Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2022-2023 educational progress for Mason Area Virtual Academy (MAVA). The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact Brandon Bates for assistance.

The AER is available for you to review electronically by [clicking here](#) or you may review a copy in the main office at your child's school.

For the 2023-24 school year, schools were identified based on previous years' performance using definitions and labels as required in the Every Student Succeeds Act (ESSA). A Targeted Support and Improvement (TSI) school is one that had at least one underperforming student subgroup in 2022-23. An Additional Targeted Support (ATS) school is one that had a student subgroup performing at the same level as the lowest 5% of all schools in the state in 2021-22. A Comprehensive Support and Improvement (CSI) school is one whose performance was in the lowest 5% of all schools in the state or had a graduation rate at or below 67% in 2021-22. Some schools are not identified with any of these labels. In these cases, no label is given. Our school has not been given one of these labels.

Our team of stakeholders has identified priorities of focus for the upcoming year, this includes: continuing to implement our Multi-Tiered System of Support (MTSS process) to progress monitor student achievement and support students who are showing deficiencies in their learning as a result of the pandemic. Instructional practices will include relevant Tier II intervention strategies, common vocabulary outlined in our curriculum model and embedded SAT strategies throughout daily instruction.

State law requires that we also report additional information.

1. PROCESS FOR ASSIGNING PUPILS TO THE SCHOOL:

Students who attend Mason Area Virtual Academy (MAVA) come directly from our Middle School building, via transfer, or are accepted as a School of Choice student from neighboring districts.

2. THE STATUS OF THE 3-5 YEAR SCHOOL IMPROVEMENT PLAN:

The School Improvement Plan continues to be modified to meet the curricular and achievement demands for our district. Based on our student achievement data, the need for a guaranteed and viable curriculum has become our district's biggest priority. Through the district strategic planning committee, we have identified a series of needs to support our student achievement goals. Over the next year, these needs will be supported with the appropriate professional development to ensure our staff create an effective and transparent curriculum for the four core academic areas K-12 grades. We will continue to redefine our MTSS model to meet the at risk demands of our students. This includes our restorative justice practices and mental health support.

3. A BRIEF DESCRIPTION OF EACH SPECIALIZED SCHOOL:

We do not have any specialized schools here at Mason Area Virtual Academy.

4. IDENTIFY HOW TO ACCESS A COPY OF THE CORE CURRICULUM, A DESCRIPTION OF ITS IMPLEMENTATION, AND AN EXPLANATION OF THE VARIANCES FROM THE STATE'S MODEL:

Implementation of the Mason Area Virtual Academy (MAVA) core curriculum varies as the State and Federal requirements change, student performance data is reviewed, and student needs evolve. Continual evaluation of these expectations is the guiding factor in revisions to the delivery and assessment of core content. All curricula meet requirements of the Michigan Merit Curriculum, content expectations, and Michigan State Standards (CCSS).
