October 7: Internet Safety from Protect MI Child

Screens are everywhere, and young children are spending more and more time in front of them. Discussion topics will include the following:

- What Steps can I take at home to keep my kids safe while they are online?
- What popular apps are kids using, and are they safe?
- What apps are traffickers or other predators using to contact children and what are their tactics?
- What are the laws in Michigan when it comes to sexting and sextortion?
- What is the Michigan Child Protection Registry and how does it work?
- How can I assist in getting this important information out to more people?

Extension Extras Professional Hour is a free online series of parenting workshops that provide guidance for parents of young children as they navigate the joys, challenges and concerns of parenting.

HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:

https://msu.zoom.us/webinar/register/WN_uH1iJVq9TTeVP-DEzk8Gsw
