at a funeral, wedding, or graduation;
- appearance at court or for other legal matters;
- observance of religious holidays of the student's own faith;
- college planning visits; and
- suspension/expulsion

A student who violates attendance expectations may be subject to discipline and any other applicable consequences.

Absences due to illness

The school will contact parents/guardians if a student becomes ill at school and may ask that the parent pick up the student.

Planned absences

Parents who know in advance that a student will be absent must contact the school at the earliest possible date. Students who will be absent for reasons that can be anticipated, such as routine medical appointments and school activities, must complete any work required by the teacher before the absence unless alternative arrangements are approved by the teacher in advance. Parents should make every attempt to schedule medical and other appointments outside of school hours.

Students are expected to:

- Complete all class work in advance for any absence that can be anticipated or make alternative arrangements with their teacher in advance of the absence.

- Sign out of school at the office if leaving school during the school day.
- Make up all work that is assigned by teachers for the instructional time that has been missed.

For more information, see Policy 5301.

School Attendance Procedures

Step 1:

When a student misses 8 or more days of school within a school semester the administration will review the student's grades, reason for absences, and discipline records to determine if the attendance issue is interfering with learning.

If it is determined by the administration to be interfering with learning or to be a potential truancy case:

- Letter of concern sent to parents
- If the student continues to miss school, the administration will proceed to step 2

Step 2:

When a student misses 7 additional days of school within a school semester (total of 15 or more) Letter #2 will be sent to set up a parent meeting.

- School Officials will prepare an Attendance Improvement Plan
- School Officials will send a follow up letter and related documents to parents
- A copy of the letter and AIP will be emailed to the Prosecutor's Office

If the family participates in services and the student's attendance improves, the administration will continue to monitor the student's attendance. If the family refuses to participate in the attendance meetings and/or the attendance does not improve the school officials will officially notify the Prosecutor's office to begin steps 3 and 4.

School Tardy Procedures

It is extremely important that students get to class on time, any missed instructional time will result in missed information which will directly affect the learning process and ultimately the students grades.

Students tardy to 1st hour will need to sign into the front office and receive a pass before going to class. Class periods 2nd- 6th hour will be recorded by the classroom teachers in Infinite Campus.

- 1st, 2nd, 3rd tardy will be a warning.
- 4th tardy (teacher will send student to the office to receive their detention notice).
- 5th or more will result in additional detentions and/or Saturday (3 hour) detention.

After School Detentions will be held every Tuesday and Thursday.

NOTE: An automatic email will be sent to parents when a student receives their 3rd tardy to any class.

Books and Supplies

The District will provide free instruction to all students and will not charge a fee for materials necessary to complete required or elective courses. Students and parents may purchase additional supplies at their own expense. The District may charge a reasonable and refundable deposit to cover damage to textbooks and supplies. A teacher may provide a list of suggested materials that students and parents may purchase. Purchasing materials is voluntary and not required for curricular activities.

Students must take care of books and other supplies provided by the District. The District may assess fees to repair or replace District property that is lost, damaged, stolen, returned in a different condition, or not returned on time.

Bulletin Boards

Space may be provided within school buildings or on school electronic media for students and student organizations to post notices about student groups. Rules for posting on bulletin boards are found in Policy 5503.

Bullying

All types of student-on-student bullying, including cyberbullying, without regard to subject matter or motivation, are prohibited. The District's Anti-Bullying Policy is attached to this handbook as Appendix B.

5209 Student Use of Wireless Communication Devices

In accordance with **Michigan Revised School Code (MCL 380.1303a)**, the Board of Education has adopted the following policy (policy #5209) regarding student use of wireless communication devices to promote a safe, respectful, and focused learning environment. Beginning with the **2026–2027 school year**, students are prohibited from using wireless communication devices during instructional time on school grounds. Districts may also establish additional restrictions beyond instructional time.

Definition

A wireless communication device includes, but is not limited to:

- Cell phones
- Smartwatches with communication capabilities
- Personal tablets
- Wireless earbuds or headphones connected to a communication device
- Any personal electronic device capable of texting, calling, accessing the internet, taking photos or videos, emailing, or using applications.
- AI Glasses

Student Expectations

Students are expected to:

- Keep wireless communication devices silenced and stored out of sight during instructional time unless specifically authorized by a staff member for an instructional activity.
- Follow all directions provided by teachers and administrators regarding the storage and use of personal electronic devices.
- Refrain from using wireless communication devices in any manner that disrupts instruction or the learning environment.

Unauthorized recording, photographing, or video/audio recording of students or staff without permission is prohibited and may result in disciplinary action and/or referral to law enforcement when appropriate.

Exceptions

The District recognizes the following exceptions as required by Michigan law:

- Medically necessary devices.
- District-issued devices used for educational purposes.
- Devices designated by the District for instructional use.
- Devices required as part of a student's Individualized Education Program (IEP) or Section 504 Plan.
- Teacher-approved lesson-specific academic activities.
- Emergency situations consistent with the District's Emergency Operations Plan.

Consequences for Violations

Failure to comply with this policy may result in progressive disciplinary action, including but not limited to:

- Verbal reminder or warning.
- Temporary confiscation of the device until the end of the school day.
- Parent conference with administration – Parent must come in and pick up device
- Additional disciplinary consequences for repeated violations, as outlined in the Student Code of Conduct.

The District is not responsible for the loss, theft, or damage of personal wireless communication devices brought to school.

Students and parents are encouraged to communicate through the school office during the instructional day whenever possible.

Cheating, Plagiarism, and Academic Dishonesty

Students may not cheat, plagiarize, or otherwise participate in academic dishonesty in any form. Unless specifically authorized by a teacher, prohibited behavior may include, but is not limited to:

- Obtaining, attempting to obtain, or aiding another person in obtaining credit for work by any dishonest or deceptive means.
- Copying another person's work or answers.
- Discussing with other students the answers or questions on a test or assignment before the test or assignment has been submitted for a grade.
- Taking or receiving copies of a test.
- Using or displaying notes, "cheat sheets," or other sources of unauthorized information.
- Using the ideas or work of another person as if they were your own without giving proper credit to the source.
- Using artificial intelligence to assist or complete an assignment or test.
- Submitting work or any portion of work completed by another person.

A student who cheats, plagiarizes, or otherwise participates in any academic dishonesty may receive no credit on that assignment or class and will be subject to discipline, up to and including expulsion.

Children's Protective Services Investigations

The District will cooperate with Children's Protective Services (CPS) during an investigation of suspected child abuse or neglect. Cooperation may include allowing CPS access to a student without parent consent if CPS determines access is necessary to complete the investigation or prevent abuse or neglect. As a matter of law, the identity of an individual who makes a report of suspected child abuse or neglect is confidential and will not be disclosed.

Classroom Behavior

Teachers may establish classroom conduct rules that students must follow.

Closed Campus

The school campus is a closed campus. All students must remain on campus during school hours. The building principal or designee will release a student only after confirming with an authorized adult that the student has permission to leave campus. Students who leave campus without authorization are subject to disciplinary action. Nothing in this Policy prevents the school from sending a student home when the student is ill or for disciplinary purposes.

To ensure a safe and orderly school environment, food deliveries to the school premises are strictly prohibited. Additionally, students are prohibited from leaving school grounds during lunch time. Students are encouraged to bring their own meals or purchase food from the school cafeteria during designated times. This policy helps maintain campus security, minimizes disruptions, and supports our commitment to fostering a focused learning atmosphere.

Communicable Diseases

The District, in conjunction with local health department officials, may exclude students who:

- Are suspected of having a communicable disease until a physician or local health department official determines the student is no longer a risk; or
- Lack documentation of immunity or are otherwise considered susceptible to a communicable disease until the local health department officials determine the risk of spreading the disease has passed.

Communicable diseases include, but are not limited to, diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, COVID-19, and other conditions indicated by the local and state health departments. Any removal will only be for the contagious period or as directed by the local health department.

Damage to School Property

Students who damage school property either intentionally or unintentionally may be subject to discipline and required to pay to replace or restore the property.

Dress and Grooming

In general, clothing should be clean and appropriate for the climate and the situation. Student dress, hair style, make up, cleanliness, or personal appearance that is a threat to the safety, health, or welfare of others; violates any statute, Policy 5101, or the Dress Code; or substantially disrupts the educational environment or that school officials reasonably forecast will substantially disrupt the educational environment, is grounds for remedial or disciplinary action.

The final decision in any situation involving inappropriate attire rests with building administrators.

Students who are dressed inappropriately will be asked to change clothing immediately. If necessary, parents will be called to bring appropriate clothing, students can use extra clothing provided by the District, or the student may be sent home to change. Repeated dress code violations may result in more severe consequences.

Dress Code

Tops must have straps or sleeves and must cover the student's entire torso from armpit to armpit. Pants, shorts, and skirts must have an inseam at least 4 inches in length. Clothing may not display material that:

- Is materially and substantially disruptive or that school officials can reasonably forecast will create a substantial disruption;
- Is obscene, sexually explicit, indecent, or lewd;
- Promotes the use of or advertises illegal substances, including but not limited to substances illegal for minors;

- Incites violence;
- Contains “fighting words”;
- Constitutes a true threat of violence;
- Demonstrates hate group association/affiliation or uses hate speech targeting groups based on their membership in a protected class; or
- Displays nipples, genitals, or buttocks.

Students who represent the District at an official or school-sponsored function or public event (e.g., athletic teams, bands, choirs, and other groups) may be required to follow specific dress requirements as a condition of participation or attendance.

Driving and Parking Personal Vehicles

Student driving and parking on District property is a privilege, not a right, that may be revoked at any time. Students who drive to school must obey the following rules:

1. Students may not move their vehicles, sit in, or be around their vehicles during the school day without permission from administration.
2. Students may not drive carelessly or with excessive speed on school grounds.
3. By driving to school and parking on school grounds, students and parents consent to having that vehicle searched when school officials have reasonable suspicion that a search will reveal a violation of school rules, Board Policy, or law.
4. Students may be charged an annual parking fee.

Emergency Contact Information

Parents must provide emergency information for each student enrolled in the District. The information should include the family physician’s name, contact information for parents or a responsible adult, and any necessary emergency instructions. Parents must promptly inform the school if this contact information changes.

Fees

The District will not charge students a fee to participate in curricular activities. The District may charge students a fee to participate in extracurricular and noncurricular activities to cover the District’s reasonable costs. The District may require students to furnish specialized equipment and clothing required for participation in extracurricular and noncurricular activities or may charge a reasonable fee for the use of District-owned equipment or clothing. The activity’s coach or sponsor will provide students with information about the fees charged and the equipment or clothing required.

Food Services

The school participates in the National School Lunch Program and makes lunches available to students for free. A la carte items are available for purchase. Students may also bring their own lunch to school to be eaten in the school's cafeteria. No student shall be allowed to leave school premises during the lunch period without specific written permission granted by the principal. Applications for the school's free- and reduced-priced meal program are available in the principal's office. If a student does not receive one and believes that s/he is eligible, contact the food service provider or principal's office.

Field Trips

Classes occasionally take field trips off school property for educational enrichment. Each student must submit a completed permission form signed by the student's parent before being allowed to attend a field trip.

A student's failure to comply with Board Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while on a field trip may result in disciplinary action and removal or exclusion from the trip or future field trips.

Students who have not met academic or behavioral expectations may not be allowed to attend field trips.

First Aid, Illness, or Injury at School

Students who feel ill or are hurt while at school should seek immediate assistance from their classroom teacher or the nearest staff member.

When the building principal or designee determines that a student is too ill or injured to remain at school, school staff will contact the student's parent or other designated responsible adult to pick up the student from school. If the student requires immediate medical attention, the District will first attempt to contact a parent or other designated responsible adult when reasonably possible. If contact cannot be made, the building principal or designee will take any reasonable action necessary on the student's behalf, consistent with state law.

Students showing symptoms of a communicable disease may be sent home. The District may require a statement from a licensed physician or local health official before allowing the student to return to school.

Board Policy 5709

A. Lice and Nits

A student with nits within ¼ inch of the scalp or live lice may remain at school. The student will be restricted from activities that involve close head-to-head contact or sharing of personal items. The District will notify the student's parent/guardian and provide educational materials on head lice prevention and treatment.

District personnel will not ostracize or embarrass a student with lice or nits and will maintain student confidentiality.

If a student has a persistent infestation after 6 weeks or 3 separate cases within 1 school year, the District will form a team that may include the student's parents/guardians, teacher, social workers, or administrators to determine the best approach to resolve the issue.

B. Bed Bugs

If a District official suspects that a student's clothing or belongings contain bed bugs, the school nurse or other District official may visually inspect the student's clothing or belongings. Any bugs found should be removed and collected for identification. If a live bed bug is discovered, the District will notify the student's parent/guardian and provide educational materials on bed bug prevention and treatment.

No student will be excluded from school because of bed bugs unless efforts to remedy an infestation have been unsuccessful.

If bed bugs are found in a classroom or elsewhere in the school building, the building principal or designee will notify the parents/guardians of all students in the affected building and will provide information on bed bug prevention and treatment. The school building will not be closed due to bed bug presence. If pest management is necessary, it will be provided to affected areas of the school building consistent with Policy 3406.

Homeless Children and Youth

The District will provide a free public education to homeless children and youth who are in the District and will afford them the educational rights and legal protections provided by federal and state law. Homeless children and youth will not be stigmatized or segregated based on their homeless status and will have the same access to services offered to students who are not homeless.

A student or parent in a homeless situation who requires assistance should contact the District's homeless liaison:

Ben Russow, Middle School Principal
2400 Mason Eagle Dr.
734-848-9393
russow@eriemason.k12.mi.us

For detailed information about Homeless Children and Youth, see Policy 5307.

Immunizations

For a student entering the District for the first time or entering 7th grade, a parent must provide the building principal or designee with a certificate stating that the student has received at least 1 dose of an immunizing agent against each disease specified by the Michigan Department of Health and Human Services (MDHHS) or other responsible agency or documentation of an applicable approved exemption.

The student's parent must provide the certificate or documentation at the time of registration, or no later than the first day of school. A parent of a student who has not received all doses of any required immunizing agent must provide the District an updated immunization certificate demonstrating that the immunizations have been completed as required by the MDHHS. The updated certificate must be provided within 4 months of the student entering the District for the first time or upon entering 7th grade. The District will not permit a student to attend school unless the parent provides evidence of immunizations or exemptions consistent with Policy 5713 and state law.

Law Enforcement Interviews

Law enforcement officers may be called to the school at the request of school administration. Students may be questioned by law enforcement consistent with Policy 5201. Students may be questioned by school officials at any time, without parent notice or consent, consistent with the District's obligation to maintain a safe and orderly learning environment.

Limited English Proficiency

Limited proficiency in the English language should not be a barrier to a student's equal participation in the District's instructional or extracurricular programs. Those students identified as having limited English proficiency will be provided additional support and instruction to assist them in gaining English proficiency and in accessing the educational and extracurricular programs offered by the District.

Locker Use

Pursuant to Policy 5102, lockers are District property and may be made available for student use. Lockers are assigned to students on a temporary basis, and District administration may revoke a student's locker assignment at any time. The District retains ownership of lockers notwithstanding student use.

Students have no expectation of privacy in their lockers. The building principal or designee may inspect lockers without any particularized suspicion or reasonable cause and without advance notice. Upon the request of the building principal or designee, law enforcement may assist with searching lockers.

During a locker search, student privacy rights will be respected for any items that are not illegal or violate Board Policy or building rules.

Students must keep all personal belongings, including coats and backpacks, in their lockers during the school day.

Lost and Found

All lost and found items are to be taken to the main office. Students may claim lost articles there. Unclaimed items may be donated to a local charity or otherwise disposed of at the conclusion of each semester.

Media Center

Students must check out materials from the media specialist or designee on duty. Each borrower is responsible for all materials checked out in the borrower's name. Each student is responsible for any fine that accumulates on materials charged to the student. Students must also pay for any damage they cause to materials. Parents will be informed if their son/daughter has a late fee or a lost book fee. Any fines and fees must be paid prior to participation in the graduation ceremony.

Medication

Whenever possible, parents should arrange student medication schedules to eliminate the need for administration of medication at school. When a student requires prescription or over-the-counter medication at school, the following procedures apply:

- The student's parent must annually submit a written request and consent form signed by a physician, as required by the district.
- A building principal or designee must request that the parent supply medications in the exact dosage required whenever feasible.
- The building principal or designee will notify the student's parent of any observed adverse reaction to medication.
- All medications must be in the original container.

