## Report *Mason Consolidated Schools*

### TNG On-Site at Mason High

### School **Hershey Ice Cream in the House!**

Mason High has started selling Hershey Smart Snack-approved ice cream treats daily. So far, the students have enjoyed trying all the different flavors. Mindy is working on a menu to help clearly show item names with corresponding prices.

## TNG On-Site at Mason

### Consolidated **Thankful for YOU!**

This year, the High School served a delicious Thanksgiving meal that included turkey with gravy, mashed potatoes, green beans and stuffing for the high school students. The High School staff made their classic pumpkin pudding dessert and Central Elementary students were treated to sugar cookies with printed turkeys on them.

We are thankful to serve our students and staff daily!

# Post-Pandemic Participation

## Update **November Sales**

	Budget	Actual	
<i>Breakfast</i>	222	266	Breakfast and ala carte sales continue to grow from October. Lunch sales were a bit lower this month due to Thanksgiving break and some student field trips where we had missing students during lunch periods. We continue to look for new menu items to change things up every now and then, while still making sure we menu the student favorites to keep them coming back!
<i>Lunch</i>	490	485	
<i>Ala-Carte</i>	205	289
