### DESCRIPTION:

#### September 23: Young at Art

Art experiences are more than just fun and creative outlets for young children — they are learning opportunities. Visual art, music, drama and pretend play, dance and creative movement all play an important role in the development of skills that will set children up for future academic success. This workshop will help you learn how early art experiences support healthy development and academic success for young children.

Extension Extras Parenting Hour is a free online series of parenting workshops that provides guidance for parents of young children as they navigate the challenges and concerns of parenting.