For additional information and requirements, see Policy 5703.

Asthma Inhalers and Epinephrine Auto-Injectors/Inhalers

A student may possess and use an asthma inhaler or epinephrine auto-injector or inhaler with written approval from the student's healthcare provider and consistent with Policy 5703. A minor student must also have written permission from the student's parent. The required documentation must be submitted to the building principal or designee. If a student is authorized to self-possess or self-administer an asthma inhaler or epinephrine auto-injector or inhaler, the building principal or designee will notify the student's teachers and other staff as appropriate.

Additionally, the school must maintain a written emergency care plan drafted by a physician in collaboration with the student's parent. The emergency care plan will contain specific instructions related to the student's needs. The physician and parent should update the emergency care plan as necessary to address any changes in the student's medical circumstances.

Parties

Classes may have seasonal or curriculum-related parties during the year. Students must follow all expectations and rules established by the teacher or other relevant staff during the party. Invitations for private parties and non-school-sponsored events may not be distributed in the classroom.

Protection of Pupil Rights

The District respects the rights of parents and their children and has adopted a Protection of Pupil Rights policy as required by law. The policy is available on the District's website or upon request from the District's administrative office. Parents may opt their child out of participation in activities identified by the Protection of Pupil Rights policy by submitting a written request to the Superintendent. Parents may have access to any survey or other material described in the Protection of Pupil Rights policy by submitting a written request to the Superintendent. A copy of the District's annual notice to parents regarding the Protection of Pupil Rights Amendment is attached as Appendix C.

Public Display of Affection

Students may not engage in public display of affection that are disruptive to the school environment or distracting to others.

Review of Instructional Materials and Activities

Parents have the right to review any instructional materials being used in the school. They also may observe instruction in any class, particularly those dealing with instruction in health and sex education.

Any parent who wishes to review materials or observe instruction must contact the principal prior to coming to the school. Parents' rights to review teaching materials and instructional activities are subject to reasonable restrictions and limits.

We believe that parent involvement is the key to our success with students and we are committed to keeping parents aware of what is happening in our classrooms where applicable. Our teachers will provide each of their students with a class syllabus that will outline the content of the class, expectations in the class, grading procedures, testing procedures, and behavior expectations. Parents are encouraged to call the teacher when they have a concern or need help.

Rights of Custodial and Non-Custodial Parents

Unless a parent has provided the building principal or designee with a court order that provides otherwise, District personnel will treat each parent, regardless of custody or visitation rights, the same as to accessing student records, meeting and conferring with District personnel, visiting a child at school, and transporting a child to or from school. District personnel are not responsible for enforcing visitation or parenting time orders.

Parents, regardless of custodial status, will be provided information about conference times so both parents may attend a single conference. The District is not required to schedule separate conferences if both parents have been previously informed of scheduled conference times.

If either or both parents' behavior is disruptive, staff may terminate a conference and reschedule it with appropriate modifications or expectations.

Search and Seizure

To maintain order and discipline in school and protect the safety and welfare of students and school personnel, school authorities may search a student or the student's personal effects (e.g., purse, book bag, athletic bag) as permitted by law and may seize any illegal, unauthorized, or contraband materials discovered in the search. As noted in "Locker Use," student lockers and desks are school property and remain at all times under the District's control. Student lockers and desks are subject to search at any time for any reason and without notice or consent.

School officials may use canines, metal detectors, wands, or other tools to conduct searches.

A student's failure to permit a search and seizure may be grounds for disciplinary action. A student's person and personal effects may be searched whenever a school official has reasonable suspicion to believe that the student possesses illegal or unauthorized materials. If a properly conducted search yields illegal or contraband materials, these items may be turned over to law enforcement.

Student Education Records

The District may collect, retain, use, and disclose student education records consistent with state and federal law. See Policy 5309 for an overview of the District's collection, retention, use, and disclosure of student records.

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifies otherwise. An eligible student (i.e., a student who is 18 years or older or an emancipated minor) may also inspect and review their education records.

Right to Request Explanation or Interpretation

A parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

Right to Request Amendment of Education Records

A parent or eligible student may request that a student's education record be amended if the parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights as explained in Policy 5309.

Directory Information

The District designates the following information as directory information:

"Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory information:

- student names and telephone numbers;

- photographs, including photographs and videos depicting a student's participation in school-related activities;
- grade level;
- dates of attendance (e.g., 2013-2017);
- participation in officially recognized activities and sports;
- weight and height of athletic team members;
- degrees, honors, and awards received; and
- The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

School officials may disclose "directory information" without the prior written consent of a parent or eligible student unless the parent or eligible student specifically notifies the District that the parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

A Directory Information Opt Out form is available for all parents/guardians in the building's main office, and online on the school's website. This form allows the parent/guardian to elect not to have the student's directory information disclosed for one or more of the listed uses. Upon receipt of a completed Directory Information Opt Out form, school officials may not release the student's directory information for any of the uses selected on the form.

Technology

Use of District technology resources is a privilege, not a right. Students are expected to use computers, the Internet, and other District technology resources for school-related educational purposes only. Students and their parents are required to read the Acceptable Use Agreement attached as Appendix E before they may use or access District technology resources. Students who violate the District's Acceptable Use Agreement may have technology privileges terminated or suspended and may be subject to discipline, up to and including expulsion.

Additionally, students will be provided a district issued device for accessing and completing schoolwork. Policies and expectations for use and care of the issued device can also be found in Appendix E, titled 'Chromebook Student Guidelines'.

Transportation Services

School Vehicle Rules

Riding in school vehicles is a privilege, not a right. Students must comply with the following rules and all school conduct rules and directives while riding in school vehicles. In addition, students must comply with the Student Code of Conduct while in school vehicles.

When in school vehicles, the following rules apply:

1. Students must promptly comply with any directive given by the driver.
2. Students must wait in a safe place for the vehicle to arrive, clear of traffic and away from where the vehicle stops.
3. Students may not fight or engage in bullying, harassment, or horseplay while riding or waiting for school vehicles.
4. Students must enter the vehicle without crowding or disturbing others and go directly to a seat.
5. Students must remain seated and keep aisles and exits clear while the vehicle is moving.
6. Students may not throw or pass objects on, from, or into vehicles.
7. Students may not use profane language, obscene gestures, tobacco, alcohol, drugs, or any other controlled substance on the vehicles.
8. Students may not carry weapons, look-a-like weapons, hazardous materials, nuisance items, or animals onto the vehicle.
9. Students may converse in ordinary tones and volumes but may not be loud or boisterous and should avoid talking to the driver while the vehicle is moving. Students must be absolutely quiet when the vehicle approaches a railroad crossing and any time the driver calls for quiet.
10. Students may not open windows without the driver's permission. Students may not dangle body parts or other items (e.g., legs, arms, backpacks) out of the windows.
11. Students must secure any item(s) that could break or cause injury if tossed about the inside of the vehicle if the vehicle were involved in an accident.
12. Students must respect the rights and safety of others at all times.
13. Students must help keep the vehicle clean, sanitary, and orderly. Students must remove all personal items and trash upon exiting.
14. Students may not vandalize or intentionally cause damage to the vehicle.
15. Students may not leave or board the vehicle at locations other than the assigned stops at home or school unless approved prior to departure by the superintendent or designee.]

Video cameras may be placed on vehicles and buses to monitor student behavior on the vehicle/bus. Exceptions or modifications to these rules may be made as necessary to accommodate a student with a disability.

School Vehicle Misconduct Consequences

Students who violate the school vehicle rules will be referred to the building principal for discipline. Disciplinary consequences may include parent notification, suspension of vehicle/bus riding privileges, exclusion from extracurricular activities, in-school suspension, and suspension or expulsion.

These consequences are not progressive and school officials have discretion to impose any listed consequence they deem appropriate in accordance with state and federal law and board policy.

Records of vehicle misconduct will be forwarded to the appropriate building principal and will be maintained in the same manner as other student discipline records. Reports of serious misconduct may be reported to law enforcement.

Video Surveillance and Photographs

The District may monitor any District building, facility, property, bus, or vehicle with video recording equipment other than areas where a person has a legally recognized and reasonable expectation of privacy (e.g., restrooms and locker rooms). Except in those school areas, a person has no expectation of privacy.

The District may use video recordings for any lawful purpose, including student discipline, assisting law enforcement, or investigations.

Students may not make recordings: on school property; when on a vehicle owned, leased, or contracted by the District; or at a school-sponsored activity or athletic event unless otherwise authorized by Policies 5210 or 5805, applicable law, or a District employee.

Withdrawal From School

Students who are transferring from the District must submit written notice to the building principal at least 1 week before the withdrawal.

SECTION II: ACADEMICS

To encourage students and parents to stay apprised of student academic information, grades, attendance, and other information can be accessed via Infinite Campus.

To register for Infinite Campus contact the high school secretary.

Academic Honors and Recognition

Mason Senior High School honors and values high academic achievement and recognizes those accomplishments in a variety of ways.

Summa Cum Laude- (3.9 and above GPA's) will wear gold gowns and cords at Graduation, stand and be recognized individually during the Senior Honors Banquet and Senior Assembly, and be noted as such in the graduation program.

Magna Cum Laude- (3.7-3.89 GPA's) will receive a light blue cord to wear during the graduation ceremony, stand and be recognized individually during the Senior Honors Banquet and Senior Assembly, and be noted as such in the graduation program.

Cum Laude – (3.5-3.69 GPA's) will receive a white cord to wear during the graduation ceremony, stand and be recognized individually during the Senior Honors Banquet and Senior Assembly, and be noted as such in the graduation program.

Honor Roll- (3.0 and above GPA's) will be individually recognized at the Senior Honors Banquet.

- One year on Honor Roll will receive a certificate
- Two years on Honor Roll will receive an academic letter
- Three years on Honor Roll will receive a pin
- Four years on Honor Roll will receive a plaque

Publications – The Top 10 graduating seniors with the highest G.P.A. after seven semesters, will be recognized in the local publications (Yearbook, Monroe Evening News, etc). All Summa Cum Laude graduates will be recognized at "Top Scholars" in local newspapers regardless of ranking.

Advanced Placement (AP) Courses

The AP program offers high-achieving high school students the opportunity to engage in college-level coursework while still in high school. These challenging and rewarding courses are designed to provide a more in-depth and rigorous academic experience that prepares students for success in college and beyond.

AP Course Expectations:

1. Dedicated Effort: AP courses demand a high level of commitment. Students are expected to be actively engaged in the learning process, completing assignments on time, and actively participating in class discussions.
2. Independent Study: AP courses often involve independent research and study. Students should be prepared to take responsibility for their learning and seek clarification from teachers when needed.
3. Time Management: Balancing AP courses can be challenging. Effective time management skills are essential to stay on top of coursework and maintain a healthy school-life balance.
4. Pre-requisites and Recommendations: Some AP courses may have specific prerequisites or teacher recommendations. It's essential to consult with the Student Services Coordinator or the AP course instructor before enrolling.

AP Exam Preparation:

At the end of each AP course, students will have the opportunity to take the corresponding AP exam, which is administered by the College Board. The school will provide additional support and resources to help students prepare for these exams, including practice tests, review sessions, and study materials.

Students that have registered and have been accepted into an AP course will be expected to make a commitment to the course and will not be allowed to drop or change their class once the course has begun.

Commencement

The District may conduct a commencement ceremony for eligible students at the end of the school year. Participation in the ceremony is a privilege, not a right. Students may be prohibited from participating in the ceremony as a consequence for misconduct. A student's disqualification from participating in the commencement ceremony does not impact the issuance of a diploma to the student, provided that all graduation requirements have been satisfied.

Credits and Graduation Requirements

A student must successfully complete all graduation requirements to earn a high school diploma.

A student will normally complete graduation requirements in four years. However, some students do not finish in four years and may need additional time or alternative placement, or both, to finish all requirements. In order to receive a diploma and graduate, a student will need to meet the school requirements for basic coursework and earn the total number of minimum credits. Mason Senior High School/MAVA has adopted the “Michigan Merit Curriculum (MMC).” Students not on track to graduate in the expected timeframe will continue to follow the graduation requirements designated to them as a first time ninth-grader.

In order to graduate and fully participate in the graduation ceremony, students will pass 92% of all attempted credits and meet the following graduation requirements:

- 4 credits of English (English 9, English 10, English 11, and English 12)
- 4 credits of Mathematics (Algebra I, Algebra II, Geometry, and 1 math or math-related course to be completed in senior year)
- Three credits of Science (Pre-Chemistry/Pre-Physics, Biology I, and either Chemistry, Physics, or Human Anatomy)
- 3 credits of Social Studies (.5 Civics, .5 Economics, US History and Geography, World History and Geography)
- 1 credit of Visual Performing and Applied Arts
- 2 credits of World Language
 - A student may fulfill one credit of a world language by completing a department approved formal career and technical education program or by completing a visual or performing arts credit in addition to the VPAA requirements.
- .5 credit of Physical Education
- .5 credit of Health Education
- .5 credit in Personal Finance that meets subject area content expectations (Beginning with Class of 2028)
- An additional 6 elective credits
- All high school students must also participate in an online course or learning experience (can be one of the above-listed, required credits; earned in grades 9-12 or through an equivalent learning experience K-12).
- Take all state of Michigan and district assessments.
- Students may earn 0.5 credits in Eagle Advisory each year.

Note 1: This is the traditional course sequence suggested by the individual departments. In some instances, with administrator approval, students may choose an alternative sequence of courses to satisfy graduation requirements.

Note 2: Full Academic Schedule; in order to participate in the graduation ceremony, students must maintain a full academic schedule throughout their high school career.

Note 3: Possession of graduation requirements: Students who cannot demonstrate completion of the graduation requirements (at the end of final exams for seniors) three full calendar days prior to the graduation ceremony may be excluded from the graduation ceremony by the high school principal. Students who fulfill the requirements for graduation after this cutoff date but prior to the beginning of the next academic year will receive their diploma in the high school office without a ceremony.

Note 4: Unpaid bills, fines, missing equipment or lost uniforms. Students who owe the school money for unpaid bills or lost uniforms/equipment, fines or fees may be excluded from the graduation ceremony by the high school principal.

Note 5: Caps and gowns must be worn in order to walk at the graduation ceremony. Caps and gowns are to be purchased by the student/student's parents or guardians from the company identified by the school for the purpose of uniformity and decorum. Caps and gowns will not be issued to the student until the senior check out is complete.

Note 6: Students choosing not to participate in the graduation ceremony or who otherwise are not permitted to walk at graduation, will be issued their diploma—when all requirements have been demonstrated—no sooner than the first business day following the ceremony for the graduating class.

Dual Enrollment

Students in grades 9 and above may be eligible to dually enroll in college classes to obtain high school and college credit. Please contact your assigned counselor for information about enrollment eligibility, charges paid by the district, eligible institutions, and other matters related to dual enrollment. Students that fail a college course must reimburse the district for the cost of the class.

Eagle Advisory Time

The Eagle Advisory time is a multifaceted program, the purpose of which is to promote meaningful relationships between staff and students while also providing academic support to students through the MTSS process. Eagle Advisory Time (E.A.T.) will consist of daily meetings, weekly themes, and monthly service projects, through which students will experience a more personalized learning environment with a structure and set of practices for monitoring and encouraging academic progress and career/college readiness. Each student, along with his/her advisor teacher, will develop a Personalized Learning Plan (P.L.P.) to map out his/her educational and postsecondary career path and well as setting academic and personal goals.

Early Release/Early Graduation

Students who are on pace for early release and who have achieved the credits and graduation requirements to do so, may, with Board approval, graduate early provided there is evidence to support that the student needs to graduate early in order to attend a post-secondary institution, serve in the Armed Forces, or has a life situation that merits early release from Mason Consolidated Schools. The student must state the reason for requesting such an early release and apply for Early Release/Early Graduation at least one full semester in advance and forward the request through the building principal. Students who are granted early release and meet all the qualifications for early graduation will receive a high school diploma—provided all requirements for graduation are met on the applied-for date—but do not necessarily participate in a graduation ceremony or other “senior” events.

