

Debbie McCain - Administrative Report

Date: August 11, 2020

- The on-line registrations are coming in and we are setting up office appointments for parents to complete the paperwork. The enrollment numbers are looking great.
- The enrollment for Great Start Readiness Program PREK has been off to a slow start. We have approximately 10 enrollments and we are able to have 16 in the program.
- We currently have approximately 30 students that have opted for the remote learning option for the fall. Staffing and class lists will be refined after the Aug. 17th option deadline.
- The staff is working on creating a short introductory open house video from each teacher for the parents and students to view on-line. The kindergarten team is developing a plan for an open house/orientation type event for our new kindergarten families. All safety precautions and recommendations will be followed. The date will be set prior to the first day of school.
- The consolidated grant has been submitted and we are waiting on the approval from our MDE consultant.
- The staff have been working closely in their grade level teams to prepare for the first day of school. I am very proud of our staff and their commitment to the students.
