DESCRIPTION:

October 15: Essential Skills for Learning and Life

From birth children begin learning about the world around them. There are some essential skills that help set children up for success in learning and in life. Essential Skills for Learning and Life will help parents learn about social emotional intelligence, the critical skills children need to learn and how you can incorporate them into everyday interactions with young children and gain resources to support skill building.

Extension Extras for Professionals is a collection of free online series of childcare workshops that provides guidance for early childhood professionals and caregivers of young children. Trainings are eligible for MIRegistry hours.

HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:

https://msu.zoom.us/webinar/register/WN_QCXKon3RS_CMbyd6tZZyog

Choose October 15 to register for Essential Skills for Learning and Life

After registering, you will receive a confirmation email containing information about joining the meeting.

*** Accommodations should be requested no later than 2 weeks before class**

Michigan State University Extension programs and materials are open to all without regard to race, color, national origin, gender, gender identity, religion, age, height, weight, disability, political beliefs, sexual orientation, marital status, family status or veteran status. Persons with disabilities have the right to request and receive reasonable accommodations.