Grades

Report cards will be issued at least once each semester. Grades are calculated using the following grading scale:

<u>Grade</u>	<u>Percentage</u>	<u>GPA Points</u>	<u>AP Courses (5.0 scale)</u>
A	100 – 93	4.0	5.0
A-	92 – 90	3.7	4.7
B+	89 – 87	3.3	4.3
B	86 – 83	3.0	4.0
B-	82 – 80	2.7	3.0
C+	79 – 77	2.3	2.7
C	76 – 73	2.0	2.3
C-	72 – 70	1.7	2.0
D+	69 – 67	1.3	1.7
D	66 – 63	1.0	1.3
D-	62 – 60	0.7	1.0
F	59 – 50	0.0	No weight

Grade Point Average

To calculate a grade point average (GPA), assign a weighted point value to each course grade and divide by the total number of credits. For partial-credit courses use the fractional value of the grade. For example, a half credit course with an earned grade of C would be $.5 \times 2 = 1$. Then add this to the other grades earned for total points earned. This total is then divided by the total credits earned for the GPA. This can be done by grading period, semester, year, or for a series of school years.

Marking Period Grades and Marking Period Exams

Marking period grades and marking period exam grades will be issued as a letter grade, not a percentage.

Semester Grades

Semester grades will be calculated based on the following weights:

Quarter #1 - 40%

Quarter #3 - 40%

Quarter #2 - 40%

Quarter #4 - 40%

Semester #1 Exam - 20%

Semester #2 Exam - 20%

Semester courses are worth $\frac{1}{2}$ credit.

The grades for online courses are semester only. When online courses are completed, the final scores will be submitted for the transcripts.

Homework

Classroom teachers may assign homework. Parents who have questions about homework or concerns about class work should contact their student's teacher.

Each student is expected to spend time preparing for classes outside of school hours. The amount of time that is needed will depend upon each student and each class.

Personal Curriculum

For some students, it may be appropriate to modify the Michigan Merit Curriculum through implementation of a personal curriculum. All students who have completed 9th grade are entitled to a personal curriculum, and the District will implement a personal curriculum for a student if requested by a parent or by the student if the student is age 18 or older. Any modification to the Michigan Merit Curriculum must be consistent with Michigan law and must incorporate as much of the Michigan Merit Curriculum content standards as practicable for the student. The District retains discretion to determine what modifications to the Michigan Merit Curriculum are appropriate for a particular student through a personal curriculum. A student who successfully completes an approved personal curriculum will earn a regular high school diploma.

To request a personal curriculum, please contact Mahailey Albain at albain@eriemason.k12.mi.us

For additional information about the Michigan Merit Curriculum and Personal Curriculum, see Policy 5409.

Placement

The District has the sole discretion to make promotion, retention, and placement decisions for its students, consistent with state and federal law. The District may consider parent requests that a student be placed in a particular classroom, building, educational program, or grade. The District's placement decision is final.

Students with Disabilities

Eligible students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act are entitled to a free appropriate public education. The District will follow state and federal law and applicable rules and regulations in identifying, locating, evaluating, and educating students with disabilities.

A parent who believes their student is eligible for special education or accommodations due to a disability or suspected disability should contact the counseling department at (734) 848-9351 to inquire about evaluation procedures and programs.

Summer School

When run, summer school semesters are for the attempt first, to recover credits not earned in the regular classroom. Summer school semesters will be run whenever feasible and will be run for the benefit of Mason Senior High School/MAVA students. The primary means of summer school instructional delivery is Edgenuity, a technology-based curriculum.

Testing Out

A student may test out of high school classes and earn credit.

If they are not enrolled in the course: In order to take more advanced classes, dual enroll in college coursework, or clear room on a student schedule for other courses, a student may wish for the opportunity to “test out” of a class. Board policy, in compliance with State law allows students to test out of a course with a passing score of an average score of 78% or better on the mid-term and final semester exams or approved equivalency (such as a portfolio or presentation).

Any high school student who wishes to test-out of a course in which s/he is not enrolled may do so by taking the final examination for the course and receiving a grade of at least C+ or by demonstrating mastery of the subject matter as determined by the course instructor’s alternative assessment used in lieu of a final examination. Students currently enrolled in a course must have permission of the principal. However, the student must take, and can only take, the “Testing Out” Exam during dates and times set by our high school. It is not testing out on demand. Credit for a course earned by a student through this process may be used to fulfill a course or course-sequence requirement and be counted toward the required number of credits needed for graduation, but may not be used to determine the student’s GPA. Students requesting to attempt high school credit will be given the opportunity to test out.

Work Permits

Information about work permits is available at the high school’s main office.

SECTION III: STUDENT CLUBS, ACTIVITIES, AND ATHLETICS

Students are encouraged to participate in the various student clubs, activities, and athletics offered by the District.

A student's failure to comply with Policy, the Student Code of Conduct, or any other applicable rules or behavioral expectations while participating in or attending a student club, activity, or athletic competition, meeting, event, or practice, may result in disciplinary action.

Extracurricular Activities

For the 2026-2027 school year, the District offers the following student clubs, activities, and athletics:

[Opportunities for Every Eagle](#)

Participation in extracurricular activities is a privilege, not a right. Students are encouraged to participate in extracurricular activities. Participation is open to students who meet the eligibility requirements established by the District and any applicable governing body.

The District has exclusive control over extracurricular activities including, but not limited to, formation, naming, structure, operation, financing, and discontinuance.

Student athletes are also subject to the Athletic Code of Conduct (see Appendix F) and any applicable team rules.

For more information, see Policy 5507.

Student-Initiated Non-Curricular Clubs

Students may voluntarily form clubs that are not directly related to the school curriculum to promote activities unrelated to curriculum. Membership in a student-initiated, non-curricular club must be open to all interested and eligible District students, and the club may not refuse membership to a student based on any protected classification under state or federal law.

For more information about student-initiated non-curricular clubs, including how to form a club, see Policy 5510.

Transportation To/From Extracurricular Activities

The District may provide transportation to students who participate in school-sponsored events. If District-provided transportation is available, students must ride to and from those events in a school vehicle unless otherwise excused by the activity sponsor.

SECTION IV: DISCIPLINE AND CODE OF CONDUCT

Discipline Generally

The District may discipline students who engage in misconduct, up to and including suspension or expulsion from school.

The District will take steps to effectively discipline students in a manner that appropriately minimizes out-of-school suspensions and expulsions. The District will comply with applicable laws related to student discipline, including the consideration of specific factors and possible use of restorative practices.

If an administrator determines that an emergency requires the immediate removal of a student from school, the administrator may contact the student's parent or local law enforcement or take other measures to have the student safely removed from school.

Students who are involved in extracurricular activities and engage in misconduct may face consequences related to the activity in addition to the consequences provided in this handbook.

The District reserves the right to refer to an appropriate non-school agency any act or conduct which may constitute a crime. The District will cooperate with those agencies in their investigations as permitted by law.

The District's rules and policies apply to any student who is on school property or school-affiliated transportation, who is in attendance at school or at any school-sponsored activity or function, or whose conduct at any time or place directly interferes with the operation, discipline, or general welfare of the school, regardless of location, date, or time.

Forms of School Discipline & Applicable Due Process

Restorative Justice Practices

Restorative Justice is a whole school relational approach to building school climate and addressing student behavior that fosters belonging over exclusion, social engagement over control, and meaningful accountability over punishment. This type of discipline focuses on repairing harm through an inclusive process that engages all stakeholders. Students who participate will understand the impact of their actions, take responsibility for choices, and suggest ways to repair harm. Practices may include community, teacher and peer mediation circles, peer juries, community service, school projects, specified behavior plans with principal and/or restorative justice coordinator.

After-School Detention

Teachers and administrators may require students to stay after school to serve a detention when the student violates any of the rules contained in this handbook or violates classroom-specific conduct rules set by individual teachers.

Students who ride the bus home from school will be given a 24-hour notice of a detention so that parents may make transportation arrangements for the student the following day.

Saturday School

The building administrator may require a student to attend Saturday School. Students follow strict rules and must work on assignments the entire time, except for short breaks. Students who do not follow Saturday School rules will be removed and will face further disciplinary action.

In-School Suspension

The building administrator may require a student to serve in-school suspension, during which students follow strict rules and must work on assignments the entire time, except for short breaks. Students not completing their In-School Suspension will face further disciplinary action.

Snap Suspension - Suspension from Class, Subject, or Activity by Teacher

A teacher may suspend a student from any class, subject, or activity for up to 1 full school day if the teacher has good reason to believe that the student:

- intentionally disrupted the class, subject, or activity;
- jeopardized the health or safety of any of the other participants in the class, subject, or activity; or
- was insubordinate during the class, subject, or activity.

Any teacher who suspends a student from a class, subject, or activity must immediately report the suspension and its reason to the building principal or designee. If a student is suspended from a class, subject, or activity, but will otherwise remain at school, the building principal or designee must ensure that the student is appropriately supervised during the suspension and, if the student is a student with a disability, that all procedures applicable to students with disabilities are followed.

Any teacher who suspends a student from a class, subject, or activity must, as soon as possible following the suspension, request that the student's parent attend a parent/teacher conference to discuss the suspension. The building principal or designee must attend the conference if either the teacher or the parent requests the building principal's attendance. The building principal or designee must make reasonable efforts to invite a school counselor, school psychologist, or school social worker to attend the conference.

Removal for 10 or Fewer School Days

Before a student is suspended for 10 or fewer school days, an administrator will: (1) provide the student verbal notice of the offense the student is alleged to have committed, and (2) provide the student an informal opportunity to respond and explain what happened. Except in emergency circumstances, an administrator will not suspend the student unless, after providing the student notice and an opportunity to explain, the administrator is reasonably certain that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The building

administrator will consider the 7 factors provided in the Student Code of Conduct before suspending a student.

Removal for More than 10 and Fewer than 60 School Days

Before a student is suspended for more than 10 school days but less than 60 school days, the Superintendent or designee will provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a hearing at which the student may present evidence and witnesses to show that the student did not commit the alleged offense or that suspension is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Superintendent or designee will not suspend the student unless, following the hearing, he or she is convinced by a preponderance of the evidence that the student committed a violation of the Student Code of Conduct and that suspension is the appropriate consequence. The Superintendent or designee will consider the 7 factors noted in the Student Code of Conduct before suspending a student.

A parent or student may appeal the Superintendent's or designee's decision to the Board. The appeal must be submitted to the Board within 3 calendar days of the decision. The Board will hear the appeal at its next regularly scheduled meeting. The Board's decision is final. The student's suspension will run while the appeal is pending.

Removal for 60 or More School Days

Before the Board suspends or expels a student, the Superintendent or designee must provide the parent or student with: (1) written notice of the offense the student is suspected to have committed; (2) an explanation of the evidence relied upon by the District in arriving at the conclusion that disciplinary action may be warranted; and (3) an opportunity for a Board hearing at which the student may present evidence and witnesses to show that the student did not commit the suspected offense or that suspension or expulsion is not an appropriate consequence.

The Superintendent or designee will provide the parent or student at least 3 calendar days' notice before the hearing. The parent and student may be represented, at their cost, by an attorney or another adult advocate at the hearing.

The Board will not suspend or expel the student unless, following the hearing, a majority of the Board finds by a preponderance of the evidence that the student committed misconduct that should result in suspension or expulsion under either the Student Code of Conduct or Board Policy and that suspension or expulsion is the appropriate consequence. The Board will consider the 7 factors noted in the Student Code of Conduct before suspending or expelling a student. The Board's decision is final.

Student Code of Conduct

This Student Code of Conduct is meant to be a guide and is subject to the discretion of administration and the Board.

Administration will, as required or permitted by state law, always consider the use of restorative practices as an alternative to, or in addition to suspension or expulsion. Nothing in the following table limits the District's ability to impose more or less severe disciplinary consequences depending on the situation's unique circumstances and the following factors:

1. the student's age;
2. the student's disciplinary history;
3. whether the student has a disability;
4. the seriousness of the behavior;
5. whether the behavior posed a safety risk;
6. whether restorative practices will be used to address the behavior; and
7. whether a lesser intervention would properly address the behavior.

Nothing in this handbook limits the District's authority to discipline a student for conduct that is inappropriate in school, but that is not specifically provided in this table. Depending on the circumstances of a particular situation, separate athletic or extracurricular sanctions may be imposed, in accordance with the applicable handbook or rules.

SECTION V: BUILDING-SPECIFIC RULES AND PROCEDURES

School Dances

Only high school students currently enrolled in Mason Senior High School or MAVA are permitted to attend school dances. Mason Senior High School students that wish to bring a guest must complete the guest form and submit it to the high school office 48 hours prior to the dance. All guests must be in high school or if they are graduated, not older than 20 years of age. This policy ensures a safe and enjoyable experience for all attendees while maintaining appropriate age standards. Monroe Middle College students that are Mason residents may attend Homecoming and Winterfest.

Homecoming Court, Winterfest, and Prom King & Queen Selection

The purpose of the Homecoming Queen, Winterfest King, and Prom King and Queen is to represent the student body of Mason Senior High School by exemplifying the spirit and highest standards of the school.

Selection Process

The Court shall be chosen from the senior class by the senior class. Seniors will be given a list of all senior girls (or boys for Winterfest) from which to nominate. The five girls (boys for Winterfest) who have the most nomination votes and who meet the guidelines listed below will comprise the Court.

The Homecoming Queen shall be chosen from the five nominees by a school-wide election. She will be crowned during the half-time ceremony at the homecoming football game.

The Winterfest King shall be chosen from the five nominees by a school-wide election. He will be crowned during the half-time ceremony at the designated "Winterfest game".

Eligibility Requirements

- Nominees must have passed at least enough credit hours to obtain senior class status.
- Nominees must have been in residency at Mason Senior High School the previous four (4) semesters.

Academic Requirements

- Nominees must have a minimum 2.0 GPA
- Nominees can have no course failures or credit losses due to the attendance policy.

Conduct Requirements

- Nominees must have no out-of-school suspension (OSS) violations during the previous (4) semesters at Mason Senior High School.

The School Administration shall have final approval of the Homecoming, Winterfest, and Prom Court and have the right to remove any candidate which would not exemplify the highest standards of the school.

National Honor Society

The purpose of the society is to honor students for outstanding performance in the areas of scholarship, character, leadership and service, and to allow them to work to foster these ideals in their fellow students by example and direct involvement.

Selection for Membership

Membership in the society is an honor granted by the faculty council, not a right. The following procedure is used during the summer of each year to determine those to be honored by selection:

- School records are reviewed to determine possible candidates with regard to grade level, cumulative grade point (3.2 or better) and school discipline.
- Eligible students are notified by letter of their ability to apply for membership. Potential candidates will be provided with an information materials packet to be completed by the candidate.
- Materials returned by the posted date and time are reviewed for evidence of outstanding character, scholarship, leadership and service to the community.
- Candidates are notified as to selection (those meeting ALL requirements) or non-selection.
- Inductee candidates become active members at the annual formal induction.
- Candidates not selected may request a hearing.

Membership

National Honor Society Member is a participatory organization, not an honorary one. Membership is therefore a responsibility as well as an honor. Members are required to meet each of the following standards during each semester to retain membership:

- Cumulative G.P.A. of 3.2 or higher
- Five hours of personal community service
- Attendance at all formal business meetings and the formal induction ceremony.
- Participation in regular committee work
- Participation in chapter-wide service project

- Payment of \$10 membership dues
- Compliance with school rules and civil laws
- Compliance with all due dates and obligations

All members will be under review at the conclusion of each semester. Those not meeting the requirements will be subject to the society's disciplinary code. The results of which could be a warning, probation, or even removal. Copies of the complete bylaws and appeals process are available upon request.

Scheduling

All students must attend eight (8) semesters of high school on a full schedule unless recommendations are made by the principal and approved by the Mason Board of Education for an early release/early graduation upon completion of graduation requirements where no ceremony is conducted. Schedules are provided to each student at the beginning of the school year or upon enrollment. Schedules are based on the student's needs and available class space. Every effort will be made to place students in courses that are appropriate for their abilities and future educational or career interests. Student and parent input will be encouraged during the time of course selection. Once those selections are made, we will honor them to the extent possible. The time frame for the schedule adjustments is announced summer days and three days at the beginning of each semester.

Any changes in a student's schedule should be handled through the counseling office. Counselors, teachers, administrators, and parents make course changes, working together as much as possible. Students may be denied course enrollment due to a lack of available space or the need to pass prerequisites. Students are expected to follow their schedules. Exceptions are rare and limited to extenuating circumstances.

5207 Anti-Bullying Policy

All types of bullying, including cyberbullying, without regard to subject matter or motivating animus, are prohibited.

