DESCRIPTION:

June 17- Introduction to Positive and Adverse Childhood Experiences

ACES (Adverse Childhood Experiences) are traumatic events that occur in childhood and can have an impact throughout our lives. PCES (Positive Childhood Experiences) buffer the impact of ACES. Attendees of this workshop will learn about the landmark ACES study, ACES and health problems, and what steps can be taken to increase positive and protective factors to decrease risk factors for youth.

Extension Extras Parenting Hour is a free online series of parenting workshops that provides guidance for parents of children as they navigate the challenges, joys, and concerns of parenting.

HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:
