

EAGLE EYE

Mason Consolidated Schools
Volume 2, Issue 3

April 2023

Non-Homestead Millage

Friends of Mason Consolidated Schools,

On May 2nd, residents will again have the opportunity to vote on the non-homestead millage. This millage will affect businesses, rental properties, and second homes, but will not impact primary residences. This is not a new tax or ask by our district; in fact, our voters last approved this in 2018. Asking our voters to vote on the non-homestead millage is a requirement imposed on all school districts by the State of Michigan to allow districts to receive full state funding. This funding is known as the foundation allowance and is currently \$9,150 per student. Not passing the non-homestead millage would cause a reduction to this amount of approximately 1.34 million dollars per year. This is a substantial loss of revenue for our schools.

The funds generated from the millage will go towards supporting Mason Consolidated Schools' students and operations. Again, this will not increase taxes for homeowners, and failure to pass the millage will result in significant cuts to school funding. Please research the issue, contact me with questions or concerns, and cast your vote on May 2nd.

Additional information can be found in this issue of the Eagle Eye.

Thank you in advance for your support of Mason Consolidated Schools!

Respectfully,

Kelli A. Tuller

Kelli Tuller
Superintendent

ktuller@eriamason.k12.mi.us

Scan the QR code with your smartphone to watch Superintendent Tuller's informational PSA regarding the millage!

On May 2nd, 2023, Mason Consolidated Schools is asking voters to consider an 18.000-mill Non-Homestead millage.

This proposal does not impact the taxes on residential properties or most agricultural properties; only second homes, commercial, industrial, and some agricultural properties are affected. This is a renewal and restoration of the millage that expired with the 2022 tax levy.

The Non-Homestead millage makes up \$1.34 million of the Mason Consolidated Schools' \$12.8 million total budget. The Non-Homestead millage is essential; this money cannot be replaced with any other funding source. Even though primary households are not affected, state law requires a district-wide election to approve this millage.

In summary:

- This is a renewal of the millage that voters approved in 2018.
- The renewal is for a period of 6 years.
- This tax is assessed against businesses and second homes, NOT homeowners or most agricultural property.
- Residents in the MCS district vote on the renewal.
- This money is used for district operations.
- This money cannot be replaced by other sources.

SPOTLIGHT

Sample Tax Bill

This tax statement below is from an Erie resident.

This resident does not pay operating taxes to the school district, as seen by the bottom portion indicating '09 Mason Oper-05 AMOUNT EXEMPT'. If you look up at the top of the bill, you will see 'Princ. Residence Exemption has reduced Bill By \$ 1562.03'.

This means this homeowner does not have to pay this money for the school district.

Consideration is being asked of all registered voters in our district. This millage outcome will not impact many voters, similar to the Erie resident example, but consideration of the millage is being asked of all and we ask that you vote.

For questions or concerns, please contact Superintendent Tuller.

Winter Season Recap

Another successful winter sport season has come to an end. The boys basketball team captured their 3rd straight Tri-County Conference championships. This championship makes five in a row, counting our last two in the Lenawee County Athletic Association. Seniors Carson Brown and Alex Langenderfer were selected to the All-Region team by the Monroe News!

The girls basketball team also had a great season. They were led by senior Kaylie Bash (All-Region) who was the leading scorer in Monroe County at 16.1 points per game!

Senior Kaylie Bash is Monroe County leading scorer at 16.1 points per game.

We also had several athletes represent Erie Mason at the MHSAA state finals. Our wrestling team was represented at the state finals by senior RJ Cicero. The boys swim team also represented Erie Mason at the state meet thanks to the relay team of Lucas Moore, Brenner Nelson, Mason Reynolds, Cameron Tross, and Garrett Wall.

Thank you athletes, coaches and fans for a wonderful season!

-D. Pollard

Our boys basketball team wins 5th conference championship in a row.

Spring Season Begins

All spring schedules are available on the Erie-Mason Athletics webpage.

One event you don't want to miss is the annual Mason Track and Field Invitational on May 13th, 2023. This is the longest-running track and field invite in Michigan!

Our softball team will be hosting a three team round robin tournament to raise funds for the Chris McClain scholarship on April 29th.

Our boys track team will look to defend their Tri-County Conference and regional titles from last year.