A. Prohibited Conduct

1. Bullying, including cyberbullying, a student at school is prohibited. Bullying is any written, verbal, or physical act, or electronic communication that is intended to or that a reasonable person would know is likely to harm one or more students directly or indirectly by doing any of the following:
 - a. substantially interfering with a student's educational opportunities, benefits, or programs;
 - b. adversely affecting a student's ability to participate in or benefit from the District's educational programs or activities by placing the student in reasonable fear of physical harm or by causing substantial emotional distress;
 - c. having an actual and substantial detrimental effect on a student's physical or mental health; or
 - d. causing substantial disruption in, or substantial interference with, the District's orderly operations.
2. Retaliation or false accusations against the target of bullying, anyone reporting bullying, a witness, or another person with reliable information about an act of bullying, are prohibited.

B. Reporting an Incident

If a student, staff member, or other person suspects there has been a bullying incident, the person must promptly report the incident to the building principal or designee, or to the Responsible School Official(s), as defined below.

A report may be made in person, by telephone, or in writing (including electronic transmissions). If a bullying incident is reported to a staff member who is not the building principal, designee, or a Responsible School Official, the staff member must promptly report the incident to the building principal, designee, or a Responsible School Official.

To encourage reporting of suspected bullying or related activities, each building principal, after consulting the Responsible School Official(s), will create, publicize, and implement a system for anonymous reports. The system must emphasize that the District's ability to investigate anonymous reports may be limited.

Complaints that the building principal has bullied a student must be reported to the Superintendent. Complaints that the Superintendent has bullied a student must be reported to the Board President.

C. Investigation

All bullying complaints will be promptly investigated. The building principal or designee will conduct the investigation, unless the building principal or Superintendent is the subject of the investigation. If the building principal is the subject of the investigation, the Superintendent or designee will conduct the investigation. If the Superintendent is the subject of the investigation, the Board President will designate a neutral party to conduct the investigation.

A description of each reported incident, along with all investigation materials and conclusions reached, will be documented and retained.

D. Notice to Parent/Guardian

If the investigator determines that a bullying incident has occurred, the District will promptly notify the victim's and perpetrator's parent/guardian in writing.

E. Annual Reports

At least annually, the building principal or designee, or the Responsible School Official, must report all verified bullying incidents and the resulting consequences, including any disciplinary action or referrals, to the Board.

The District will annually report incidents of bullying to MDE in the form and manner prescribed by MDE.

F. Responsible School Official

The Superintendent is the "Responsible School Official" for this Policy and is responsible for ensuring that this Policy is properly implemented. This appointment does not reduce or eliminate the duties and responsibilities of the building principal or designee as described in this Policy.

G. Posting/Publication of Policy

The Superintendent or designee will ensure that this Policy is available on the District's website and incorporated into student handbooks and other relevant school publications.

The Superintendent or designee will submit this Policy to the MDE within 30 days after its adoption.

APPENDIX C: PARENT INVOLVEMENT IN EDUCATION

5401 Parent Involvement in Education

A. Parent Involvement

The District will take the following steps to encourage Parent involvement in their student's education:

1. Parents will be provided the opportunity to review District-approved curriculum, textbooks, and instructional materials, including any material that will be used in connection with a survey, analysis, or evaluation, upon request.

 - b. Parents may review textbooks based on availability and may review instructional materials within a time frame determined by the building principal or designee.
2. Parents will be permitted to attend and observe instructional activities in a class or course in which their student is enrolled and present.

Parents must make an appointment with the building principal to observe instructional activities in a class or course in which the student is enrolled and present. The building principal will permit a Parent observation unless the building principal determines that the observation would disrupt the class or course. Frequent observations are likely disruptive. Absent unusual circumstances, as determined by the building principal, observations that last more than 30 minutes or occur on consecutive days will not be permitted. Parents who want to observe instructional activities also must adhere to Policy 3105.

Parents are not permitted to observe testing.

3. Parents may inspect and review their student's education records, upon written request, consistent with Policy 5309 and state and federal law.
4. A copy of this Policy must be included in the Student Handbook.

B. Assessments and Surveys

1. State assessments

Pursuant to state law, the District will not approve Parent requests to opt students out of state assessments.

2. National Assessment of Educational Progress

As a condition of receiving federal funds and as required by state law, the District may be selected to participate in the National Assessment of Educational Progress (NAEP). To help ensure that the District has a representative sample of students taking the NAEP, which will allow the District to assess the quality and effectiveness of its programming on a national level, the District strongly encourages all eligible students to participate. Student participation in NAEP is voluntary.

The District will notify Parents of students eligible to take the NAEP before the assessment is administered. Parents wishing to opt their students out of the NAEP assessment must notify the District in writing at least 3 school days before the assessment date to ensure that the District can coordinate supervision and alternative activities for students who have opted out.

3. Surveys

Parents will be notified before their student participates in surveys on certain topics in accordance with Policy 5308.

APPENDIX D: PROTECTION OF PUPIL RIGHTS

5308 Protection of Pupil Rights

A. Surveys, Analyses, and Evaluations

Parents/guardians may inspect any survey created by a third party before that survey is administered or distributed to their student. All survey inspection requests must be made in writing to the building principal before the survey's scheduled administration date.

The District must obtain written consent from a student's parent/guardian before the student is required to participate in a survey, analysis, or evaluation funded, in whole or in part, by the U.S. Department of Education that would reveal sensitive information. For all other surveys, analyses, or evaluations that would reveal sensitive information about a student, the District will provide prior notice to the student's parent/guardian and an opportunity for the parent/guardian to opt their student out.

Employees may not request or disclose the identity of a student who completes a survey, evaluation, or analysis containing sensitive information.

"Sensitive information" includes:

- political affiliations or beliefs of the student or the student's parent/guardian;
- mental or psychological problems of the student or the student's family;
- sexual behavior or attitudes;

B. Invasive Physical Examinations

Parents/guardians may refuse to allow their students to participate in any non-emergency, invasive physical examination or screening that is: (1) required as a condition of attendance, (2) administered and scheduled by the District, and (3) not necessary to protect the immediate health and safety of a student.

"Invasive physical examination" means:

- any medical examination that involves the exposure of private body parts; or
- any act during an examination that includes incision, insertion, or injection into the body that does not include a hearing, vision, or scoliosis screening.

- telephone number; or
- Social Security Number.

This Policy does not apply to the collection, disclosure, or use of personal information for the purpose of providing educational services to students, such as:

- post-secondary education recruitment;
- military recruitment;
- tests and assessments to provide cognitive, evaluative, diagnostic, or achievement information about students; or
- student recognition programs.

B. Inspection of Instructional Material

Parents/guardians may inspect instructional material consistent with Policy 5401.

C. Notification of Rights and Procedures

The Superintendent or designee will notify parents/guardians of:

- this Policy and its availability upon request;
- how to opt their child out of participation in activities as provided for in this Policy;
- the approximate date(s) when a survey, evaluation, or analysis that would reveal sensitive information is scheduled or expected to be scheduled;
- the approximate date(s) when the District or its agents intend to administer a non-emergency, invasive physical examination or screening required as a

condition of attendance (except for hearing, vision, or scoliosis screenings);
and

- how to inspect any survey or other material described in this Policy.

This notification will be given to parents/guardians at least annually at the beginning of the school year and within a reasonable period after any substantive change to this Policy.

APPENDIX E: DIRECTORY INFORMATION AND OPT OUT FORM

5309 Student Records and Directory Information

The District may collect, retain, use, and disclose student education records consistent with state and federal law.

C. Definitions

1. An “education record” is a record directly related to a student that the District or its agents maintain, except that an education record does not include:
 - a. records kept in the maker’s sole possession that are used as a personal memory aid and that are not accessible or revealed to any person except a temporary substitute for the maker;
 - b. records maintained by a law enforcement unit of the District, as defined by the Family Educational Rights and Privacy Act (FERPA), if the record was created for a law enforcement purpose;
 - c. records relating to a student who is at least 18 years old that are created or maintained by a psychiatrist, psychologist, or other recognized professional or paraprofessional acting or assisting in that capacity that are created or maintained only for the student’s treatment (exclusive of remedial educational activities or educational activities that are part of the District’s instructional program) and that are disclosed only to persons providing treatment (except that the records may be personally reviewed by a physician or other appropriate professional of the student’s choice);
 - d. records created or received by the District after a person is no longer a student in the District and that are not directly related to the person’s attendance as a student in the District;
 - e. grades on peer-graded papers or assignments before they are collected or recorded by a teacher; or
 - f. records relating to a person employed by the District that are maintained in the normal course of business, relate only to the person’s employment, and are not available for any other purpose. Records relating to a person employed as a result of that person’s status as a student are, however, “education records.”
2. “Personally identifiable information” means a student’s name; the name of a student’s Parent or family member; the student’s address or the address of a family member; a personal identifier, such as the student’s social security number, student number, or biometric record; other indirect identifiers, such as the student’s date of birth, place of birth, and mother’s maiden name; other information that alone or in combination is linked or linkable to a specific student that would allow a reasonable person in the school community, who does not

have personal knowledge of the relevant circumstances, to identify the student with reasonable certainty; or information requested by a person who the District reasonably believes knows the identity of the student to whom the education record relates.

3. "Directory information" is the information contained in a student's education record that would not generally be considered harmful or an invasion of privacy if disclosed. The Board designates the following as directory:
 - a. student names, addresses, and telephone numbers;
 - b. photographs and videos depicting a student's participation in school-related activities and classes;
 - c. grade level;
 - d. enrollment status (e.g., full-time or part-time);
 - e. dates of attendance (e.g., 2023-2027);
 - f. participation in officially recognized activities and sports;
 - g. weight and height of athletic team members;
 - h. degrees, honors, and awards received; and

The Board further designates District-assigned student email addresses as directory information for the limited purposes of: (1) facilitating the student's participation in and access to online learning platforms and applications; and (2) inclusion in internal school and District email address books.

D. Collection and Retention of Records

School officials may collect and retain information about the District's students that is reasonably necessary for the District to perform its role as a public school district, including, without limitation, student work samples, assessments, evaluations, surveys, health and medical information, immunization records, birth certificates, proof of residence, proof of achievements and awards, behavior records, investigation reports, incident reports, attendance records, all records necessary for the District to satisfy state or federal legal obligations, and any record necessary for the District to prove that a student was accurately counted in membership for state aid and grant purposes.

The Superintendent or designee will ensure that all student records are retained consistent with the Records Retention and Disposal Schedule for Michigan Public Schools and Policy 3502 and that reasonable steps (including, without limitation, physical or technological controls) are taken to protect education records, including those stored electronically, from inadvertent or unauthorized disclosure.

E. Right to Inspect and Review Education Records

Parents may inspect and review their minor child's education records, regardless of custody status, unless a court order specifically provides otherwise.

Parents may also inspect and review the education records of an "eligible student" if the student is considered a dependent under Internal Revenue Code Section 152. An "eligible student" means a student who is at least 18 years old, an emancipated minor, or a student enrolled in a postsecondary institution. Eligible students have the right to inspect and review their own education records.

The District will make arrangements for a Parent or eligible student to inspect and review the student's education records within a reasonable time from receiving a request and not more than 30 calendar days from the date of the request or, if the student whose records are requested is a child with a disability as defined by the Individuals with Disabilities Education Act, before any Individualized Education Program Team meeting, resolution meeting, or due process hearing.

F. Right to Request Explanation or Interpretation of Student Education Records

A Parent or eligible student may request, in writing, an explanation or interpretation of a student's education records. School officials will respond to any reasonable request.

G. Right to Request Amendment of Education Records

A Parent or eligible student may request that a student's education record be amended if the Parent or eligible student believes the record is inaccurate, misleading, or otherwise in violation of the student's privacy rights. The Superintendent will develop administrative guidelines explaining the process by which a Parent or eligible student may request an amendment to the student's records and that the Parent or eligible student has the right to a hearing if the District refuses the request.

H. Disclosure of Education Records to School Officials

A school official may receive and review personally identifiable information from a student's education record only if the school official has a legitimate educational interest in the information. A school official has a "legitimate educational interest" if the record review is necessary for the school official to perform an administrative, supervisory, or instructional task as assigned by the District or to perform a service or benefit for the student or the student's family. For purposes of this Policy, a "school official" is any person employed by the District. The Board further designates the following persons and entities as "school officials":

1. a person or company with whom the Board has contracted to perform a specific task (such as an attorney, auditor, insurance representative, medical consultant, or online educational service provider or vendor);
2. a contractor, consultant, volunteer, or other party to whom the Board has outsourced a service or function otherwise performed by District employees

(e.g., a therapist, a school resource officer, an employee of an intermediate school district, or an authorized information technology specialist);

3. a Parent or student serving on an official committee, such as a disciplinary, reinstatement, or grievance committee; and
4. a person, including a volunteer, who is assisting another school official in performing the official's duties.

The above-identified persons and entities must: (a) perform institutional services or functions for which the District would otherwise use its own employees, (b) be under the direct control of the District as to the use and maintenance of education records, and (c) be subject to the requirements of FERPA regulations governing the use and re-disclosure of personally identifiable information from education records.

The Superintendent or designee will adopt procedures, including physical and technological controls, to ensure that only those school officials with a legitimate educational interest may access personally identifiable information from a student's education records.

I. Disclosure of "Directory Information"

Except as otherwise stated in this Policy, school officials may disclose "directory information" without the prior written consent of a Parent or eligible student unless the Parent or eligible student specifically notifies the District that the Parent or eligible student does not consent to the disclosure of the student's directory information for 1 or more of the uses for which the District would commonly disclose the information.

The District will provide Parents and eligible students with a Directory Information Opt Out Form, listing all uses for which it commonly discloses student directory information. The form will allow the Parent or eligible student to elect not to have the student's directory information disclosed for 1 or more of the listed uses. Upon receipt of a completed Directory Information Opt Out Form, school officials may not release the student's directory information for any of the uses selected on the form.

The Superintendent or designee will provide the Directory Information Opt Out form to all Parents or eligible students within the first 30 days of the school year. The form will also be made available at a Parent's or eligible student's request at any time during the school year. If the Parent or eligible student does not return the form, the District may release directory information as permitted by law. The Directory Information Opt Out form will be kept on file for 1 year.

To ensure that directory information is not improperly used, the Superintendent or designee may require that a person requesting directory information execute an affidavit stating that, if disclosed, the directory information will not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.

The District will not disclose a student's or Parent's phone number or address or the Parent's employment address to another person who is the subject of a court order that prohibits disclosure of the information if the District has received a copy of the order. The District will not disclose a confidential address, phone number, or email address in violation of the Address Confidentiality Program Act if the student or the student's Parent notifies the District that the student or the student's Parent has obtained a participation card issued by the department of attorney general.

J. Disclosure of Education Records to Another School

School officials may release or disclose personally identifiable information contained in a student's education record without the consent of the Parent or eligible student to another school or post-secondary institution in which the student seeks or intends to enroll, is enrolled, or from which the student receives services, if the disclosure is related to the student's enrollment or transfer.

K. Tagged Records and Record Transfers

Upon notification by a law enforcement agency that a student under age 17 is missing, the building principal or designee will tag the student's record in a manner that will alert both District and ISD personnel that the student is considered missing. Within 7 calendar days after receiving notice from a law enforcement agency that a student is no longer considered missing, the building principal or designee will remove the tag from the student's record.

Within 30 calendar days after receiving a request from a school in which a student has enrolled, the building principal or designee will forward the student's education records to the requesting school unless the student's record has been tagged as described in this Policy. If the record has been tagged, the building principal or designee will not forward the student's education records to the requesting school and will notify law enforcement.

L. Disclosure to a For-Profit Business Entity

School officials will not sell or otherwise provide any personally identifiable information that is part of a student's education records to a for-profit business entity, except as follows:

1. an employee or agent of a business entity acting as a "school official" as defined in this Policy;
2. pursuant to a management agreement between a public school academy and an educational management organization;
3. as necessary for standardized testing; or
4. as necessary to a person who is providing educational or educational support services to the student pursuant to a contract with the school.

M. Disclosure of Education Records in Response to Subpoena/Court Order

To the extent consistent with state law, including the nondisclosure requirements of Revised Judicature Act Section 2165, school officials may release or disclose personally identifiable information contained in a student's education records without the consent of the Parent or eligible student upon receipt of a court order or lawfully issued subpoena requiring disclosure of the information. To the extent permitted or required by law, before complying with a court order or subpoena, school officials must notify the Parent or eligible student, in writing, that the District intends to comply with the court order or subpoena.

