

Administrative Report – August 27, 2026

Mason Central Elementary – Debbie McCain

Back-to-School & Open House

Mason Central Elementary is excited to welcome students back for the 2026–27 school year. Our annual Open House will be held on Tuesday, September 1, from 4:00–6:00 p.m. Classrooms are vibrant, welcoming, and ready to create an exciting environment for students as they begin a new school year. A big Thank You to ALL the staff who have worked diligently to ensure our building is prepared for a successful start.

GSRP Pre-K Program

Our GSRP Pre-K Program is fully enrolled with 20 students. Students will begin their school year on September 9. We are excited to welcome our youngest learners and their families to Mason Central.

Positive You Program

Mason Central staff will participate in professional development with the Positive You Program on September 1. This partnership will continue throughout the school year and will provide programming and support for staff, students, and parents.

Key components of the partnership will include:

- Student assemblies focused on empowering students to discover their purpose, make positive choices, and develop confidence.
- Staff professional development designed to strengthen engagement, relationships, and positive classroom impact.
- 4th and 5th grade student focus groups that promote authentic connections, open conversations, and practical life skills.
- Parent presentations throughout the school year to support families and strengthen the home-school connection.

This partnership will provide a consistent focus on student empowerment, positive relationships, and the development of skills that support success both inside and outside of the classroom.

Student Enrollment - Current enrollment by grade level is:

Grade	Enrollment
Kindergarten	62
1st Grade	58
2nd Grade	58

Grade	Enrollment
3rd Grade	70
4th Grade	68
5th Grade	64
Total	380

We currently have approximately 11–13 additional outstanding enrollments that are not reflected in the totals above. We anticipate enrollment numbers will continue to adjust as we finalize registrations and begin the school year.

Looking Ahead

The Mason Central staff is looking forward to welcoming students and families back for another successful school year. We are particularly excited about the opportunities provided through our partnership with Positive You and the continued focus on building strong relationships, empowering students, and creating a positive and engaging school environment.