We wish our baseball, softball, co-ed track and co-ed golf teams the best of luck for the upcoming season.

Let's Go Eagles!

ATHLETICS

Central Students Active with Activities

Central Elementary students have been truly impressive lately in their active engagement in both co- and extra-curricular activities. From participating in The Tri-County Science Olympiad, Monroe County Quiz Bowl, Grade 4 Wax Museum, and The Young Author's Program, these students have shown their enthusiasm and dedication towards a wide range of interests.

They have demonstrated their commitment to their passions by putting in the time and effort required to excel, while also showing good sportsmanship and team spirit. We are extremely proud of our students and their accomplishments, and we look forward to seeing them continue to shine in all of their future endeavors.

-D. McCain

Clockwise from right:

- 1) The Quiz Bowl team celebrates their 1st place win at the Monroe County Quiz Bowl competition.
- 2) Science Olympiad teams celebrate placing 6th overall, and 4th grade team took 1st place in the spirit/sportsmanship award.
- 3) Zachary Zmijewski was selected to participate in the finale at Science Olympiad.
- 4) Michigan Chillers author Johnathan Rand visits Central Elementary.
- 5) Our Young Author award winners.

On March 1st, the 4th grade students participated in their annual Wax Museum event! Each student selected a famous person to research. When guests pushed a button on their station, the student would 'come to life' and present a 1-minute snippet about their famous persons' accomplishments and life events! From left to right: Landon Rosenberger as Albert Einstein; Clara Meyer as Sonia Sotomayor; Elliott Synowiec as Alexander Hamilton; Julia Whipple as Amelia Earhart; and Joseph Halterman as John Lennon.

Michigan Dept. of Education Honors MMS

Mason Middle School was recognized by the Michigan Department of Education (MDE) as a "Reward School" for their continued success and achievements dating back to last school year. The MDE formulates a grade card for each school across the state based on a variety of factors. These factors include:

- Proficiency on state math and ELA assessments
- Student growth rate on state math and ELA assessments
- Performance among peers as compared to other schools that have similar demographics
- Student subgroup performance
- Daily student attendance
- Assessment participation by our students

Mason Middle School received their highest marks from the MDE based on their student achievement rates on the state math and ELA assessments, student growth model, and comparison values with other schools in the state of Michigan with similar demographics. As a result of this grade card, MMS was identified as a reward school by the MDE.

Ben Russow, Principal at Mason Middle School commented:

"We are thrilled about the continued results our teachers and students have attained in relation to the expectations set by the MDE. Our teachers have overcome many obstacles to ensure that our students are receiving relevant and effective instruction that supports the academic and social-emotional needs of everyone. This award solidifies the importance of our process and acknowledges the dedication and

hard work of our teachers and support staff. I am very proud of our entire team!"

When asked about the success of Mason Middle School, Kelsey Cole, 6th grade ELA teacher, noted:

"As a staff, we show genuine interest in our students and let them know that getting to know each of them as an individual is essential. We make sure to recognize students' academic and social achievements. Our staff works to be great educators, devoted friends, motivational speakers, content experts, supporters, and entertainers. Our outstanding teachers have a wealth of knowledge and experience and are eager to learn from our learners. Many of our students will come to us from different backgrounds, skill sets, and challenges. We strive to be ready to meet them at whichever point they've reached in their learning."

MMS Mental Health Awareness

This Spring, our Restorative Justice Coordinator Pat Riley teamed up with the ISD's Margot Lechlak to offer a skills-based course to help students dealing with anxiety and depression. This course meets one hour per week and, with parent permission, helps students understand the feelings they are dealing with and teaches skills to minimize the negative effects.

One of the big benefits of the group has been helping students to recognize that they are not alone in experiencing these feelings. One eighth grader expressed, "Being able to connect with people that suffer from anxiety is nice because I know that I'm not alone. It also helps me lower my anxiety by teaching us different methods to control it."

One such skill being taught is how to turn anxious thoughts into positive behaviors. Mr. Riley says, "When students begin to understand that negative feelings don't have to lead to negative behaviors, they begin to take ownership and make positive choices."