N. Disclosure of Education Records in Other Circumstances

Except as provided in this Policy, the District and its employees and agents are prohibited from disclosing personally identifiable information from a student's education records without the written consent of a Parent or eligible student unless the disclosure is otherwise permitted or required by law, including, without limitation, if the disclosure is:

- necessary because of a health or safety emergency;
- to authorized state or federal officials;
- in connection with a student's application for or receipt of financial aid;
- made for purposes of conducting a study for or on behalf of an educational agency or institution;
- to an accrediting organization;
- concerning a registered sex offender; or
- to a representative of a child welfare agency for a foster child.

A school official may not disclose personally identifiable information from a student's education records unless disclosure is consistent with the requirements of state and federal law, including FERPA.

O. Disclosure Logs

The Superintendent or designee will maintain, to the extent required by law, a log of those persons to whom personally identifiable information from a student's education records has been disclosed. The record will identify the student whose information was disclosed, the person or entity who requested or received the information, the information that was disclosed, the date the Parent or eligible student provided written consent (if necessary for the disclosure), a legitimate reason for the disclosure, and any other information required by law.

Subject to the limitations below, a Parent or eligible student may request, in writing, information related to disclosure of personally identifiable information by the District. This information includes:

- the specific personally identifiable information that was disclosed by the District;
- the name and contact information of each person, agency, or organization to which the District disclosed the student's personally identifiable information; and
- the legitimate reason that the person, agency, or organization had in obtaining the personally identifiable information.

The District is not required to provide information about the disclosure of personally identifiable information if the personally identifiable information is:

1. provided to MDE or CEPI;
2. provided to the eligible student or the student's Parent;
3. provided to an intermediate school district providing services pursuant to a written agreement;
4. provided by an intermediate school district to a school district or to a public school academy in which the pupil is enrolled or to a school district or public school academy providing services to the pupil pursuant to a written agreement;
5. provided to a person, agency, or organization with the written consent of the eligible student or the student's Parent;
6. provided to a person, agency, or organization in accordance with an order, subpoena, or ex parte order issued by a court of competent jurisdiction;
7. provided as necessary for standardized assessments that measure the student's academic progress and achievement;
8. covered by the District's Directory Information Opt Out Form, unless the Parent or eligible student has signed and submitted the Opt Out Form.

P. Video Recordings

A video recording that is directly related to a student may be an "education record" (e.g., when it is maintained to document student conduct or misconduct, unless it is maintained by a law enforcement unit and used solely for a law enforcement purpose). The Superintendent or designee will determine, on a case-by-case basis, upon receipt of a request for the video's disclosure, whether a particular video is an "education record" and whether it contains "personally identifiable information" about a student. If the Superintendent or designee determines that a video recording is an "education record," its disclosure and the rights of Parents and eligible students to inspect and review the video recording are governed by this Policy, applicable laws, and relevant state and federal guidance.

Q. Disclosure of Records to Law Enforcement

Nothing in this Policy limits a school official's right or duty under state law or pursuant to the Statewide School Safety Information Policy to contact law enforcement to report possible criminal activity. A school official may not, however, disclose personally identifiable information from a student's education records to law enforcement without the prior written consent of a Parent or eligible student unless disclosure is otherwise permitted or required by state or federal law (e.g., in response to a health or safety emergency or a court order or subpoena).

If a school official reports possible criminal activity of a student with a disability as defined by the Individuals with Disabilities Education Act, the school official must transmit a copy of the student's special education records and disciplinary records to the authorities to whom the crime is reported in a manner consistent with FERPA (i.e., with prior written consent or a lawful exception to consent). Except for disclosures in response to a health or safety emergency, school officials must seek written consent to transmit the records of a student with a disability immediately after reporting the student's potential criminal activity to authorities.

R. Disclosure of Information to Military Recruiter

The District will provide recruiters of the Armed Forces of the United States with at least the same access to the high school campus and to directory information as is provided to other entities offering educational or employment opportunities to those students, as required by state and federal law. "Armed Forces of the United States" means the armed forces of the United States and their reserve components and the United States Coast Guard.

The Directory Information Opt Out Form must include the option to opt out of the disclosure of the student's directory information to recruiters of the Armed Forces of the United States. Upon receipt of a written "opt out," school officials may not release the student's directory information to recruiters of the Armed Forces of the United States. The District may charge a fee, not to exceed the actual costs of copying and mailing the requested directory information, to recruiters of the Armed Forces of the United States, to the same extent it charges other organizations.

S. Annual Notice Requirements

The Superintendent or designee will send an annual notice to Parents and eligible students notifying them of the following:

1. the right to inspect and review their student's education records;
2. the right to seek amendment of their student's education records, the process for requesting amendment, and applicable hearing procedures;
3. the identity of designated "school officials" and the definition of "legitimate educational interest";

4. the definition of “directory information” and notice that their student’s directory information may be disclosed without consent unless the Parent or eligible student opts out of allowing disclosure;
5. the District’s practice to disclose a student’s education records, including disciplinary records, to another school or post-secondary institution in which the student seeks or intends to enroll or is enrolled;
6. the right to consent to the disclosure of personally identifiable information from a student’s education record before its disclosure, unless a nonconsensual disclosure is otherwise authorized by law;
7. the right to opt out of disclosure of directory information to recruiters for Armed Forces of the United States and their service academies;
8. the right to file a complaint with the U.S. Department of Education alleging that the District violated FERPA; and
9. the right to obtain a copy of the Board’s policies and administrative regulations about student records.

APPENDIX F: ACCEPTABLE USE AGREEMENT AND CHROMEBOOK GUIDELINES

3116 District Technology and Acceptable Use

The Board will provide students, staff, volunteers, and other authorized users access to the District's technology resources, including its computers and network resources, in a manner that encourages responsible use. Any use of District technology resources that violates federal or state law is expressly prohibited.

A. Children's Internet Protection Act

The Board complies with the Children's Internet Protection Act ("CIPA") and directs its administration to:

1. Monitor minors' online activities and use technology protection measures on the District's computers with internet access to block minors' access to visual depictions that are obscene, constitute child pornography, or are harmful to minors. The term "harmful to minors" means any picture, image, graphic image file, or other visual depiction that:
 - a. taken as a whole and as to minors, appeals to a prurient interest in nudity, sex, or excretion;
 - b. depicts, describes, or represents, in a patently offensive way as to what is suitable for minors, an actual or simulated sexual act or sexual contact, actual or simulated normal or perverted sexual acts, or a lewd exhibition of the genitals; and
 - c. taken as a whole, lacks serious literary, artistic, political, or scientific value for minors.
2. Use technology protection measures on the District's computers with internet access to block all access to visual depictions that are obscene or that constitute child pornography. The technology protection measures may be disabled by authorized personnel during adult use to enable access to bona fide research or for other lawful purposes. The Superintendent or designee will determine which District personnel are authorized to disable the protection measures.
3. Educate minors about appropriate online behavior, including interacting with other people on social networking websites and chat rooms, as well as cyberbullying awareness and response.
4. Prohibit access by minors to inappropriate matter on the internet.
5. Prohibit unauthorized access, including hacking and other unlawful online activity by minors.
6. Prohibit the unauthorized disclosure, use, and dissemination of personal identification information about minors.

7. Restrict minors' access to materials that are inappropriate for minors. The Board defines materials that are "inappropriate for minors" to include obscene depictions, child pornography, and any other material harmful to minors.
8. Encourage the safety and security of minors when using electronic mail, chat rooms, and other forms of direct electronic communication.

The Superintendent or designee will take steps necessary to implement this Policy and to otherwise comply with CIPA.

B. Acceptable Use Agreement

The Superintendent or designee will develop, review, and revise as necessary an acceptable use agreement that must be signed before a user is provided access to the District's technology resources. Different acceptable use agreements may be developed based on the user's status. At a minimum, the Superintendent or designee will develop an acceptable use agreement to be signed by each of the following groups:

- adult users, including employees, volunteers, and Board members;
- students in grades 7 and above and their Parent; and
- students in grades 6 and below and their Parent.

The acceptable use agreement must be consistent with this Policy and must include, at a minimum, all of the following:

1. A statement that:
 - a. use of District technology resources is a privilege that may be revoked at any time;
 - b. a user has no expectation of privacy when using District technology resources;
 - c. District technology resources use may be monitored by the District and that the use may be subject to FOIA or disclosure in litigation;
 - d. District technology resources may not be used to bully, harass, or intimidate others;
 - e. misuse of District technology resources may result in loss of access to the resources and potential disciplinary action; and
 - f. the District does not guarantee that the District's technology resources will be error free or uninterrupted.
2. Provisions to protect the integrity of District technology resources, including a requirement that each user only access the resources by using that user's assigned user name and password.

3. A list of what constitutes misuse of District technology resources.
4. A prohibition against:
 - a. accessing other user accounts or files without authorization;
 - b. conducting personal business or activities;
 - c. accessing pornography;
 - d. communicating inappropriately with students;
 - e. accessing or downloading confidential student information which the employee has no legitimate educational need to know; and
 - f. accessing or downloading unauthorized software or programs.
5. A requirement that users report any material that is threatening, harassing, or bullying.
6. A release of all claims and liability against the District for use of District technology resources.

C. District Personnel Use

District personnel must comply with Policies 4215 and 4216.

D. State Assessments

During the administration of state assessments (e.g., WIDA, M-STEP, etc.), unless otherwise permitted by this subsection, students and District personnel, including those individuals acting as test administrators, are prohibited from possessing, using, wearing, or otherwise accessing any electronic devices not being actively used for testing purposes when in an active testing session or while on a break when in an active testing session. Pictures, videos, or other communications regarding test content are prohibited during all testing and breaks.

For the purposes of this subsection, an “electronic device” includes any electronic device that can be used to record, transmit, or receive information not used for testing, including but not limited to computers, tablets, iPads, e-readers, smart watches (including Fitbits), smartphones and cell phones, Bluetooth headphones or smart earbuds, or smart glasses.

The Superintendent and building principals are authorized to develop additional building-level rules related to state assessments so long as those rules are not in conflict with this subsection.

1. Students

- a. Students shall leave all electronic devices outside of the testing room

- b. If an additional electronic device is medically necessary for a testing student, the device must be left with the test administrator, unless the student is required to possess the device, in which case the test must be administered to the student by a test administrator in a one-on-one setting and the student must be actively monitored at all times while testing.
- c. During the testing sessions or breaks, students may not access any additional websites or applications on a device used for testing.

2. Test Administrators

- a. Test administrators or other District personnel monitoring or troubleshooting the administration of state assessments must:
 - i. Ensure that all background applications and alternative websites are disabled on testing devices.
 - ii. Actively monitor students in the testing room and verify that students do not have access to additional electronic devices before, during, and after testing, including breaks.
 - iii. Refrain from disturbing the testing environment, including through texting, speaking, or using electronic devices for non-testing purposes (e.g., to complete other work). Test administrators must silence all electronic devices.
- b. Test administrators may use electronic devices to alert other personnel of issues or emergencies requiring assistance. Such other personnel may use their electronic devices for troubleshooting purposes but should exit the testing room when engaging in those communications.

3. Penalties

The failure to comply with this subsection may result, as applicable, in employee or student disciplinary action and such consequences as deemed necessary or appropriate by the Michigan Department of Education (e.g., invalidation of an individual student's test, or misadministration of the entire testing session and invalidation of all the students' tests).

E. Public Access to Technology

- 1. Pursuant to the Michigan Library Privacy Act, each school library offering public access to the internet or a computer, computer program, computer network, or computer system (a "Qualifying School Library") will limit minors to only use or view those terminals that do not receive material that is obscene, sexually explicit, or harmful to minors. Persons age 18 or older, or a minor accompanied by the minor's Parent, may access a school library terminal that is not restricted from receiving such material, if any.

2. Only when a Qualifying School Library offers public access as described in subsection D.1., the District must designate at least 1 terminal that is not restricted from receiving such material and at least 1 terminal that is restricted from receiving such material. Library staff must take steps to ensure that minors not accompanied by a Parent do not access the unrestricted terminal. The Superintendent or designee will determine which employees will implement subsection D in each Qualifying School Library.
3. As used in this Policy, “terminal” means a device used to access the internet or a computer, computer program, computer network, or computer system.

CHROMEBOOK STUDENT GUIDELINES

1:1 Program

Mason Consolidated Schools has adopted a 1:1 Chromebook program for both Mason Middle School and Mason Senior High School. Each Chromebook device is coded uniquely and will be issued to the same student for use each year at their respective building. All devices must be turned in for summer break at the designated day/time as determined by the building principal. Please review the following guidelines as supplement to Mason's Technology Use Policies as indicated in the student handbook.

Student Information

The use of the Chromebook is a privilege. Students will be expected to bring their Chromebook to school fully charged each day and have them in class just as they would for any other required material. Students are responsible for good behavior/character online just like they are in each school building. Students are not permitted to use obscene, profane, threatening, or disrespectful language. Students should notify their teacher of anything inappropriate. Bullying will not be tolerated. Any attempt to remove or circumvent district-installed software will result in immediate disciplinary action, including, but not limited to, confiscation of the device.

General Use

1. Use caution when eating or drinking near Chromebooks. School-issued Chromebooks are not permitted for use during food/drink consumption within the lunchroom.
2. Cords, cables, and removable storage must be inserted carefully into the Chromebook to prevent damage.
3. Students should never carry their Chromebook while the screen is open.
4. Do not stack any books or heavy materials on top of the Chromebook in lockers or backpacks.
5. Do not close the Chromebook with anything inside it (e.g. pencils). This can cause screen damage.
6. Students need to take their Chromebooks home with them every night to charge them or turn them into their building's designated charging location if parents have chosen that option. Note: students are still responsible to complete any homework if the option for at-school nightly storage is chosen.
7. Chromebooks should not be left unattended, particularly in any common areas, unlocked classrooms, locker rooms, dressing rooms, hallways, bathrooms, buses, cars, or on school grounds. Damage caused in these areas while unattended will result in charges for repairs or replacement.
8. Do not expose the Chromebook to extreme temperature or direct sunlight for extended periods of time. Extreme heat or cold may cause damage.

Charging the Battery

1. Average battery life should be approximately 7 hours. If the Chromebook is consistently losing its charge before the end of the school day, it needs to be turned in to the building's main office for repair.
2. Chromebooks should be shut down or put to sleep (close the lid) when not in use to extend battery life.
3. Chromebooks must be brought to school each day fully charged. Students need to charge their Chromebooks at home each evening.

Screen Care

1. Clean the screen with a soft cloth. If desired, lightly spray the cloth with a mild cleaner or water before cleaning
2. Do not lean on the top of the Chromebook when it is closed.
3. Do not place anything near the Chromebook that could put pressure on the screen.

School Use

1. Chromebooks are intended for use at school each day. In addition to teacher expectations for Chromebook use, announcements and schedules may be accessed using the Chromebook. Students are responsible for bringing their Chromebooks to all classes, unless specifically instructed not to do so by their teacher.
2. If students leave their Chromebooks at home, they are responsible for getting the course work completed as if they had the Chromebooks present.
3. If a student consistently does not bring their Chromebook to class, parents will be contacted.

Media, Sound, and Games

1. All photos (including desktop background) and videos must meet handbook guidelines.
2. Media that violates acceptable policy (guns, weapons, adult materials, inappropriate language, alcohol, drug, gang related pictures) will result in disciplinary action and may also result in a loss of Chromebook privileges.
3. Music and games must serve an educational purpose and meet the acceptable use guidelines.
4. Use of media, sound, and games must be in accordance with classroom procedures.

Loss or Theft

1. Students (or parents) must contact their respective main office if there is loss or theft of the Chromebook that has been issued to that student.
2. If a device has been reported as missing, the student will have 5 school days to find the device before an invoice will be issued to the student for a replacement device. If the device is found after that date, a further determination will be made.
3. If the device was stolen, a police report is required by insurance for replacement of the Chromebook. Students who lose their Chromebook and do not have a police report will be required to pay the full replacement cost.

Inspection

1. Chromebooks are property of Mason Consolidated Schools and are subject to inspection at any time.
2. Reasons for Chromebook inspection may include but are not limited to the following: functionality, maintenance, serviceability, and student conduct when using the Chromebook.

Mason reserves the right to update the guidelines in accordance with legal, regulatory, and policy/handbook changes. Additional information may be found on the Remote Learning section of the district's website:

<https://eriemason.k12.mi.us/remote-learning>

Student Agreement

As a technology device, Chromebooks fall under Mason's Technology Use Policies. When checking out their issued device, students agree that they:

- understand that the Chromebook is subject to inspection at any time without notice and remains the property of Mason Consolidated Schools.
- will take care of their Chromebook.
- will never leave the Chromebook unattended and know where the Chromebook is at all times.

