

Brandon Bates Administrative Report

Date: 2/4/26

- **Terry Davison was chosen as the Golden Apple Award Winner for the month of January.**
- **We will be having a parent and incoming 9th grader meeting on February 19th at 6:00 pm in the High School cafeteria. We look forward to meeting the incoming class and providing them with all the information they need to know to ensure a successful transition to high school.**
- **Despite the cold and days off school, Kelly Roberts and Shawna Lucarelli and the student council did a great job putting together “Winterfest” for the student body. There were dress up days, assemblies, the game on Friday night, and the dance on Saturday.**
- **On February 5th, our juniors will be participating in a “Budget Bootcamp” hosted by the Monroe Community Credit Union. The overall goal for the students is to create a realistic 30-day budget. They will choose a career and then be randomly assigned credit scores. They will then have to make real life decisions at 12 different stations in an effort to stay “on budget”.**
