

Brandon Bates Administrative Report

Date: 8/17/20

- **Families have begun making their selections for learning in the fall. As of right now we have 22 students that have elected for fulltime remote learning. The deadline to opt into full remote learning is August 17th.**
- **Graduation is Friday! I will be so relieved and happy to send off these seniors in the way they deserve to be! We had 76 seniors in the class and 68 will be participating in commencement. Sierra Ellis and Bryce Floyd will be our student speakers.**
- **We are finishing up our second week of Summer School. The students and staff have done a great job of completing their coursework while observing the required social distancing guidelines.**
- **Once we have a definitive count of students in each class, we will begin arranging rooms to meet the social distancing guidelines. Some teachers with smaller rooms will be temporarily moving to larger rooms.**