- Should you want to opt out of taking a Chromebook home, you may indicate that the Chromebook assigned to your child will stay at school each day (the device will still be used in school but will not go home). You will need to contact the building's main office to discuss this option.

Please understand that the district may charge replacement and/or repair fees based on an assessment of damage/theft of device.

APPENDIX G: ATHLETIC CODE OF CONDUCT

Participation in Mason Senior High School's athletics is a privilege, not a right. Student-athletes are students first. When participating in District athletics, student-athletes are District representatives and are held to the highest standards. Accordingly, this Athletic Code of Conduct applies 24 hours a day, 365 days a year. Student-athletes and parents should be familiar with this Athletic Code of Conduct. By participating in any school-sponsored athletic team both student-athletes and parents agree to abide by these terms.

Athletic Fee (for athletics only)

This program does not guarantee playing time. It will allow access to our various sports programs.

COST: \$150 per school calendar year per athlete for high school students and \$100 per school calendar year per athlete for 6th – 8th grade students with a maximum of \$300 per family at any or combined levels. After a student-athlete has paid their athletic fee, the student-athlete will receive an athletic pass to all home middle school and high school athletic events.

FEES: Must be paid no later than the first scheduled scrimmage or game. Fee must be paid to the athletic office, and a receipt will be issued. Return checks will result in the athlete being declared ineligible until a cash payment can be made. A student who has not paid the fee by the deadline will be removed from the team. A student who becomes ineligible, is suspended, or resigns his position for the team will not receive a refund.

Note on fees: A student-athlete who is injured within the first 50% of the season and is unable to continue participating (as confirmed by a medical doctor) because of that injury may receive a refund.

Communication Protocol

The District has full faith in its coaches to make decisions that are in the best interest of their teams. If parents have questions or concerns about their student-athletes' sports participation, use the following protocol:

1. Wait 24 hours before contacting the coach.

2. Schedule a time to speak with the coach, either via phone or in-person, at the coach's discretion.
3. If the issue is unresolved, schedule a time to speak with the Athletic Director, either via phone or in-person, at the Athletic Director's discretion.

Concussion Protocol

The District will comply with the concussion protocol in Policy 5712.

Athletic Code of Conduct

A student-athlete must:

1. Learn and understand the rules and regulations of your sport.
2. Unless otherwise approved by district administration, if school is in session, attend school for the full day to be eligible to practice or play in an event on the same day.
3. Comply with the law, Board Policy, the Student Code of Conduct, the Athletic Code of Conduct, and all team rules. Failure to comply with this provision may result in suspension or removal from a team.
4. Not possess, use, or consume alcohol, tobacco, cannabis, nicotine (including a vape), or controlled substances (other than those prescribed by a physician for the student-athlete).
5. Not engage in conduct that is unbecoming of student-athletes.
6. Maintain academic eligibility as required by the Michigan High School Athletic Association and Mason Senior High School.
7. Notify your coach or District athletic trainer of any injury or medical condition that may affect your athletic participation.

If a student-athlete violates any provision of the Athletic Code of Conduct, practice, game, team, or complete athletic suspension may result. Any disciplinary consequences will be at the sole discretion of the Athletic Director or designee.

If a student-athlete is suspended or expelled from school, the student-athlete is prohibited from participating in any practice or game during the suspension or expulsion.

Athletic/Extracurricular Violations and Penalties

All violations of the athletic/extracurricular activity code of conduct will result in an internal investigation performed by the athletic director and/or building principal. Any disciplinary action issued to the athlete/participant will be based solely on internal investigation or the report of a recognized, proper, legal authority.

All penalties for the code of conduct shall be cumulative beginning with the student's first date of eligibility to participate in high school.

Due Process

Any student involved in an athletic/extracurricular activity that is in violation of any major offense mentioned below will be afforded due process. During the investigation, the student-athlete will have the right to be informed of any and all allegations and will have the right to be heard by the athletic director or the building principal. The student will have the right of appeal of consequences to the building principal unless the building principal is actively involved in the original investigation and/or determination of consequences. This must be done, in writing, per board policy. All consequences will be enforced during the appeal period. A final appeal may be made to the Superintendent of schools or his/her designee, in writing, within 72 hours of the consequences being determined. All consequences will be enforced during the appeal. A form to initiate the appeal is available in the high school office and must be filled out to initiate the appeal.

Major Offenses - Major offenses documented at any time are subject to Athletic/Extracurricular Code discipline. The number of major offenses is cumulative during the total high school career.

1. Involvement in any crime inside or outside of school that results in a misdemeanor or felony citation, ticket, charge or conviction by law enforcement.
2. Use, possession, association with or distribution of, alcohol, or illegal drugs is prohibited on school grounds. This includes illegal performance enhancing substances, unauthorized medicines or prescriptions, narcotics, or look-alike drugs. Also included is the aiding and abetting of any such activity listed above, including the promotion of or distribution of information on where and how to obtain.

Progressive Discipline - Any athlete involved in a major offense will be subject to the following disciplinary action. A coach may establish more stringent discipline if approved by the athletic director and Superintendent.

1. First Offense:
Suspension from the next two (2) scheduled contest-dates where the student-athlete, as a member of a team, participates. This will begin immediately; if an athlete/participant is unable to serve their entire suspension, the suspension will carry over to the athlete's/participant's next season. Participants may continue practicing with the team/activity during this period with the coach's/moderator's permission, but cannot dress, play/participate, or be involved in any way during the contests/events. If the offense results in a felony conviction, then the first offense will result in suspension from all athletics for one (1) calendar year.
2. Second Offense:
Suspension from all extracurricular activities for one (1) calendar year. If the offense results in a second felony conviction, then the second offense will result in suspension from all athletics for the rest of the high school career.
3. Third Offense:
You may not represent Mason High School in any athletics for the rest of your school career.

Other Offenses: Vape or Tobacco use and/or possession –or– Where there is no misdemeanor or felony conviction and the offense involves conduct unbecoming of a Mason student that is involved in an athletics including—but not limited to violation of in-season team rules as determined by the head coach of the sport in question—the disregard for the rights of other team/activity members, coaches/moderators, faculty or school personnel, fans, other students or property (school or private).

1. First Offense:
Suspension from the next scheduled contest-date-where the student-athlete as a member of a team participates.
2. Second Offense:
Suspension from the next scheduled 50% of the contest-dates where the student-athlete as a member of a team participates.
3. Third and Subsequent Offense: Suspension from all athletics for one (1) calendar year.

Penalties: Athletic code contest suspensions shall not be considered served if the athlete quits the team or sport prior to that sport's season completion. The athletic director or principal may waive this clause under extenuating circumstances only.

Additionally, athletic code contest suspensions shall not be considered served if the contest or contest-date is moved or cancelled due to weather and/or the joint agreement of both schools. In this case, the athletic director will notify the coach of the readjustment.

Team Offenses

The head coach/moderator will establish the appropriate discipline for those team offenses not already covered in this section. This discipline will be explained in the individual coach's/moderator's, Athletic Director-approved rules, and distributed to athletes and parents prior to the start of the season.

Athletic Eligibility

Eligibility is determined by the student-athlete's previous semester grade point average (GPA): student-athletes must pass 4 out of 6 classes and maintain a 1.7 GPA or better to be eligible to participate in a sport for the following semester; student-athletes passing at the semester or most recent check 4 out of 6 classes with at least a 1.5 GPA but less than a 1.7 GPA are eligible to participate provided they meet the conditions of academic probation per the definition and procedures outlined in this section. Those student-athletes not meeting these requirements may regain their eligibility by making up the deficiency in the class(es) affecting their eligibility, by retaking the classes they did not pass, by successfully testing out of the class they did not pass, or by making up the class(es) during summer school.

Beginning the third Friday after Labor Day, all in-season athletes will have their grades checked every other Friday, on a bi-weekly basis. If during the eligibility, check the athlete is failing one or more courses, is ineligible, or on probation, the athlete may be

required to attend after school tutoring sessions. Students are considered ineligible if they have a 1.499 GPA, or lower. Students are considered on academic probation if they have a 1.5-1.699 GPA. Parents/Guardians, students and coaches will be notified by the Athletic Director when the student is ineligible and/or failing a course. It is the student's responsibility to gather assigned and/or missing assessments for each course.

If a student is ELIGIBLE (>1.7 GPA) but FAILING one of more courses: Student will meet with the athletic director to discuss the academic deficiency. Student will have until the next grade check to bring up their failing grade or the student **MUST** attend after school tutoring and meet all of the requirements (see below). Eligible students are allowed to practice and compete in the games, providing they have fulfilled the tutoring center requirements. If the deficient grade is brought up at the next check, the student will no longer be required to attend the after-school tutoring.

If a student is INELIGIBLE (<1.49 GPA) or on PROBATION (1.5-1.69 GPA): Student **MUST** attend after school tutoring and meet all of the requirements (see below). Ineligible students are allowed to practice, providing they have fulfilled the tutoring center requirements, but they are not permitted to compete, until eligible. Probationary students are allowed to practice, providing they have fulfilled the tutoring center requirements and are allowed to compete.

Requirements for After-School Tutoring:

1. Students must attend tutoring three times a week, Tuesday, Wednesday, and Thursday, until they are eligible and are **NOT** failing any course. (Tutoring days are subject to change)
2. Students must bring and do their schoolwork when in the tutoring center or they will not receive credit for attending that day.
3. Saturday school may be assigned as needed but cannot replace the required after school tutoring sessions.

Academic Probation

As a result of a previous semester's GPA or weekly grade check, student-athletes with a 1.5 to 1.699 (rounded) GPA will be placed on "academic probation" and will have until the next weekly grade check to lift their grade point average up to 1.7 or better. Student-athletes who fail to raise their GPA back up to 1.7 or better commencing with the first grade-check of the semester or after spending a week on probation will be ineligible until at least their next weekly grade check. The definition of a week's eligibility is always Monday through Sunday, per MHSAA, commencing on the Monday following the grade check on Friday.

APPENDIX H: CONCUSSION

5712 Concussion Awareness

- T. Each coach, employee, volunteer, and other adult who works with students in an athletic activity, including physical education classes, sponsored or operated by the District, must complete the concussion awareness training program required by the Michigan Public Health Code at least once every 3 years.
- U. Before allowing a student to participate in any athletic activity, including physical education classes, the District will annually:
 - 1. provide the MHSAA- or state-approved educational materials on concussion awareness to each student and to the student's Parent; and
 - 2. obtain a statement signed by each student and respective Parent acknowledging receipt of the MHSAA- or state-approved concussion awareness educational materials. The District will maintain this signed statement for 5 years or until the student is 18, whichever is longer.
- V. A student must be removed from any practice, game, or physical education class activity when the student is reasonably suspected of sustaining a concussion during a practice or game. The student will not be permitted to participate in any school athletic activities involving physical exertion, including practices, games, or physical education class activities until the student has:
 - 1. been evaluated by a licensed physician, physician's assistant, or nurse practitioner;
 - 2. received written and signed clearance to resume participation in athletic activities from a licensed physician, physician's assistant, or nurse practitioner; and
 - 3. submitted to the school the written and signed clearance to resume participation in athletic activities, accompanied by written permission from the student's Parent to resume participation.

District officials are not required to verify the qualifications of the physician, physician's assistant, or nurse practitioner who provides the clearance.

- W. A student who has sustained a concussion may need accommodations, supports, and monitoring until the student is fully recovered. Nothing in this Policy automatically entitles a student who has sustained a concussion to an individualized plan under Section 504 of the Rehabilitation Act or the Individuals with Disabilities Education Act. Staff should refer a student who has sustained a concussion for evaluation if they suspect the student may have a disability, consistent with Policies 5601 and 5603.

Concussion

INFORMATION SHEET

This sheet has information to help protect your children or teens from concussion or other serious brain injury. Use this information at your children's or teens' games and practices to learn how to spot a concussion and what to do if a concussion occurs.

What Is a Concussion?

A concussion is a type of traumatic brain injury—or TBI—caused by a bump, blow, or jolt to the head or by a hit to the body that causes the head and brain to move quickly back and forth. This fast movement can cause the brain to bounce around or twist in the skull, creating chemical changes in the brain and sometimes stretching and damaging the brain cells.

How Can I Help Keep My Children or Teens Safe?

Sports are a great way for children and teens to stay healthy and can help them do well in school. To help lower your children's or teens' chances of getting a concussion or other serious brain injury, you should:

- Help create a culture of safety for the team.
 - Work with their coach to teach ways to lower the chances of getting a concussion.
 - Talk with your children or teens about concussion and ask if they have concerns about reporting a concussion. Talk with them about their concerns; emphasize the importance of reporting concussions and taking time to recover from one.
 - Ensure that they follow their coach's rules for safety and the rules of the sport.
 - Tell your children or teens that you expect them to practice good sportsmanship at all times.
- When appropriate for the sport or activity, teach your children or teens that they must wear a helmet to lower the chances of the most serious types of brain or head injury. However, there is no "concussion-proof" helmet. So, even with a helmet, it is important for children and teens to avoid hits to the head.

Plan ahead. What do you want your child or teen to know about concussion?

How Can I Spot a Possible Concussion?

Children and teens who show or report one or more of the signs and symptoms listed below—or simply say they just "don't feel right" after a bump, blow, or jolt to the head or body—may have a concussion or other serious brain injury.

Signs Observed by Parents or Coaches

- Appears dazed or stunned
- Forgets an instruction, is confused about an assignment or position, or is unsure of the game, score, or opponent
- Moves clumsily
- Answers questions slowly
- Loses consciousness (even briefly)
- Shows mood, behavior, or personality changes
- Can't recall events *prior to or after* a hit or fall

Symptoms Reported by Children and Teens

- Headache or "pressure" in head
- Nausea or vomiting
- Balance problems or dizziness, or double or blurry vision
- Bothered by light or noise
- Feeling sluggish, hazy, foggy, or groggy
- Confusion, or concentration or memory problems
- Just not "feeling right," or "feeling down"

Talk with your children and teens about concussion. Tell them to report their concussion symptoms to you and their coach right away. Some children and teens think concussions aren't serious, or worry that if they report a concussion they will lose their position on the team or look weak. Be sure to remind them that *it's better to miss one game than the whole season.*

cdc.gov/HEADSUP

CONCUSSIONS AFFECT EACH CHILD AND TEEN DIFFERENTLY.

While most children and teens with a concussion feel better within a couple of weeks, some will have symptoms for months or longer. Talk with your children's or teens' healthcare provider if their concussion symptoms do not go away, or if they get worse after they return to their regular activities.

What Are Some More Serious Danger Signs to Look Out For?

In rare cases, a dangerous collection of blood (hematoma) may form on the brain after a bump, blow, or jolt to the head or body and can squeeze the brain against the skull. Call 9-1-1 or take your child or teen to the emergency department right away if, after a bump, blow, or jolt to the head or body, he or she has one or more of these danger signs:

- One pupil larger than the other
- Drowsiness or inability to wake up
- A headache that gets worse and does not go away
- Slurred speech, weakness, numbness, or decreased coordination
- Repeated vomiting or nausea, convulsions or seizures (shaking or twitching)
- Unusual behavior, increased confusion, restlessness, or agitation
- Loss of consciousness (passed out/knocked out). Even a brief loss of consciousness should be taken seriously

Children and teens who continue to play while having concussion symptoms, or who return to play too soon—while the brain is still healing—have a greater chance of getting another concussion. A repeat concussion that occurs while the brain is still healing from the first injury can be very serious, and can affect a child or teen for a lifetime. It can even be fatal.

What Should I Do If My Child or Teen Has a Possible Concussion?

As a parent, if you think your child or teen may have a concussion, you should:

1. Remove your child or teen from play.
2. Keep your child or teen out of play the day of the injury. Your child or teen should be seen by a healthcare provider and only return to play with permission from a healthcare provider who is experienced in evaluating for concussion.
3. Ask your child's or teen's healthcare provider for written instructions on helping your child or teen return to school. You can give the instructions to your child's or teen's school nurse and teacher(s) and return-to-play instructions to the coach and/or athletic trainer.

Do not try to judge the severity of the injury yourself. Only a healthcare provider should assess a child or teen for a possible concussion. Concussion signs and symptoms often show up soon after the injury. But you may not know how serious the concussion is at first, and some symptoms may not show up for hours or days.

The brain needs time to heal after a concussion. A child's or teen's return to school and sports should be a gradual process that is carefully managed and monitored by a healthcare provider.

