### DESCRIPTION:

#### September 2: Working Together to Develop Early Literacy Skills (Infant/Toddler)

While infants and toddlers aren't ready to read just yet, parents and caregivers can learn and practice ways to help children develop a strong foundation for important literacy skills. Participants will learn about the importance of reading on grade level by 3rd grade, learn and understand the components of early literacy such as experiential writing, communicating, vocabulary, and reading and rhyme with infants and toddlers, learn to detect the signs of early literacy difficulties and receive resources to support early literacy development.

Extension Extras Parenting Hour is a free online series of parenting workshops that provides guidance for parents of young children as they navigate the joys, challenges and concerns of parenting. Participants will receive a certificate of attendance.
