## DESCRIPTION:

### September 19- Introduction to Positive and Adverse Childhood Experiences

ACES (Adverse Childhood Experiences) are traumatic events that occur in childhood and can have an impact throughout our lives. PCES (Positive Childhood Experiences) buffer the impact of ACES. Attendees of this workshop will learn about the landmark ACEs study, ACEs and health problems, and what steps can be taken to increase positive and protective factors to decrease risk factors for youth.

Kinship Caregiver lunch and learn workshops are a free Online series of workshops that provide guidance for caregivers of children as they navigate the joys, challenges and concerns of raising children.

## HOW TO REGISTER:

Register in advance for any of the Extension Extras webinar workshops at the following link:

[https://msu.zoom.us/webinar/register/