APPENDIX I: SEXUAL HARASSMENT AND SEXUAL ASSAULT INFORMATION GUIDE

3118 Title IX Sexual Harassment

Consistent with Policy 3115, the District prohibits unlawful sex discrimination, including harassment and retaliation, in any of its education programs or activities in accordance with Title IX of the Education Amendments of 1972 and its implementing regulations.

This Policy addresses allegations of Title IX sexual harassment that occurred on or after August 14, 2020 unless the District previously investigated the allegations under a different policy pursuant to the now-vacated Title IX 2024 regulations. Allegations of discrimination, harassment, or retaliation not covered by this Policy should be addressed under the District's applicable non-discrimination or anti-harassment policies. Allegations alleging both Title IX sexual harassment and other forms of Unlawful Discrimination and Unlawful Harassment (e.g., race, age, disability) that cannot be reasonably separated into distinct complaints should be investigated under this Policy. Complaints that include allegations of Title IX sexual harassment may be investigated under this Policy or bifurcated and investigated pursuant to the applicable Grievance Procedure under Policies 3115-3115H. Investigating other forms of discrimination, including harassment and retaliation, pursuant to this Policy will fulfill the District's investigation requirements under Policies 3115-3115H, 4104, and 5202, but nothing in this paragraph limits the District's right to determine at any time that a non-Title IX allegation should be addressed under Policies 3115-3115H, 4104 or 5202 or any other applicable Policy.

The Board directs the Superintendent or designee to designate one or more employees who meet the training requirements in Section M of this Policy to serve as the District's Title IX Coordinator(s). The Title IX Coordinator will designate an Investigator, Decision-Maker, and Appeals Officer, if applicable, for each Formal Complaint made under this Policy. If a Formal Complaint is made under this Policy against the Title IX Coordinator, the Board President will designate the persons who will serve as the Investigator, Decision-Maker, and Appeals Officer and will work with District administrators to ensure that all other requirements of this Policy are met.

The Investigator, Decision-Maker, Appeals Officer, and Informal Resolution Facilitator cannot be the same person on a specific matter, and the persons designated to serve in those roles may or may not be District employees. Any person serving as the Investigator, Decision-Maker, Appeals Officer, or Informal Resolution Facilitator must meet the training requirements in Section M of this Policy.

Inquiries about Title IX's application to a particular situation may be referred to the Title IX Coordinator(s), the Assistant Secretary for Civil Rights of the United States Department of Education, or both.

A. Definitions

For purposes of this Policy only, the below terms are defined as follows:

1. "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- a. a District employee conditioning the provision of a District aid, benefit, or service on a person's participation in unwelcome sexual conduct;
- b. unwelcome conduct that a reasonable person would determine to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
- c. "Sexual assault" as defined in 20 USC 1092(f)(6)(A)(v), "dating violence" as defined in 34 USC 12291(a)(10), "domestic violence" as defined in 34 USC 12291(a)(8), or "stalking" as defined in 34 USC 12291(a)(30).
 - i. "Sexual assault" is an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation. It includes unlawful sexual intercourse (including incest and statutory rape) and any sexual act, including rape, sodomy, sexual assault with an object, or criminal sexual contact, directed against another person without the consent of that person, including when that person is incapable of giving consent.
 - A) Rape: (Except Statutory Rape) The carnal knowledge of a person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
 - B) Sodomy: Oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
 - C) Sexual Assault With an Object: To use an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.
 - D) Criminal Sexual Contact: The (1) intentional touching of the victim's clothed or unclothed body parts without the consent of the victim for the purpose of sexual degradation, sexual gratification, or sexual humiliation; or (2) the forced touching by the victim of the actor's clothed or unclothed body parts without the victim's consent for the purpose of sexual degradation, sexual gratification, or sexual humiliation. This offense includes instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental or physical incapacity.

- E) Incest: Nonforcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
 - F) Statutory Rape: Nonforcible sexual intercourse with a person who is under the statutory age of consent.
- ii. "Dating violence" means violence committed by a person who is or has been in a romantic or intimate relationship with the Complainant. The existence of such a relationship is based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.
 - iii. "Domestic violence" means felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the Complainant, person with whom the Complainant shares a child, person who is cohabitating with or has cohabitated with the Complainant as a spouse or intimate partner, person similarly situated to a spouse of the Complainant under the domestic or family violence laws of Michigan; or any other person against an adult or youth Complainant who is protected from that person's acts under the domestic or family violence laws of Michigan.
 - iv. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.
- 2. "Actual Knowledge" means notice of sexual harassment or allegations of sexual harassment to the District's Title IX Coordinator or any District employee. Imputation of knowledge based solely on vicarious liability or constructive notice is insufficient to constitute actual knowledge. This standard is not met when the only District employee with actual knowledge is the Respondent.
 - 3. "Appeals Officer" is the person designated by the District to decide appeals of a dismissal or determination of responsibility for matters investigated under this Policy. The Appeals Officer may not be the same person as the Investigator, Title IX Coordinator, Decision-Maker, or person designated to facilitate an informal resolution process on a specific matter.
 - 4. "Complainant" is a person who is alleged to be the victim of conduct that could constitute Title IX sexual harassment.
 - 5. "Consent" means a voluntary agreement to engage in sexual activity by a person legally capable of consenting. Someone who is incapacitated cannot consent. Past consent does not imply future consent. Silence or an absence of resistance does not imply consent. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Consent can be withdrawn at any time. Coercion, force, or threat of either invalidates consent. Sexual conduct or relationships between District

employees, volunteers, or contractors and students, regardless of age or consent, are prohibited.

6. "Day," unless otherwise indicated, means a day that the District's central office is open for business.
7. "Decision-Maker" is the person designated by the District to review the investigation report and provide a written determination of responsibility that provides the evidentiary basis for the Decision-Maker's conclusions. The Decision-Maker may not be the same person as the Investigator, Title IX Coordinator, Appeals Officer, or person designated to facilitate an informal resolution process on a specific matter.
8. "Education Program or Activity" means any location, event, or circumstance over which the District exercised substantial control over both the Respondent and the context in which the harassment occurred.
9. "Formal Complaint" means a written document or electronic submission signed and filed by a Complainant or signed by the Title IX Coordinator alleging sexual harassment against a Respondent and requesting that the District investigate the sexual harassment allegation.
10. "Grievance Process" is the process by which the District investigates and determines responsibility for Formal Complaints.
11. "Investigator" is the person designated by the District to investigate a Title IX Formal Complaint. The Investigator cannot be the same person as the Decision-Maker, Appeals Officer, or person designated to facilitate an informal resolution process on a specific matter. The Title IX Coordinator may serve as the Investigator on a particular investigation, unless the Title IX Coordinator has a conflict of interest or bias.
12. "Report" means an account of alleged Title IX sexual harassment made by any person (regardless of whether the reporting party is the alleged victim).
13. "Respondent" is a person who has been reported to be the perpetrator of conduct that could constitute Title IX sexual harassment.
14. "Supportive Measures" are non-disciplinary, non-punitive, individualized supports offered and implemented by the Title IX Coordinator as appropriate, as reasonably available, and at no-cost to the Complainant and the Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed. Supportive measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

15. "Title IX Coordinator" is the person(s) designated by the District to coordinate the District's Title IX compliance. The Title IX Coordinator may not be the same person as the Appeals Officer or Decision-Maker on any matter. A person not serving as a Title IX Coordinator in a particular matter is not disqualified from serving in another role in that matter. The Title IX Coordinator may also serve as the Investigator or person designated to facilitate an informal resolution process on a particular investigation, unless the Title IX Coordinator signed the Formal Complaint.

B. Posting Requirement

The Title IX Coordinator's contact information (name or title, office address, electronic mail address, and telephone number), along with the District's Title IX nondiscrimination statement, must be prominently posted on the District's website and in any catalogs or handbooks provided to applicants for admission or employment, students, parents/guardians, and unions or professional organizations with a collective bargaining or professional agreement with the District.

The District will provide notice of this Policy to all applicants, students, parents/guardians, employees, and unions or professional organizations with a collective bargaining or professional agreement with the District by prominently posting this Policy on its website and referencing this Policy in its handbooks, which will include the Title IX Coordinator's name or title, office address, electronic mail address, and telephone number.

C. Designation of Title IX Coordinator

All Coordinators, including the Title IX Coordinator, are identified in Policy 3115B.

D. Reporting Title IX Sexual Harassment:

A person may make a report of sexual harassment or retaliation at any time. Reports may be made in person, by mail, by telephone, or by electronic mail, using the contact information listed for the Title IX Coordinator, or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report.

Any District employee who receives a report of sexual harassment or has actual knowledge of possible sexual harassment must convey that information to the Title IX Coordinator by the end of the next day.

Any other person who witnesses an act of sexual harassment is encouraged to report it to a District employee and may do so anonymously. No person will be retaliated against based on any report of suspected sexual harassment or retaliation.

E. General Response to Sexual Harassment

1. District's Obligation to Respond without Deliberate Indifference

Upon actual knowledge of Title IX sexual harassment, the Title IX Coordinator must respond promptly in a manner that is not deliberately indifferent. The District will be deemed to be deliberately indifferent only if its response to sexual harassment is clearly unreasonable in light of the known circumstances.

If the Title IX Coordinator receives a report of sexual harassment and the Complainant does not file a Formal Complaint, the Title IX Coordinator must evaluate the information and determine whether to sign and file a Formal Complaint. If the Title IX Coordinator determines not to sign and file a Formal Complaint, the Title IX Coordinator must address the allegations in a manner that is not deliberately indifferent.

2. Response to Report of Title IX Sexual Harassment

Upon receipt of a report of sexual harassment, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint.

3. Formal Complaint Filed

Upon the receipt of a Formal Complaint, the District must follow the Grievance Process in Section F of this Policy. A Formal Complaint may be submitted using a designated Title IX Sexual Harassment Formal Complaint Form.

4. Equitable Treatment

The District will treat the Complainant and Respondent equitably throughout the Grievance Process, which may include offering supportive measures as described in Subsection E(6) of this Policy.

5. Documentation and Recordkeeping

The Title IX Coordinator will document all sexual harassment reports and all incidents of sexual harassment that the Title IX Coordinator receives or personally observes.

The District will retain this documentation in accordance with applicable record retention requirements in Section N of this Policy.

6. Supportive Measures

After receiving a report of Title IX sexual harassment, the Title IX Coordinator must promptly contact the Complainant to discuss the availability of supportive measures, with or without the filing of a Formal Complaint. If the District does not provide a Complainant with supportive measures, then the Title IX Coordinator must document the reasons why such a response was not clearly unreasonable in light of the known circumstances.

The District may provide, as appropriate, non-disciplinary, non-punitive individualized services to the Complainant or Respondent before or after the filing of a Formal Complaint or when no Formal Complaint has been filed.

Supportive measures should be designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party.

Supportive measures are offered without charge and are designed to protect the safety of all parties or the District's educational environment, or deter sexual harassment.

Supportive measures may include, but are not limited to:

- a. District-provided counseling;
- b. course-related adjustments, such as deadline extensions;
- c. modifications to class or work schedules;
- d. provision of an escort to ensure that the Complainant and Respondent can safely attend classes and school activities; and
- e. no-contact orders.

All supportive measures must be kept confidential, to the extent that maintaining such confidentiality would not impair the District's ability to provide the supportive measures.

7. Respondent Removal

a. Emergency Removal (Student)

The District may only remove a student Respondent from a District program or activity if, following an individualized safety and risk analysis, the District determines that there is an immediate threat to the physical health or safety of any student or other person arising from the sexual harassment allegations. The District must provide the Respondent with notice and an opportunity to immediately challenge the removal decision. This provision may not be construed to modify any rights under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act of 1973, or the Americans with Disabilities Act.

b. Administrative Leave (Employee)

The District may place an employee Respondent on non-disciplinary administrative leave during the pendency of the Grievance Process. This provision may not be construed to modify any rights under Section 504 of the Rehabilitation Act of 1973 or the Americans with Disabilities Act.

8. Law Enforcement

In appropriate circumstances, a District employee will notify law enforcement or Child Protective Services, consistent with Policies 4202, 5201, and 5701.

The District will attempt to comply with all law enforcement requests for cooperation with related law enforcement activity. In some circumstances, compliance with law enforcement requests may require the District to briefly suspend or delay its investigation. If an investigation is delayed, the District will notify the parties in writing of the delay and the reasons for the delay.

If the District's investigation is suspended or delayed, supportive measures will continue during the suspension or delay. If the law enforcement agency does not notify the District within 10 days that the District's investigation may resume, the District will notify the law enforcement agency that the District intends to promptly resume its investigation.

F. Grievance Process

1. Generally

The Grievance Process begins when a Formal Complaint is filed or when the Title IX Coordinator signs a Formal Complaint and concludes the date the parties receive the Appeals Officer's written decision or the date on which an appeal is no longer timely. The District will endeavor to complete the Grievance Process within 90-120 days, absent extenuating circumstances or delays as described below. The District will treat both the Complainant and the Respondent equitably throughout the Grievance Process.

Neither the Title IX Coordinator, the Decision-Maker, the Investigator, Appeals Officer, nor any person designated to facilitate an informal resolution process will have a conflict of interest or bias for or against Complainants or Respondents generally or for or against an individual Complainant or Respondent.

The Grievance Process requires an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence. Credibility determinations may not be based on a person's status as a Complainant, Respondent, or witness.

Throughout the Grievance Process, there is a presumption that the Respondent is not responsible for the alleged conduct unless, in the determination of responsibility, the Decision-Maker finds the Respondent responsible for the alleged conduct.

At any point, the Title IX Coordinator, Investigator, Decision-Maker, or Appeals Officer may temporarily delay the Grievance Process or permit a limited extension of time frames for good cause. Good cause may include, but is not limited to, absence of a party, party's advisor, or witness; concurrent law

enforcement activity; or the need for accommodations (e.g., language assistance or accommodation of disabilities). If there is a delay or extension, the parties will receive written notice of the delay or extension and the reasons for the action.

Any disciplinary action resulting from the Grievance Process will be issued in accordance with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

After the investigation portion of the Grievance Process has concluded, the Decision-Maker will endeavor to issue a determination of responsibility within 30 days, absent extenuating circumstances.

2. Notice of Allegations

Upon receipt of a Formal Complaint, the District must provide written notice to the parties who are known at the time that includes:

- a. a copy of this Policy, which includes the District's Grievance Process, and any informal resolution process;
- b. the sexual harassment allegations, including sufficient details known at the time and with sufficient time so that parties may prepare a response before the initial interview. Sufficient details include parties involved in the incident, if known; the alleged conduct constituting sexual harassment; and the date and time of the alleged incident;
- c. a statement that the Respondent is presumed not responsible for the alleged conduct;
- d. a statement that a determination of responsibility is made at the Grievance Process's conclusion;
- e. a statement that the parties may have an advisor of their choice, who may be an attorney, although any attorney or advisor who is not a District employee will be at the party's own cost;
- f. a statement that the parties will be provided an opportunity to inspect and review any evidence before the investigation report is finalized; and
- g. if the Complainant or Respondent is a student, and the District's Student Code of Conduct addresses false statements by students during an investigation or the disciplinary process, a citation to that portion of the Code of Conduct. If, during the course of an investigation, the Investigator decides to investigate allegations that are not included in the initial notice, the District will provide notice of the additional allegations to the Complainant and Respondent.

3. Informal Resolution

During the Grievance Process, *after* a Formal Complaint has been filed but before a determination of responsibility has been made, the District may offer to facilitate an informal resolution process, or either party may request the informal resolution process. A Formal Complaint must be filed to initiate the informal resolution process.

Informal resolution does not require a full investigation and may encompass a broad range of conflict resolution strategies, including, but not limited to, arbitration, mediation, or restorative justice. The Title IX Coordinator will determine the informal resolution process that will be used, including the person who will facilitate that process.

Informal resolution is not available for a Formal Complaint alleging that an employee sexually harassed a student.

A party is not required to participate in an informal resolution process.

When offering informal resolution, the Title IX Coordinator must (1) provide both parties written notice of their rights in an informal resolution; and (2) obtain written, voluntary consent from both parties to enter into the informal resolution process. The written notice must contain the:

- a. allegations;
- b. informal resolution requirements, including the circumstances under which the informal resolution precludes the parties from resuming a Formal Complaint arising from the same allegations;
- c. right to withdraw from informal resolution and resume the Grievance Process at any time prior to a final resolution; and
- d. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or that could be disclosed.