Margot Lechlak, the Mental Health Coordinator from the Monroe County ISD, recognizes the need for these programs in schools. She says, "Many of our students experience emotional ups and downs throughout their adolescence. Research indicates that students with solid self-awareness and good coping skills do better academically and socially during their school years and beyond. This term our team is partnering with Mason Middle to implement a skills-based learning group called TRAILS (Transforming Research into Action to Improve the Lives of Students) to support our students' behavioral health. We have offered this group to select 7th & 8th grade students to assist with managing symptoms of worry, stress, and sadness. The group focuses on teaching evidence-based strategies to support emotional health that enables healthy sleep, good social relationships, and optimal academic achievement. We look forward to the ongoing implementation of this 10-week group for terms to come!"

Youth in Government

In March, Mr. Davison and Mrs. Shopshire took 26 High School students to Lansing for the annual Youth in Government conference.

Students participated in a variety of programs, representing the district wonderfully in all of them. Three mock judiciary teams battled out a civil trial against not just the other schools, but two of our own. The team of seniors Cree Jacobs, Autumn Barron, Alexa Chesney, and Ava Konrad took on our other two teams consisting of one made of all Freshman girls, and another team of Junior and Sophomore boys. All three teams showed their litigious prowess. The seniors' team won all 6 preliminary rounds and had a tough defeat in the semi-finals.

Our students participating in the Legislature brought our values and passion to the Capitol Chambers, making all in attendance

recognize we brought positive agents of change. Students Alyssa Abar and Marleigh Butch had their bill Banning the Panic Defense, and Stacy Grix had her bill Ending Solitary Confinement, pass both chambers and eventually get signed by the Governor!

Mason Students represented our district well in the Press Corps, as well as National Issues

Forum. Mr. Davison assisted the other advisors at this year's conference returning as the Hotel Dean and helped with the Legislative Oversight Program by playing a role of a Superintendent being questioned over school safety.

Mason Consolidated once again made our presence known and are looking forward for next year to grow our stellar reputation that this years' batch of students help to continue.

-T. Davison

Mason High School's top graduates

The Monroe News
USA TODAY NETWORK

ERIE – Mason Consolidated Schools announces the top 2023 graduates at Mason High School.

Madison Moore

Parents: Blain and Kelly Moore of LaSalle

Activities and honors: Student Council president; National Honor Society president; Youth in Government; varsity softball; Monroe County Education Association Academic All-Star

Future plans: Study magnetic resonance imaging at Owens Community College

Moore

Angela Mary Kay Sweeney

Parents: Bob and Anne Sweeney of Erie

Activities and honors: Youth ministry leader at St. Joseph Catholic Church, Erie; treasurer of National Honor Society; All-Region varsity volleyball; Monroe County Education Association Academic All-Star; Student Prevention Leadership Team

Future plans: Study theology at Franciscan University, Steubenville, Ohio

Sweeney

Emily Worden

Parents: Paul and Lynn Worden of Erie

Activities and honors: Basketball, softball, track and field; Student Council; National Honor Society

Future plans: Study nursing at the University of Toledo

Worden

Madison Neely

Parents: Joshua and Carly Neely of LaSalle

Activities and honors: Senior class secretary; Student Council treasurer; National Honor Society secretary; Monroe County Academic All-Star; four-year member of Student Prevention Leadership Team

Future plans: Study radiologic technology at Mercy College of Ohio

Neely

Amanda Nadolny

Parents: Tim and Amy Nadolny of Erie

Activities and honors: Health Committee; Student Prevention Leadership Team; National Honor Society; Tri-County Conference All-Conference Award, 2019-2021

Future plans: Study oncology at Monroe County Community College

Nadolny

Alysa Tarjeft

Parents: Mark and Val Tarjeft of Erie

Activities and honors: All As honor roll entire school career; working since sophomore year

Future plans: Study nursing at the University of Toledo

Tarjeft

Cameron Zaleski

Parents: Christopher and Lyndy Zaleski of Erie

Activities and honors: Co-captain of varsity volleyball team; All As honor roll; All-Region and All-League varsity volleyball; TCC academic awards for varsity volleyball and softball

Future plans: Study occupational therapy at Bowling Green State University

Zaleski

Cree Jacobs

Parents: Stephen Jacobs of Erie and Julie Dean of Toledo

Activities and honors: Youth in Government; honor roll; dual-enrollment

Future plans: Study anesthesiology at the American Military University

Jacobs

MASON SENIOR HIGH

PTA Updates

Hello Mason Families and Friends! How fast the 2022-2023 school year went! We are wrapping up our PTA events for this school year. We have monthly meetings during the school year on Wednesdays starting at 6:00 pm with free babysitting provided. Meetings are held at the elementary school. Our last meeting for this school year is May 24th where new PTA board officers will be elected. We would love to see you all there!