4. Investigation

The District has the burden of proof and the burden to gather evidence sufficient to reach a determination of responsibility.

a. Investigation Process

The District will not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege unless the person holding the privilege has waived the privilege in writing.

The District may not access, consider, disclose, or otherwise use a party's medical records, including mental health records, which are made and maintained by a healthcare provider in connection with the party's treatment

unless the District obtains that party's voluntary, written consent to do so for the Grievance Process.

The Investigator must provide an equal opportunity for the parties to present witnesses, including fact and expert witnesses, and other inculpatory or exculpatory evidence. The Investigator cannot restrict parties from discussing the allegations under investigation, nor can the Investigator restrict parties from gathering or presenting relevant evidence.

Parties may be accompanied by an advisor of their choice, including an attorney, during the Grievance Procedure. If a party chooses an advisor who is not a District employee, the District is not responsible for any associated costs. The Investigator or Title IX Coordinator may establish restrictions regarding the extent to which the advisor may participate in the proceedings, as long as the restrictions apply equally to both parties (e.g., abusive, disruptive behavior or language will not be tolerated; advisor will not interrupt the investigator to ask questions of witnesses).

The Investigator must provide the date, time, location, participants, and purpose of all hearings (if any), investigative interviews, and meetings, to a party whose participation is invited or expected. Written notice must be provided a sufficient time in advance so that a party may prepare to participate.

As described in Section L of this Policy, retaliation against a person for making a complaint or participating in an investigation is prohibited.

The Investigator must ensure that the Complainant and Respondent have an equal opportunity to inspect and review any evidence obtained as part of the investigation so that each party has the opportunity to meaningfully respond to the evidence before the investigation's conclusion. This evidence includes (1) evidence upon which the District does not intend to rely in reaching a determination regarding responsibility, and (2) inculpatory or exculpatory evidence obtained from any source.

Before the investigation's completion, the Investigator must send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties must have at least 10 calendar days to submit a written response to the Investigator. The party's response must be considered by the Investigator before completing the final investigation report.

b. Investigation Report

The Investigator must create an investigation report that fairly summarizes relevant evidence and submit the investigation report to the Decision-Maker.

At least 10 calendar days before a determination of responsibility is issued, the Investigator must send the investigation report to each party for review and written response. Written responses to the investigation report must be submitted directly to the Decision-Maker.

The Investigator will endeavor to complete the investigation and finalize the report within 60 days.

5. Determination of Responsibility

The Decision-Maker cannot be the same person as the Title IX Coordinator, Investigator, Appeals Officer, or person designated to facilitate an informal resolution process.

Before the Decision-Maker reaches a determination of responsibility, and after the Investigator has sent the investigation report to the parties, the Decision-Maker must:

- a. afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness; and
- b. provide each party with the answers, and allow for additional, limited follow-up questions from each party.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant unless offered to prove that someone other than the Respondent committed the alleged misconduct, or the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent.

If the Decision-Maker decides to exclude questions from either party as not relevant, the Decision-Maker must explain the decision to the party proposing the questions.

The Decision-Maker must issue a written determination of responsibility based on a preponderance of the evidence standard (i.e., more likely than not) simultaneously to both parties. The written determination of responsibility must include:

- c. identification of the sexual harassment allegations;
- d. description of the procedural steps taken from the receipt of the Formal Complaint through the determination of responsibility, including any:
 - i. notification to the parties;
 - ii. party and witness interviews;
 - iii. site visits;
 - iv. methods used to collect evidence; and

- v. hearings held.
 - e. factual findings that support the determination;
 - f. conclusions about the application of any relevant code of conduct, policy, law, or rule to the facts;
 - g. a statement of, and rationale for, the result as to each allegation, including:
 - i. a determination of responsibility;
 - ii. any disciplinary action taken against the Respondent (consistent with Policies 4309, 4407, 4506, 4606, or 5206, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts); and
 - iii. whether remedies designed to restore and preserve equal access to the District's education program or activity will be provided to the Complainant.
 - h. appeal rights.
6. Appeals

Notice of the determination of responsibility or dismissal decision must include notice of the parties' appeal rights.

Both parties may appeal a determination of responsibility or the decision to dismiss a Formal Complaint in whole or in part for the following reasons only:

- a. A procedural irregularity that affected the outcome.
- b. New evidence that was not reasonably available at the time the determination of responsibility or dismissal decision was made that could affect the outcome.
- c. The Title IX Coordinator, Investigator, or Decision-Maker had a conflict of interest or bias for or against the Complainant or Respondent, generally or individually, that affected the outcome.

An appeal must be filed with the Title IX Coordinator within 5 calendar days of the date of the determination of responsibility or dismissal decision.

Upon receipt of an appeal, the Title IX Coordinator will assign an Appeals Officer who will provide both parties written notice of the appeal and an equal opportunity to submit a written statement in support of, or challenging, the determination or dismissal decision.

The Appeals Officer must provide a written decision describing the result of the appeal and the rationale for the result to both parties simultaneously. The Appeals Officer will endeavor to decide an appeal within 30 days.

The Appeals Officer cannot be the same person who acts as the Title IX Coordinator, Investigator, Decision-Maker, or person designated to facilitate an informal resolution process on the same matter. The Appeals Officer also cannot have a conflict of interest or bias against Complainants and Respondents generally or individually.

The determination of responsibility is final upon the date the parties receive the Appeals Officer's written decision or on the date on which an appeal is no longer timely.

G. Dismissal

1. Mandatory Dismissals

The Title IX Coordinator must dismiss a Formal Complaint if:

- a. the Formal Complaint's allegations, even if substantiated, would not constitute sexual harassment as defined in this Policy;
- b. the Formal Complaint's allegations did not occur in the District's programs or activities; or
- c. the Formal Complaint's allegations did not occur in the United States.

2. Discretionary Dismissals

The Title IX Coordinator may dismiss a Formal Complaint if:

- a. the Complainant notifies the Title IX Coordinator in writing that the Complainant wishes to withdraw the Formal Complaint in whole or in part;
- b. the Respondent's enrollment or employment ends; or
- c. specific circumstances prevent the District from gathering evidence sufficient to reach a determination (e.g., several years have passed between alleged misconduct and Formal Complaint filing, Complainant refuses or ceases to cooperate with Grievance Process).

The Title IX Coordinator will promptly and simultaneously notify both parties when a Formal Complaint is dismissed. The notice must include the reasons for mandatory or discretionary dismissal and the right to appeal. Appeal rights are discussed above in Subsection F(6) of this Policy.

Dismissal of a Formal Complaint under this Policy does not excuse or preclude the District from investigating alleged violations of other policy, rule, or law, or from issuing appropriate discipline based on the results of the investigation.

H. Consolidation of Complaints

The Title IX Coordinator or Investigator may consolidate Formal Complaints where the allegations arise out of the same facts or circumstances. Where a Grievance

Process involves more than one Complainant or more than one Respondent, references in this Policy to the singular “party,” “Complainant,” or “Respondent” include the plural, as applicable.

I. Remedies and Disciplinary Sanctions

The District will take appropriate and effective measures to promptly remedy the effects of sexual harassment. The Title IX Coordinator is responsible for the effective implementation of any remedies.

Appropriate remedies will be based on the circumstances and may include, but are not limited to:

1. providing an escort to ensure that the Complainant and Respondent can safely attend classes and school activities;
2. offering the parties school-based counseling services, as necessary;
3. providing the parties with academic support services, such as tutoring, as necessary;
4. rearranging course or work schedules, to the extent practicable, to minimize contact between the Complainant and Respondent;
5. moving the Complainant’s or the Respondent’s locker or work space;
6. issuing a “no contact” directive between the Complainant and Respondent;
7. providing counseling memoranda with directives or recommendations.

These remedies may also be available to any other student or person who is or was affected by the sexual harassment.

The District will impose disciplinary sanctions consistent with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, or individual employee contracts. Discipline may range from warning or reprimand to termination of employment, or student suspension or expulsion.

After a determination of responsibility, the Title IX Coordinator should consider whether broader remedies are required, which may include, but are not limited to:

1. assemblies reminding students and staff of their obligations under this Policy and applicable handbooks;
2. additional staff training;
3. a climate survey; or
4. letters to students, staff, and parents/guardians reminding persons of their obligations under this Policy and applicable handbooks.

If the Complainant or Respondent is a student with a disability, the District will convene an IEP or Section 504 Team meeting to determine if additional or different programs, services, accommodations, or supports are required to ensure that the Complainant or Respondent continues to receive a free appropriate public education. Any disciplinary action taken against a Respondent who is a student with a disability must be made in accordance with Policy 5206B and the Individuals with Disabilities Education Act or Section 504 of the Rehabilitation Act.

J. False Statements

Any person who knowingly makes a materially false statement in bad faith during a Title IX investigation will be subject to discipline, up to and including discharge or permanent expulsion. A dismissal or determination that the Respondent did not violate this Policy is not sufficient, on its own, to conclude that a person made a materially false statement in bad faith.

K. Confidentiality

The District will keep confidential the identity of a person who reports sexual harassment or files a Formal Complaint, including parties and witnesses, except as permitted or required by law or to carry out any provision of this Policy, applicable regulations, or laws.

L. Retaliation

Retaliation (e.g., intimidation, threats, coercion) for the purpose of interfering with a person's rights under Title IX is prohibited. This prohibition applies to retaliation against any person who makes a report, files a Formal Complaint, or participates in, or refuses to participate in a Title IX proceeding. Complaints alleging retaliation may be pursued in accordance with District Policy.

The exercise of rights protected under the First Amendment does not constitute retaliation prohibited by this Section.

When processing a report or Formal Complaint of sexual harassment, pursuing discipline for other conduct arising out of the same facts or circumstances constitutes retaliation if done for the purpose of interfering with that person's rights under Title IX.

Any person who engages in retaliation will be disciplined in accordance with District Policy, as applicable, and any applicable codes of conduct, handbooks, collective bargaining agreements, and individual employee contracts.

M. Training

All District employees must be trained on how to identify and report sexual harassment.

Any person designated as a Title IX Coordinator, Investigator, Decision-Maker, Appeals Officer, or any person who facilitates an informal resolution process must be trained on the following:

1. the definition of sexual harassment;
2. the scope of the District's education programs or activities;
3. how to conduct an investigation and the District's grievance process, including, as applicable, hearings, appeals, and informal resolution processes; and
4. how to serve impartially, including avoiding prejudgment of the facts at issue, conflicts of interest, and bias.

Investigators must receive training on how to prepare an investigation report as outlined in Subsection F(4)(b) above, including, but not limited to, issues of relevance.

Decision-Makers and Appeals Officers must receive training on issues of evidence and questioning, including, but not limited to, when questions about a Complainant's prior sexual history or disposition are not relevant.

Any materials used to train District employees who act as Title IX Coordinators, Investigators, Decision-Makers, Appeals Officers, or who facilitate an informal resolution process must not rely on sex stereotypes and must promote impartial investigations and adjudications of Formal Complaints. These training materials must be posted on the District's website.

N. Record Keeping

The District will maintain records related to reports of alleged Title IX sexual harassment for a minimum of seven years. This retention requirement applies to investigation records, disciplinary sanctions, remedies, appeals, and records of any action taken, such as supportive measures.

The District will also retain any materials used to train Title IX Coordinators, Investigators, Decision-Makers, Appeals Officers, and any person designated to facilitate an informal resolution process.

O. Office for Civil Rights

Any person who believes that he or she was the victim of sexual harassment may file a complaint with the Office for Civil Rights (OCR) at any time:

U.S. Department of Education Office for Civil Rights
Cesar E. Chavez Memorial Building
1244 Speer Boulevard, Suite 310
Denver, CO 80204-3582
Telephone: 303-844-5695
FAX: 303-844-4303; TDD: 800-877-8339

Email: OCR.Denver@ed.gov

An OCR complaint may be filed before, during, or after filing a Formal Complaint with the District. A person may forego filing a Formal Complaint with the District and instead file a complaint directly with OCR. The District recommends that a person who has been subjected to sexual harassment also file a Formal Complaint with the District to ensure that the District is able to take steps to prevent any further harassment and to discipline the alleged perpetrator, if necessary. OCR does not serve as an appellate body for District decisions under this Policy. An investigation by OCR will occur separately from any District investigation.

SEXUAL HARASSMENT AND SEXUAL ASSAULT INFORMATION GUIDE

What is Sexual Harassment?

Sexual harassment is unwanted sexual remarks or behaviors. It can be verbal, physical, or visual. Here are a few examples of sexual harassment.

Verbal:

- Making sexual jokes, comments, or spreading rumors targeted at someone (in person or online)
- Making sexual jokes or comments about students' bodies or how they look or act
- Making jokes or comments about students' masculinity or femininity and/or who they are attracted to or love

Physical:

- Pulling at or touching someone's clothing in a sexual manner (like pulling down someone's pants or snapping a bra strap)
- Touching, pinching, or grabbing someone in a sexual way
- Brushing up against someone's body on purpose

Visual:

- Posting or sharing sexual comments, pictures, or videos
- Pressuring someone to take or send sexual pictures or videos ("nudes")

Sexual harassment can make someone feel many emotions

You may feel scared, uncomfortable, upset, embarrassed or angry.

When it comes to sexual harassment, what matters is how the action makes a person think or feel—not the intention of the person who did it.

Sexual harassment can happen anywhere or to anyone. It can take place in person or online. But no matter where sexual harassment happens, it is never OK. It is wrong and it is against the law.

What is Sexual Assault?

Sexual assault is any sexual act that one person chooses to do to another person without consent (permission) through physical force, threats, or pressure (verbal or emotional).

Here are a few examples of sexual assault:

- Touching someone's genitals, breast, or butt without their permission (consent)
- Unwanted behavior or touch over or under clothes
- Unwanted kissing
- Physically forcing someone to perform a sexual act
- Threatening or pressuring a person to do any sexual act
- Unwanted vaginal, oral, or anal penetration with a body part or object (also known as rape)

**Sexually assaulting another person is wrong and it is against the law.
In Michigan statute, this is called "Criminal Sexual Conduct."**

About Consent

- Consent means that each person agrees or gives permission.
- Anyone can change their mind at any time.
- Consent means each person understands what is going on and agrees to all of it.
- Someone needs to get consent every single time.
- Just because someone said "yes" before, does not mean "yes" now.
- It is not OK to use threats, emotional pressure, or the fact that another person is drunk or high to get what you want.

If someone doesn't consent to sexual acts it is sexual assault.

What if This is Happening to Me?

It is not your fault. You are not alone.

- No one has the right to sexually harass or assault anyone else.
- You have the right to feel safe and respected.
- If you feel like you won't be harmed, tell them this is not okay and to stop.
- Consider telling a trusted adult if any of these behaviors happen to you. If the trusted adult is a teacher, coach, or school staff, they may have to tell someone else (like a principal, parents, etc.). If you're not sure if you are ready or want to tell a trusted adult at your school, you can talk to them without saying it happened to you ("I have a friend who...").
- If the first person isn't helpful, keep trying until you find someone who is.
- Speaking up is a brave thing to do. Don't be afraid to seek help from someone you trust.
- Resources listed on page 4 are available 24/7 to support you.

Scientific research tells us that people who experience traumatic events like sexual harassment and sexual assault have many different responses in their brains, bodies, feelings, and behaviors. However YOU respond to trauma is OK and is normal.

What if This is Happening to Someone I Know?

Believe. Listen. Support.

- Believe them! If someone tells you that someone has sexually harassed or assaulted them, know that it is very hard to tell someone about this and that person trusts and respects you enough to share this information. Let them know that what happened is not their fault and you are there to support them.
- Listen without judgment. Give them space and time to tell you what they feel comfortable sharing.
- Ask how you can support them. What you would need might differ from what your friend needs, so always ask. Let your friend decide who else can know.

School Title IX Coordinator

If someone sexually assaulted or sexually harassed you at school or at a school event, you can choose to talk to your School District's Title IX Coordinator. Part of their responsibilities is to prevent and respond to sexual assault, sexual harassment, and discrimination based on sex and gender. Note: If you report to a Title IX Coordinator, they are required by law to follow up and may conduct an investigation.

If you report a sexual assault or sexual harassment incident, the policies forbid someone from retaliating or doing something to get back at you. See page 5 for your school's Title IX information and other related policies.

This resource was developed in response to Public Act 37 of 2023 by the Michigan Department of Education in partnership with the Michigan Domestic and Sexual Violence Prevention and Treatment Board and the Michigan Coalition to End Domestic and Sexual Violence (MCEDSV).