Thank you to all who participated in our fundraisers this spring, which included Goodies with Grandparents, Scholastic Book Fair, the detergent and cleaning product sale, donut sales, carnation sales, popcorn sales, and Foertmeyer Flower Sales. We also continue to have participation with School Store purchases, Scrip gift card purchases, and donations of feminine hygiene products. Thank you!

One of our biggest spring events was the Scholastic Book Fair. We were able to raise more than \$4000 to be used towards Scholastic books and items for the classrooms and teachers! Thank you for your support in reading and books!

With the additional fundraising, we were able to continue to provide teachers with Amazon gift cards to use towards classroom needs; we hosted a successful Easter Egg Hunt and family fun day with lots of candy, popcorn, drinks, fun and crafts, and paid transportation costs for upcoming field trips for all students. Thanks to donations and generous families, we also continued to provide feminine hygiene products for each school to be distributed to students in need and available to

all students in the bathrooms.

The Color Run will be on May 7th and is open to everyone. If your child would like to participate and is not a part of the Erie Milers, please plan to provide a white T-shirt and the cost to enter the event is \$10. We have SOLD OUT Purse Bingo for this year and look forward to a fun event on May 13th. We will be hosting a Mother-Son event on May 20th where they will enjoy a round of foot golf. We will be hosting field day for all elementary students on May 31st. Stay tuned to Facebook for more details.

The Mason Eagles PTA Golf Outing will be held again this year! It is going to be on September 24th at Giant Oaks Golf Course in Temperance. More details coming soon!

We will continue to submit information for the Eagle Eye for each publication. If you would like to be part of the Mason Eagles PTA, please reach out to us at masoneaglesPTA@gmail.com or the Facebook page. We are always looking for volunteers, behind-the-scenes help or donations of raffle baskets or items to be used by the students and teachers. Thank you again!

We have more fun planned for the end of the school year! Watch our Facebook page for specific dates and details. Find us and follow us at Mason Eagles PTA.

We have more fun planned for the end of the school year! Watch our Facebook page for specific dates and details. Find us and follow us at Mason Eagles PTA.

Mason Eagles PTA Board: Jenni McClinton (Sachs), President; Katie DeSloover, Vice President; Crystal Hammond, Treasurer; Krista Baird, Secretary; Amber Navarre, Sargent At Arms.

-K. DeSloover

Be sure to like our Facebook page for detail on these upcoming events!

Eagle Wellness Resource Center

By Mr. Don Traviss, LBSW, Restorative Justice Coordinator

"Step Up for School" Wellness Program

It has been a great opportunity for our school to be part of the "Building Healthy Communities: Step Up for School Wellness" program. Together with our team of Step Up for School Wellness coaches, we continue to make healthy eating, nutrition education, physical activity and physical education, social & emotional health, and staff well-being a top priority. We are in the process of implementing the resources we received so we can continue to build our culture of wellness. This focus on well-being for our students and staff has a positive impact on teaching, learning and academic achievement. These efforts benefit all students and staff and will lead to healthy behaviors that can last a lifetime.

As part of our commitment to well-being, we want to encourage walking for everyone! Walking is one easy way to incorporate physical activity into a regular routine and create a lifelong habit. Regardless of fitness level, walking is an activity that most students and adults can do. Here are a few ways to support more walking:

When you drive somewhere, park the farthest distance from the door.

If you are planning to talk with someone on the phone, get up and walk at the same time!

Consider asking a high school sports team to walk with younger students once a week.

Walk-n-Talk with your child (ren) when they get home from school, at the end of your workday, or after eating a meal. This is a great time to learn more about each other's day.

Talk to your school administrators and determine how to incorporate more walking activities for students, staff, and the community before and after school.

Engage local sports businesses to donate walking shoes or sponsor a walk-run program with donations of water bottles, t-shirts, fun shoelaces, etc.
